**Schooling the Child** Helena Austin, Bronwyn Dwyer, Peter Freebody, 2005-08-19 What is a child How is the concept of childhood defined This book aims to explore these perennial and complex questions by looking at the way in which society constructs and understands childhood The authors focus in particular on the school a key location within which social and cultural notions of childhood are defined and performed The book is divided into three major parts Part 1 frames the

accepted notions of childhood and schooling and introduces ethnomethodological analysis as a tool to rethink current versions of the child Part 2 focuses on how school students become members of a category within the institution of the classroom The authors explore this idea through transcripts of talk between teachers and students and amongst students themselves in two classroom studies Part 3 looks at the materials of education concentrating specifically on children's texts The authors examine how such texts portray a notion of the child within the story and also assume a notion of the child as reader of the story This important book shows how much is at stake for children in accepting adults' deep-seated notions of childhood It will be of great interest to educational researchers and policy makers sociologists of childhood teachers and student teachers

*Literacy, Place, and Pedagogies of Possibility* Barbara Comber, 2015-07-30 How can teachers ensure a pedagogy of possibility underpinned by social justice and what has literacy got to do with this This book explores the positive synergies between critical literacy and place-conscious pedagogy Through rich classroom research it introduces and demonstrates how a synthesis of insights from theories of space and place and literacy studies can underpin the design and enactment of culturally inclusive curriculum for diverse student communities and illustrates how making place and space the objects of study provide productive resources for teachers to design enabling pedagogical practices that extend students' literate repertoires The argument is that systematic study of and engagement with specific elements of place can enable students' academic learning and literacy *Literacy Place and Pedagogies of Possibility* is informed by critical literacy place-conscious pedagogy and spatial theory is richly illustrated with examples from classroom research including teacher and student artifacts provides new directions for classroom practice in critical literacy This novel combination of multidisciplinary theory and classroom research extends previous work in critical literacy pedagogy drawing on two decades of ethnographic and collaborative inquiry in classrooms situated in culturally and linguistically diverse classrooms

*After Postmodernism* Richard Smith, Philip Wexler, 2005-09-27 This work presents a set of thematic essays aimed at clarifying the educational problems and paradoxes of postmodern educational conditions and theory The major concerns of the book are the possibility of achieving substantive political objectives and of theorising such possibilities These concerns arise from a dissatisfaction with the organisational and political conditions of postmodern educational practice The seeming inability of academics to intervene in the public sector especially in matters of equality provides a driving force to the book For individuals who care about the future of education and its role in social reconstruction the pessimistic nature of postmodern theories of society and education is an additional impetus for the book All the chapters exemplify the issues that confront lecturers in contemporary university teacher education contexts A notable feature of the book is a theme that current theorisation about education and society are historically outmoded and that the future lies in post-postmodern theories

**Governing the Child in the New Millennium** Kenneth Hultqvist, Gunilla Dahlberg, 2013-01-11 The contributors and editors of this volume begin from the assumption that the changes wrought by globalization compel us to reflect upon the status of the child and

childhood at the end of the 20th century Their essays consider what techniques and technologies are used to govern the child what role the family plays what is global and what is culturally specific in the changes and how the subject is constructed and construed

**Think Sociology** John Carl,Sarah Baker,Brady Robards,John Scott,Wendy Hillman,Geoffrey Lawrence,2011-08-16 THINK Currency THINK Issues THINK Relevancy THINK Sociology With an engaging visual design and just 15 chapters THINK Sociology is the Australian Sociology text your students will want to read This text thinks their thoughts speaks their language grapples with the current day problems they face and grounds sociology in real world experiences THINK Sociology is informed with the latest research and the most

contemporary examples allowing you to bring current events directly into your unit with little additional work     A History of Literacy Education Robert J. Tierney, P. David Pearson, 2021 The scope and nature of this account of the modern history of reading literacy education especially tied to the aspirational readers are unique Enlisting the metaphor of waves it traces monumental shifts in theory research and practice related to reading education and literacy that represent developments that verge on revolutionary changes Each of these waves is accompanied with a discussion of the aspirational reader that sets the stage for contemplating these shifts and their significance The discussions trace the research and theoretical developments in a fashion that exemplifies the origins of the shifts and their influences     **Intermediality** Ladislaus Semali, 2018-02-02 With the ever growing proliferation of electronic and other popular media the complexity of relationship between what students see and hear what they believe and how they interact with one another underscores now more than ever the need for across the curriculum teaching of critical thinking critical reading and critical viewing skills The emerging consensus is that teaching critical viewing skills bolsters students abilities in traditional disciplines combats problems of youth apathy violence and substance abuse and improves students parents and teachers attitudes toward school Intermediality Teachers Handbook of Critical Media Literacy challenges the practice of teaching the classics and the canon of acceptable literary works far removed from students experiences with emphasis on learning environment over the presentation of any specific or specified content The authors Ladislaus Semali and Ann Watts Pailliotet present literacy education as intermedial in nature it entails constructing connections among varying conceptions and sign systems Reading printed texts requires more than simply decoding letters into words or sounds it involves finding meaning motive structure and affect The same goes for reading the electronic text The authors argue for the discourse of literacy to take up a critical stance by examining a whole wide array of texts that form the meaning making process of the looming information age Intermediality examines extends and synthesizes the existing literary definitions texts theories processes research and contexts It brings into focus the possibilities of working with media texts to address questions adapted from linguists and literary educators Thus in this book critical media literacy becomes a competency to read interpret and understand how meaning is made and derived from print photographs and other electronic and graphic visuals     **Dressed for War** Nina Edwards, 2014-10-27 Men in khaki and grey squatting in the trenches women at work gender bending in goggles and overalls over their trousers a girl at the Paris theatre in pleated beaded silk a bangle on her forearm made from copper fuse wire from the Somme What people wear matters Copiously illustrated this book is the story of what people on both sides wore on the front line and on the home front through the seismic years of World War I Nina Edwards reveals fresh aspects of the war through the prism of the smallest details of personal dress of clothes hair and accessories both in uniform and civilian wear She explores how during a period of extraordinary upheaval and rapid change a particular preference for a type of razor blade or perfume say or the just so adjustment to the tilt of a hat offer insights into the individual experience of men women

and children during the course of World War I      [Girlhood and the Politics of Place](#) Claudia Mitchell, Carrie Rentschler, 2016  
Examining context specific conditions in which girls live learn work play and organize deepens the understanding of place making practices of girls and young women worldwide Focusing on place across health literary and historical studies art history communications media studies sociology and education allows for investigations of how girlhood is positioned in relation to interdisciplinary and transnational research methodologies media environments geographic locations history and social spaces This book offers a comprehensive reading on how girlhood scholars construct and deploy research frameworks that directly engage girls in the research process
