Sourcebook of Family Theories and Methods Pauline Boss, William J. Doherty, Ralph LaRossa, Walter R. Schumm, Suzanne K. Steinmetz, 2008-11-19 Origins We call this book on theoretical orientations and methodological strategies in family studies a sourcebook because it details the social and personal roots i e sources from which these orientations and strategies flow Thus an appropriate way to preface this book is to talk first of its roots its beginnings In the mid 1980s there emerged in some quarters the sense that it was time for family studies to take stock of itself A goal was thus set to write a book that like Janus would face both backward and forward a book that would give readers both a perspective on the past and a map for the future There were precedents for such a project The Handbook of Marriage and the Family edited by Harold Christensen and published in 1964 the two Contemporary Theories about the Family volumes edited by Wesley Burr Reuben Hill F Ivan Nye and Ira Reiss published in 1979 and the Handbook of Marriage and the Family edited by Marvin Sussman and Suzanne Steinmetz then in production

Advancing Family Theories James M. White, 2005 How can the study of families be scientific What is the difference between postmodern and positivistic approaches What is the role of models and metaphors in constructing our theoretical knowledge In Advancing Family Theories author James M White addresses such difficult questions that have been longstanding issues within the field of family studies and examines these matters from a social science perspective Advancing Family Theories explores two contemporary theories of the family rational choice theory and transition theory These diametrically different approaches illuminate what differing theories reveal about families The book also discusses how meta theories can assist in building and refining theory and offers insight on the understanding versus explanation debate Advancing Family Theories gives students a precise notion of what a theory is and how theories work in research The book not only looks at philosophical realms but also examines particular substantive theory to explain and predict family behaviors

Handbook of Marriage and the Family Marvin B. Sussman, Suzanne K. Steinmetz, Gary W. Peterson, 2013-06-29 To know where we are going as scholars educators and practitioners in the field of marriage and family life we first need to know where we have been A perusal of early texts on marriage and family life provides some thought provoking insights into the accuracy of the saying what goes around comes around It is interesting to note who has been considered to be in a position to provide information on marriage and family life Included in the eclectic collection of texts we reviewed were ministers whose focus was on spirituality doctors who emphasized medical aspects of child and adult health and public health professionals and home economists concerned with

fighting disease who emphasized cleanliness order fighting germs and eliminating rodents and insects There are also philosophers who drew from ancient texts when discussing family life and a count who assembled a group of German intellectual elites to address various topics An insightful essay of this type is by Marta Karlweis 1926 in which she notes There is no other fetish that society holds to so firmly as the conception woman with all its usual associations of infantilism and dependence The child requires protection is a minor and consequently a serf but above all it possesses no spiritual existence Neither doctorates or other distinctions nor the right to vote have as yet been able to dispel this sweet idea of the childishness of woman which man cherishes p *Family Theories* Katherine R. Family Fictions Christopher Flint, 2002-02 By revealing the investment of eighteenth century British prose fiction in contemporary debates about domestic ideology this book addresses the multiple ways in which traditional notions of the family were estranged reconstituted as novel concepts and then finally presented as national social norms It focuses on works by Aphra Behn Daniel Defoe Samuel Richardson Eliza Haywood Horace Walpole Laurence Sterne and Mary Wollstonecraft addressing a number of narratives that historians of the novel have overlooked while linking such better known works as Robinson Crusoe and Pamela to their often neglected sequels Challenging competing critical claims that the household either experienced a revolution in form or that it remained essentially unchanged the author argues that eighteenth century writers employed a set of complementary strategies to refashion the symbolic and affective power of bourgeois domesticity Whether these writers regarded the household as a supplement to such other social institutions as the Church or the monarchy or as a structure resisting these institutions they affirmed the family's central role in managing civil behavior At a time however when the middle class was beginning to scrutinize itself as a distinct social entity its most popular form of literature reveals that many felt alienated from the most intimate and yet explosive of social experiences family life Prose fiction sought to channel these disturbingly fluid domestic feelings yet was in itself haunted by the specter of unregulated affect Recovering the period's own disparate perceptions of household relations the book explains how eighteenth century British prose fiction which incorporates elements from conduct books political treatises and demographic material used the family as an instrumental concept in a struggle to resolve larger cultural tensions at the same time it replicated many of the rifts within contemporary family ideology

Handbook of Theories of Aging Merrill Silverstein, Vern L. Bengtson, Vern L. Bengtson, PhD, Norella Putney, Daphna Gans, 2008-10-27. The field of gerontology has often been criticized for being data rich but theory poor. The editors of this book address this issue by stressing the importance of theory in gerontology. While the previous edition focused on multidisciplinary approaches to aging theory, this new edition provides cross-disciplinary integrative explanations of aging theory. The contributors of this text have reached beyond traditional disciplinary boundaries to partner with researchers in adjacent fields in studying aging and age-related phenomena. This edition of the Handbook consists of 39 chapters written by 67 internationally recognized experts in the field of aging. It is organized in seven sections reflecting the major theoretical developments in gerontology over the past 10 years. Special Features: Comprehensive coverage of aging theory focusing on the biological, psychological, and social aspects of aging. A section dedicated to discussing how aging theory informs public policy. A concluding chapter summarizing the major themes of aging and offering predictions about the future of theory development. Required reading for graduate students and post-doctoral fellows. This textbook represents the current status of theoretical development in the study of aging. Cruel but Not Unusual Ramona Alaggia, Cathy Vine, 2013-05-21. Violence in families and intimate relationships affects a significant proportion of the population from very young children to the elderly with far-reaching and often devastating consequences. Cruel but Not Unusual draws on the expertise of scholars and practitioners to present readers with the latest research and thinking about the history, conditions, and impact of violence in these contexts. For this new edition, chapters have been updated to reflect changes in data and legislation. New chapters include an examination of trauma from a neurobiological perspective, a critical analysis of the gender symmetry debate, a debate that questions the gendered nature of intimate violence, and an essay on the history and evolution of the women's movement dedicated to addressing violence against women, which advances theoretical developments that remind readers of the breadth of inclusivity that should be at the heart of working in this field. **Sacred Matters** Wesley R.
