Farmers, Bureaucrats, and Middlemen Trudy H. Peterson,2003 **The Forging of Bureaucratic Autonomy** Daniel Carpenter,2020-06-16 Until now political scientists have devoted little attention to the origins of American bureaucracy and the relationship between bureaucratic and interest group politics In this pioneering book Daniel Carpenter contributes to our understanding of institutions by presenting a unified study of bureaucratic autonomy in democratic regimes He focuses on the emergence of bureaucratic policy innovation in the United States during the Progressive Era asking why the Post Office Department and the Department of Agriculture became politically independent authors of new policy and why the Interior Department did not To explain these developments Carpenter offers a new theory of bureaucratic autonomy grounded in organization theory rational choice models and network concepts According to the author bureaucracies with unique goals achieve autonomy when their middle level officials establish reputations among diverse coalitions for effectively providing unique services These coalitions enable agencies to resist political control and make it costly for politicians to ignore the agencies ideas Carpenter assesses his argument through a highly innovative combination of historical narratives statistical analyses counterfactuals and carefully structured policy comparisons Along the way he reinterprets the rise of national food and drug regulation Comstockery and the Progressive anti vice movement the emergence of American conservation policy the ascent of the farm lobby the creation of postal savings banks and free rural mail delivery and even the congressional Cannon Revolt of 1910 The Government of Markets Rasheed Saleuddin,2018-12-21 Absent evidence to the contrary it is usually assumed that US financial markets developed in spite of government attempts to regulate and therefore laissez faire is the best approach for developing critically important and enduring market institutions This book makes heavy use of extensive archival sources that are no longer publicly available to describe in detail the discussions inside the CBOT and the often private and confidential negotiations between industry leaders and government officials This work suggests that contrary to the accepted story what we now know of as modern futures markets were heavily co constructed through a meaningful long term collaboration between a progressive CBOT leadership and an extremely knowledgeable and pragmatic US federal government The industry leaders had a difficult time evolving the modern institutions in the face of powerful reactionary internal forces Yet in the end the CBOT by co opting and cooperating with federal officials led the exchange and Chicago markets in general to a near century of global dominance On the federal government side knowledgeable technocrats and inspired politicians led an information and analysis explosion while interacting with industry both formally and informally to craft better markets for all **The American Work Ethic and the Changing Work Force** Herbert Applebaum,1998-06-25 A major force in American society the work ethic has played a pivotal role in U S history affecting cultural social and economic institutions But what is the American work ethic Not only has it changed from one era to

another but it varies with race gender and occupation Considering such diverse groups as Colonial craftsmen slaves 19th century women and 20th century factory workers this book provides a history of the American work ethic from Colonial times to the present Tracing both continuities and differences the book is divided into sections on the Colonial era the 19th century and the 20th century and includes chapters on both major occupational groups such as farmers factory workers laborers and gender racial and ethnic minorities This approach which covers all major groups in U S history enables the reader to discern how the work ethic applied to different occupational and ethnic groups over time The book subjects the work ethic to an analysis based on historical sociological economic and anthropological perspectives and provides an analysis of current thinking about how the work ethic applied to various groups and classes in different historical periods *The Political Economy of Agricultural Trade* Lynda Young,1991 *Treasury, Postal Service, and General Government Appropriations for Fiscal Year 1994: Executive Office of the President and funds appropriated to the President* United States. Willa Cather in Context G. Reynolds,1996-04-01 Drawing on a range of material from archives in the USA and from a variety of primary historical sources this study places Cather s major fiction in its cultural context Reynolds explores progressivism primitivism and Americanization in such novels as *My Antonia* and *O Pioneers* Willa Cather in Context develops interdisciplinary readings of this important Nebraskan novelist placing her as a writer actively engaged with many of the key debates of early twentieth century America from immigration to evolutionary theory He Loved to Carry the Message: The Collected Writings of Douglas Helms Douglas Helms,2012 This volume is a collection of the writings of Douglas Helms on topics ranging from the history of the cotton boll weevil and the soils of the South to the history of soil and water conservation programs in the United States They were authored over a more than thirty year career as a historian in the public service at the National Archives and the U S Department of Agriculture Soil Conservation Service and Natural Resources Conservation Service **Prologue** ,1977 **ERS Staff Report** ,1991 *Gaining Access* John Mark Hansen,1991-11 Through a comprehensive analysis of American agricultural politics in the past half century *Gaining Access* shows when how and why interest groups gain and lose influence in the policy deliberations of the United States Congress By consulting with policy advocates John Mark Hansen argues lawmakers offset their uncertainty about the policy stands that will bolster or impede their prospects for reelection The advocates provide legislators with electoral intelligence in Washington and supportive propaganda at home earning serious consideration of their policy views in return From among a multitude of such informants representatives must choose those they will most closely consult With evidence from congressional hearings personal interviews oral histories farm and trade journals and newspapers Hansen traces the evolution of farm lobby access in Congress He chronicles the rise and fall of the American Farm Bureau the surge and decline of party politics the incorporation of the commodity lobbies the exclusion of the consumer lobbies and the

accommodation of urban interests in food stamps Brilliantly combining insights from rational choice theory with historical data *Gaining Access* is an essential guide for anyone interested in the dynamics of interest group influence **Agricultural Libraries Information Notes**, 1975 **The Populist Vision** Charles Postel, 2009 A major reinterpretation of the Populist movement this text argues that the Populists were modern people rejecting the notion that Populism opposed modernity and progress *The Agrarian Origins of American Capitalism* Allan Kulikoff, 1992 Allan Kulikoff's provocative new book traces the rural origins and growth of capitalism in America challenging earlier scholarship and charting a new course for future studies in history and economics Kulikoff argues that long before the explosive growth of cities and big factories capitalism in the countryside changed our society the ties between men and women the relations between different social classes the rhetoric of the yeomanry slave migration and frontier settlement He challenges the received wisdom that associates the birth of capitalism wholly with New York Philadelphia and Boston and show how studying the critical market forces at play in farm and village illuminates the defining role of the yeomen class in the origins of capitalism **Contented among Strangers** Linda Schelbitzki Pickle, 2023-11-20 German Americans make up one of the largest ethnic groups in the United States yet their very success at assimilating has also made them one of the least visible *Contented among Strangers* examines the central role German speaking women in rural areas of the Midwest played in preserving their ethnic and cultural identity Even while living far from their original homelands these women applied traditional European patterns of rural family life and values to their new homes in Illinois Iowa Kansas Missouri and Nebraska As a result they were more content with their modest lives than were their Anglo American counterparts Through personal recollections including interesting diary material translated by the author church and community documents and migration and census data Pickle reveals the diversity and richness of the women's experiences **Sowing Seeds of Change** Panel to Study the Research Program of the Economic Research Service, Commission on Behavioral and Social Sciences and Education, Division of Behavioral and Social Sciences and Education, National Research Council, 1999-06-18 Every day economic decisions are made in the public and private sectors based on limited information and analysis The analysis and information needed for successful public policy has changed rapidly with the growth of the global economy and so have the means for acquiring them In the public sector decision makers rely on information gathered within government agencies as well as the work of academics and private firms *Sowing the Seeds* provides a case study of the need for analysis and information in support of public policy It combines lessons learned from one of the first government agencies devoted primarily to this function with modern economic theory of organizations The panel provides analysis and insight on How and why public economic policy evolves with technological advances The nature of information and analysis in support of economic policy produced in a government agency The characteristics of successful information and analysis programs Evaluating the work of a government agency providing information and analysis Effective administration and organization of research and information programs in a

government agency Findings and recommendations in this volume will be of interest to managers and executives of research and consulting organizations in the public and private sectors as well as to economists and policy makers *Treasury, Postal Service, and General Government Appropriations for Fiscal Year 1996* United States.
