David Allen,1978-05-17 This CliffsNotes guide includes everything you ve come to expect from the trusted experts at CliffsNotes including analysis of the most widely read literary works **Women of Mystery** Martha Hailey DuBose,2000-12-11 In this remarkable book Martha Hailey DuBose has given those multitudes of readers who love the mystery novel an indispensable addition to their libraries Unlike other works on the subject Women of Mystery is not merely a directory of the novelists and their publications with a few biographical details DuBose combines extensive research into the lives of significant women mystery writers from Anna Katherine Green and Mary Roberts Rinehart with critical essays on their work anecdotes contemporary reviews and opinions and some of the women s own

comments She takes us through the Golden Age of the British women mystery writers Christie Sayers Marsh Allingham and Tey to the leading crime novelists of today focused on the women who have become legends of the genre And though she laments so many mysteries so little time she makes a good effort a mentioning some of the best of the rest When DuBose writes of the lives of her principal players she relates them to their times their families their personal situations and above all to their books She subtly points out that Sayers whose experience with the men in her life was inevitably disastrous created in Lord Peter the ideal lover one who is all that a woman desires and needs DuBose gives us the curriculum vitae that Dorothy Sayers created to help her bring Peter Wimsey to a virtual actuality Ngaio Marsh would give up an active presence in the theatrical world she loved but she recreated it for herself as well as her readers in many of her novels The biographies of these woman are as engrossing as the stories they wrote and Martha DuBose has shined a different intimate and intriguing light on them their works and the lives that informed those works This book is so full of treasure it s hard to see how any mystery enthusiast will be able to do without it And what a gift it would make for anyone on your list who has been heard to announce I love a mystery Some of the treats inside In the Beginning The Mothers of Detection Anna Katherine Green Mary Roberts Rinehart A Golden Era The Genteel Puzzlers Agatha Christie Dorothy L Sayers Ngaio Marsh Margery Allingham Josephine Tey Modern Motives Mysteries of the Murderous Mind Patricia Highsmith P D James Ruth Rendell Mary Higgins Clark Sue Grafton and more

Ocular Proof and the Spectacled Detective in British Crime Fiction Lisa Hopkins,2023-05-31 From Sherlock Holmes onwards fictional detectives use lenses Ocular Proof and the Spectacled Detective in British Crime Fiction argues that these visual aids are metaphors for ways of seeing and that they help us to understand not only individual detectives methods but also the kinds of cultural work detective fiction may do It is sometimes regarded as a socially conservative form and certainly the enduring popularity of Golden Age writers such as Christie Sayers Allingham and Marsh implies a strong element of nostalgia in the appeal of the genre The emphasis on visual aids however suggests that solving crime is not a simple matter of uncovering truth but a complex sophisticated and inherently subjective process and thus challenges any sense of comforting certainties Moreover the value of eye witness testimony is often troubled in detective fiction by use of the phrase the ocular proof whose origin in Shakespeare s Othello reminds us that Othello is manipulated by Iago into misinterpreting what he sees The act of seeing thus comes to seem ideological and provisional and Lisa Hopkins argues that the kind of visual aid selected by each detective is an index of his particular propensities and biases
