Fantasy Bond The Structure Of Psychological Defenses:

The Fantasy Bond Robert W. Firestone, Joyce Catlett, 1987-04-01 Dr Firestone offers vivid and accurate description of a sort of bondage shared by millions of men and women throughout the western world The work outlines a systematic multidimensional approach to therapy designed to deal with each aspect of the patient's defensive life style and maladaptive behavior the idealization of parents and family the critical view of self the withholding of affectional responses and capabilities the reliance on self nourishing habits and pain killers and the bonds or imaginary connections with mate and children Particularly notable is the author's description of an innovative and powerful therapy Voice Therapy which effectively breaks into these bonds by challenging the patient's negative view of self Voice Therapy will prove to be an important addition to the clinician's repertoire of therapeutic techniques

The Fantasy Bond Robert Firestone, Joyce Catlett, 1985

Daring to Love Tamsen Firestone, 2018-05-01 Why do we push love away In *Daring to Love* Tamsen and Robert W Firestone outline powerful techniques based in Robert Firestone's groundbreaking voice therapy a process of giving spoken word to unhealthy patterns to help readers identify the internal barriers that cause them to sabotage their love life Using the strategies in this book readers will learn to communicate better open themselves up to vulnerability and build the intimate lasting relationships they truly desire

Beyond Death Anxiety Robert Firestone, Joyce Catlett, 2009-07-20 This book fruitfully serves those looking to apply Ernest Becker's ideas psychotherapeutically in individual counseling or in group therapy A capstone to Robert Firestone's 50 years of work in psychotherapy psychoanalysis and psychiatry and to the numerous books written by these authors Firestone and Catlett show how to apply the themes and implications of the ideas of Ernest Becker in everyday life Their basic premise is that accepting death is part of developing an affirming and meaningful experience of life Contributing to the credibility of their presentation is the wealth of clinical evidence and personal experience Firestone and Catlett incorporate The Ernest Becker Foundation Fascinating and an enjoyable read steeped in well researched and relevant psychological and sociological perspectives applicable to all social studies areas Carol Lloyd University of Chichester Firestone and Catlett's work is a marvelous achievement This volume is both innovative and intrepid Firestone and Catlett challenge prevailing psychoanalytic views on death and they demolish many of the accepted canons of thanatology and existential psychology This is required reading for anyone who purports to talk about death Jerry Piven PhD Author of *Death and Delusion A Freudian Analysis of Mortal Terror* A towering synthesis of personal and clinical wisdom about death with a superb overview of the psychology of death and death anxiety Dr Firestone draws on the best of the existential humanistic as well as the psychoanalytic thinkers to address a flourishing path toward self realization Kirk J Schneider PhD Author *Existential Integrative Psychotherapy and Awakening to Awe* From the Foreword Firestone and Catlett's groundbreaking volume assists mental health practitioners in helping their clients learn to accept and face their mortality They describe the many defenses of death anxiety that keep individuals from achieving personal

fulfillment and also suggest methods to cope directly with fears of death an approach that ironically can lead to more satisfaction more freedom and a greater appreciation for the gift of life This book examines the many destructive consequences of death anxiety including introversion depression and withdrawal from life Throughout the book the authors demonstrate the importance of achieving what they call life affirming death awareness Key topics include The dawning awareness of death and its impact on the developing child Literal and symbolic defenses against death anxiety Separation theory and the fantasy bond Challenging the defenses that interfere with living fully Microsuicide the death of the spirit Breaking with limiting religious dogma and cultural worldviews With this book mental health practitioners and their clients will be able to better understand death awareness overcome the defenses against death anxiety and ultimately lead richer more fulfilling lives

The Ethics of Interpersonal Relationships Joyce Catlett, Robert W. Firestone, 2018-03-28 Writing this book springs from a deep feeling for people and a grave concern that without a proper understanding of the reasons for their inhumanity in relation to one another and the development of a compassionate world view it is likely that human beings may eventually destroy themselves and life on the planet This work is an attempt to explain the source of destructive behaviour and how it manifests itself in personal relationships between men women couples and families and in the social arena The author presents a position that offers a hope of altering the destiny of humankind s unethical behavior through better psychological understanding and education Understanding the source of a person s aggressiveness in defending the fantasy bond and learning to cope with the voice process have strong implications for child rearing and better mental health practices

C.G. Jung's Complex Dynamics and the Clinical Relationship Brenda A. Donahue, 2003 This book attempts to link Jung s theories of complex and archetype with processes involved in ego development human relationship and attachment by using clinical examples It is one way for therapists to understand Jung s ideas and use them in the clinical setting The purpose of the book is to evoke questions rather than provide answers When we ask what it is that transforms people in therapy we must answer that we do not know Healing is a mystery This book provides multiple viewing points into mystery and highlights the undeniable fact that it appears within the clinical hour The ideas presented in this book are intended to bridge the gap between clinical and archetypal by focusing on the clinical relationship Techniques to activate the unconscious are presented in order to help the reader learn to develop a therapeutic space to contain the expression of what the client cannot yet verbalize and support the development of a mutual and shared language based upon the client s own material The reader is encouraged to practice the individual experiential exercises presented in the last chapter to test the book s ideas and develop both questions and clinical skills based upon the theoretical material Finally the reader will be introduced to group experiential exercises that can be used with colleagues interested in working together to develop clinical skills This book is useful for social workers nurses psychiatrists psychologists psychotherapists counselors and human resource professionals
