Fashioning Inequality The Multinational Company And Gendered Employment In A Globalizing World:

Fashioning Inequality Juanita Elias, 2004 *Fashioning Inequality* studies the impact of gender relations on the operations of multinational firms highlighting the role of recruitment practices and through this analysis provides a critique of the notion of the progressive firm that has dominated liberal writings on economic globalization *Gendered Struggles against Globalisation in Mexico* Dr Teresa Healy, 2013-03-28 Teresa Healy here examines resistance within Mexican society during a period of sustained crisis at the regional and national level as well as at the level of world order She analyzes how working class men organized to fight for the recognition of their citizenship rights how they defended those rights when faced with repression and economic restructuring and how they contested the terms of globalization as it wrested from them their masculine identity of worker fathers Healy also demonstrates how these men battled employers and masculinized political power at every level within the state to maintain their livelihoods and resist the feminization of their work and their own identities These were gendered struggles against globalizations as they were experienced and carried out by men The volume uncovers the limits and possibilities of working class men and women in transforming the conditions in which they live and work and highlights the diversity and rich political history of social movements in Mexico The Oxford Handbook of Feminist Theory Lisa Disch, Mary Hawkesworth, 2018-02-01 The Oxford Handbook of Feminist Theory provides a rich overview of the analytical frameworks and theoretical concepts that feminist theorists have developed to explicate the known world Featuring leading feminist theorists from diverse regions of the globe this collection delves into fifty subject areas demonstrating the complexity of feminist challenges to established knowledge while also engaging areas of contestation within feminist theory **Handbook on the International Political Economy of Gender** Juanita Elias, Adrienne Roberts, 2018-02-23 This Handbook brings together leading interdisciplinary scholarship on the gendered nature of the international political economy Spanning a wide range of theoretical traditions and empirical foci it explores the multifaceted ways in which gender relations constitute and are shaped by global politico economic processes It further interrogates the gendered ideologies and discourses that underpin everyday practices from the local to the global The chapters in this collection identify analyse critique and challenge gender based inequalities whilst also highlighting the intersectional nature of gendered oppressions in the contemporary world order **Liberating Economics, Second Edition** Drucilla Barker, Suzanne Bergeron, Susan F. Feiner, 2021-02-08 In this brand new critical analysis of economics Barker Bergeron and Feiner provide a feminist understanding of the economic processes that shape households labor markets globalization and human well being to reveal the crucial role that gender plays in the economy today With all new and updated chapters the second edition of *Liberating Economics* examines recent trends in inequality global indebtedness crises of care labor precarity and climate change Taking an interdisciplinary and intersectional feminist approach the new edition places even more emphasis on the ways that gender race class sexuality and nationality shape the economy It also highlights the

centrality of social reproduction in economic systems and makes connections between the economic circumstances of women in global North and global South Throughout the authors reject the idea that there is no alternative to our current neoliberal market economy and offer alternative ways of thinking about and organizing economic systems in order to achieve gender equitable outcomes Written in an accessible and engaging style this book will be of interest to students and scholars across a range of fields policymakers and any reader interested in creating just futures

The Gender Question in Globalization

Francien van Driel,2020-11-25 Orthodox views of globalization assume that it has the same features and impact everywhere i e the feminization of poverty labour and even peace As these ideas circulate in official documents and scientific writings they settle practically as truths This challenging and unique book is amongst the first to deconstruct these orthodoxies using a multi layered gender analysis where globalization is not treated as a linear and top down process with a known outcome and a pre conceived definition of gender Instead the authors scrutinize the dynamics of each context on its own merits including the agency of women and men resulting in unexpected and groundbreaking insights into the variety of differences apparent even in sometimes seemingly similar global processes Through this gender lens different and new meanings of gender appear rooted in multiple modernities The book will be a seminal contribution to debates in the fields of international labour sexuality identity feminism peace studies and migration

Critical International Political Economy Stuart Shields,Ian Bruff,Huw Macartney,2011-02-01 Amidst the continued debate surrounding the foundations of IPE coupled with recent methodological and theoretical divides this book argues that an attempt should be made to re visit the notion of the critical The challenge posed by contributors to this volume is to assess the development of so called critical IPE and interrogate whether the theoretical foundations it was built upon have reached their potential The essays in this volume take up this challenge in a number of different ways but all share a common concern to re assess the purpose of critical approaches reflect on why certain social theorists have been favoured as a point of departure yet others have largely been ignored In light of recent debates on the notion of a trans Atlantic divide within IPE the collection the contributors aim demonstrates how the distinction between the critical and the orthodox or empirical is only significant if the critical is geared towards a larger more substantial body of critical social enquiry and engages with what it means to conduct such enquiry

Encountering the Transnational Ms Meena Sharify-Funk,2013-03-28 When Muslim women from diverse national and cultural contexts meet one

another through transnational dialogue and networking what happens to their sense of identity and social agency Addressing this question Meena Sharify Funk encountered women activists and intellectuals in North America the Middle East South Asia and Southeast Asia women whose lives and visions have become linked by the transnational despite their differing circumstances and intellectual backgrounds The resultant work provides a rich and cliché bursting account of women's reflections on a wide range of topics including the status of women in Islam the role of women as interpreters of religious norms the relationship between secular and religious forms of self identification perceptions of Islamic Western relations experiences of marginalization and opportunities for empowerment Giving careful attention both to common threads in Muslim women's experiences and to the unique voices of remarkable women this is a compelling account of conversations that are bringing new energy and dynamism into women's activism in a world of collapsing distances Routledge Handbook of International Political Economy (IPE) Mark Blyth, 2009-06-02 Providing an overview of the range and scope of International Political Economy scholarship this important work maps the different regional schools of IPE and notes the distinctive way IPE is practiced and conceptualized around the world *Renewing International Labour Studies* Marcus Taylor, 2013-09-13 This volume seeks to re-energise the paradigm of the New International Labour Studies by detailing how struggles over the construction reproduction utilisation and restructuring of labour forces are the contested social foundations upon which the global economy stands Through a combination of theoretical works and a series of case studies the volume highlights the cutting edge of international labour studies Its expands on three pivotal areas of study within the discipline 1 the social construction of new labour forces across an expanding international division of labour 2 the self organising potential of workers particularly within non traditional sectors and 3 the possibilities for transborder labour movements to help address the asymmetrical power relationships between globalised capital and localised labour In addressing these themes the volume helps explain not only how the contemporary international division of labour is produced and reproduced but also the strengths and limits to current attempts to overcome its unequal and divisive nature This book was published as a special issue of Third World Quarterly Visual Global Politics Roland Bleiker, 2018-02-13 We live in a visual age Images and visual artefacts shape international events and our understanding of them Photographs film and television influence how we view and approach phenomena as diverse as war diplomacy financial crises and election campaigns Other visual fields from art and cartoons to maps monuments and videogames frame how politics is perceived and enacted Drones satellites and surveillance cameras watch us around the clock and deliver images that are then put to political use Add to this that new technologies now allow for a rapid distribution of still and moving images around the world Digital media platforms such as Twitter YouTube Facebook and Instagram play an important role across the political spectrum from terrorist recruitment drives to social justice campaigns This book offers the first comprehensive engagement with visual global politics Written by leading experts in numerous scholarly disciplines and presented in accessible and

engaging language Visual Global Politics is a one stop source for students scholars and practitioners interested in understanding the crucial and persistent role of images in today s world *Ethics, Law and Society* Søren Holm,2019-09-11 This key collection brings together a selection of papers commissioned and published by the Cardiff Centre for Ethics Law Society It incorporates contributions from a group of international experts along with a selection of short opinion pieces written in response to specific ethical issues The collection addresses issues arising in biomedical and medical ethics ranging from assisted reproductive technologies to the role of clinical ethics committees It examines broader societal issues with particular emphasis on sustainability and the environment and also focuses on issues of human rights in current global contexts The contributors collect responses to issues arising from high profile cases such as the legitimacy of war in Iraq to physician related suicide The volume will provide a valuable resource for practitioners and academics with an interest in ethics across a range of disciplines 'Innocent Women and Children' R. Charli Carpenter,2016-05-23 Examining the influence of gender constructs on the international regime protecting war affected civilians R Charli Carpenter examines how in practice belligerents advocates and humanitarian players interpret civilian immunity so as to leave adult civilian men and older boys at grave risk in conflict zones Providing a wealth of ground breaking case studies the author argues that in order to understand the way in which laws of war are implemented and promoted in international society we must understand how gender ideas affect the principle of civilian immunity Each case study demonstrates the importance of assumptions about gender relations in shaping international politics and in developing a framework for incorporating an attention to gender into the often gender blind scholarship on international norms As such this book will be of interest to international relations theorists and to human rights scholars students and activists alike
