and decorating ships and other art objects that circulated on land and by sea to glorify the Crown Challenging the notion that human bondage vanished from continental France this cross disciplinary volume invites a reassessment of servitude as a visible condition mode of representation and symbol of sovereignty during Louis XIV s reign **Love and Louis XIV** Antonia Fraser,2010-06-25 The superb historian and biographer Antonia Fraser author of Marie Antoinette casts new light on the splendor and the scandals of the reign of Louis XIV in this dramatic illuminating look at the women in his life The self proclaimed Sun King Louis XIV ruled over the most glorious and extravagant court in seventeenth century Europe Now Antonia Fraser goes behind the well known tales of Louis s accomplishments and follies exploring in riveting detail his intimate relationships with women The king s mother Anne of Austria had been in a childless marriage for twenty two years before she gave birth to Louis XIV A devout Catholic she instilled in her son a strong sense of piety and fought successfully for his right to absolute power In 1660 Louis married his first cousin Marie Th r se in a political arrangement While unfailingly kind to the official Queen of Versailles Louis sought others to satisfy his romantic and sexual desires After a flirtation with his sister in law his first important mistress was Louise de La Valli re who bore him several children before being replaced by the tempestuous and brilliant Ath na s marquise de Montespan Later when Ath na s s reputation was tarnished the King continued to support her publicly as Ath na s left court for a life of repentance Meanwhile her children s governess the intelligent and seemingly puritanical Fran oise de Maintenon had already won the King s affections in a relationship in complete contrast to his physical obsession with Ath na s Louis XIV lived happily with Madame de Maintenon for the rest of his life very probably marrying her in secret When his grandson s child bride the enchanting Adelaide of Savoy came to Versaille she lightened the King s last years until tragedy struck With consummate skill Antonia Fraser weaves insights into the nature of women s religious lives as well as such practical matters as contraception into her magnificent sweeping portrait of the king his court and his ladies *The Versailles Effect* Mark Ledbury,Robert Wellington,2020-12-10 The essays in this volume show that Versailles was not the static creation of one man but a hugely complex cultural space a centre of power but also of life love anxiety creation and an enduring palimpsest of aspirations desires and ruptures The splendour of the Ch teau and the masterpieces of art and design that it contains mask a more complex and sometimes more sordid history of human struggle and achievement The case studies presented by the contributors to this book cannot provide a comprehensive account of the Palace of Versailles and its domains the life within its walls its visitors and the art and architecture that it has inspired from the seventeenth century to the present day from the palace of the Sun King to the Penthouse of Donald Trump However this innovative collection will reshape or even radically redefine our understanding of the palace of Versailles and its posterity *The Sun Rising Through Vapour* Paul Spencer-Longhurst,2003 Central to Turner s early career was his series of oil paintings and works on paper depicting seascapes from around the British Isles **The Ship that Came Home** A. William Purdue,2004 This work presents a history of an important northern family which

Orientalism in Early Modern France Ina Baghdiantz McCabe, 2008-07-15 Francis I's ties with the Ottoman Empire marked the birth of court sponsored Orientalism in France Under Louis XIV French society was transformed by cross cultural contacts with the Ottomans India Persia China Siam and the Americas The consumption of silk cotton cloth spices coffee tea china gems flowers and other luxury goods transformed daily life and gave rise to a new discourse about the Orient which in turn shaped ideas about economy and politics specifically absolutism and the monarchy An original account of the ancient regime this book highlights France's use of the exotic and analyzes French discourse about Islam and the Orient

Crowning Glories Harriet Stone, 2019-01-01 *Crowning Glories* integrates Louis XIV's propaganda campaigns the transmission of Northern art into France and the rise of empiricism in the eighteenth century three historical touchstones to examine what it would have meant for France's elite to experience the arts in France simultaneously with Netherlandish realist painting In an expansive study of cultural life under the Sun King Harriet Stone considers the monarchy's elaborate palace decors the court's official records and the classical theatre alongside Northern images of daily life in private homes urban markets and country fields Stone argues that Netherlandish art assumes an unobtrusive yet for the history of ideas surprisingly dramatic role within the flourishing of the arts both visual and textual in France during Louis XIV's reign Netherlandish realist art represented thinking about knowledge that challenged the monarchy's hold on the French imagination and its efforts to impose the king's portrait as an ideal and proof of his authority As objects appreciated for their aesthetic and market value Northern realist paintings assumed an uncontroversial place in French royal and elite collections Flemish and Dutch still lifes genre paintings and cityscapes however were not merely accoutrements of power acquisitions made by those with influence and money *Crowning Glories* reveals how the empirical orientation of Netherlandish realism exposed French court society to a radically different mode of thought one that would gain full expression in the *Encyclopédie* of Diderot and d'Alembert **The Grove Encyclopedia of Decorative Arts** Gordon Campbell, 2006-11-09 The *Grove Encyclopedia of Decorative Arts* covers thousands of years of decorative arts production throughout western and non western culture With over 1 000 entries as well as hundreds drawn from the 34 volume *Dictionary of Art* this topical collection is a valuable resource for those interested in the history practice and mechanics of the decorative arts Accompanied by almost 100 color and more than 500 black and white illustrations the 1 290 pages of this title include hundreds of entries on artists and craftsmen the qualities and historic uses of materials as well as concise definitions on art forms and style Explore the works of Alvar Aalto Charles and Ray Eames and the Wiener Werkstätte or delve into the history of Navajo blankets and wing chairs in thousands of entries on artists craftsmen designers workshops and decorative art forms *Art of the Royal Court*
