This sixth edition of Agribusiness Management provides students and managers with a fundamental understanding of the key
concepts needed to successfully manage agribusinesses in a rapidly changing high tech consumer oriented and uncertain
world The text uses four specific approaches to help readers develop and enhance their capabilities as agribusiness
managers First it offers a contemporary focus that reflects the issues that agribusiness managers face today and are likely to
face tomorrow Second the book presents conceptual material in a pragmatic way with illustrations and examples that will
help the reader understand how a specific concept works in practice Third the book has a decision making emphasis
providing contemporary tools that readers will find useful when making decisions in the contemporary business environment
Finally Agribusiness Management offers a pertinent set of discussion questions and case studies that will allow the reader to
apply the material covered in real world situations This edition has been updated throughout with new examples and data as
well as additional material on succession planning and managing human resources This book is an ideal text for all courses
