Farm To Factory:

Farm to Factory Robert C. Allen, 2009-07-26 To say that history's greatest economic experiment Soviet communism was also its greatest economic failure is to say what many consider obvious Here in a startling reinterpretation Robert Allen argues that the USSR was one of the most successful developing economies of the twentieth century He reaches this provocative conclusion by recalculating national consumption and using economic demographic and computer simulation models to address the what if questions central to Soviet history Moreover by comparing Soviet performance not only with advanced but with less developed countries he provides a meaningful context for its evaluation Although the Russian economy began to develop in the late nineteenth century based on wheat exports modern economic growth proved elusive But growth was rapid from 1928 to the 1970s due to successful Five Year Plans Notwithstanding the horrors of Stalinism the building of heavy industry accelerated growth during the 1930s and raised living standards especially for the many peasants who moved to cities A sudden drop in fertility due to the education of women and their employment outside the home also facilitated growth While highlighting the previously underemphasized achievements of Soviet planning Farm to Factory also shows through methodical analysis set in fluid prose that Stalin's worst excesses such as the bloody collectivization of agriculture did little to spur growth Economic development stagnated after 1970 as vital resources were diverted to the military and as a Soviet leadership lacking in original thought pursued wasteful investments *Every Farm a Factory*

Deborah Kay Fitzgerald, 2008-10-01 During the early part of the 20th century farming in America was transformed from a pre industrial to an industrial activity This book explores the modernization of the 1920s which saw farmers adopt not just new technology but also the financial cultural ideological apparatus of industrialism **Migratory Labor** United States.

Congress. Senate. Committee on Labor and Public Welfare, 1960 **The Leamington Italian Community** Walter Temelini, 2019-07-18 The Leamington Italian Community intertwines personal and family stories with both empirical and intuitive writing to offer new historical insights into the complex social economic and psychological causes and effects of the migration phenomenon Walter Temelini meticulously reconstructs the history of immigration and settlement in Leamington Ontario of Italians from the southern regions of Lazio Molise and Sicily He explains how despite their regional differences three generations between 1925 and the 1990s forged a cohesive socially conscious and unique agricultural community by balancing their inherited values and their newly adopted Canadian economic opportunities Temelini's groundbreaking research draws on testimonial and documentary evidence gathered from in depth interviews with hundreds of residents as well as on original archival information and Italian language histories translated by the author and previously unavailable to English speaking readers He concludes his study with an investigation into the award winning novel *Lives of the Saints* by Nino Ricci one of the community's most celebrated descendants Drawing parallels between Ricci's narrative and the development of the community Temelini demonstrates that ethnicity can be transformed successfully into a powerful

universal archetype and a creative force of identity A pioneering and authoritative work The Leamington Italian Community creates an intimate portrait within a global framework delving into issues both timely and timeless that will interest and inform the general and specialized reader alike The Outlook Lyman Abbott,Hamilton Wright Mabie,Ernest Hamlin Abbott,Francis Rufus Bellamy,1922 Food and Faith Norman Wirzba,2019 Provides a comprehensive theological framework in which good eating contributes to the healing of communities and the world **Hearings, Reports and Prints of the Senate Committee on Labor and Public Welfare** United States.
