The Rowman & Littlefield Handbook of Christianity in the Middle East Mitri Raheb, Mark A. Lamport, 2020-12-15 This work represents the current and most relevant content on the studies of how Christianity has fared in the ancient home of its founder and birth Much has been written about Christianity and how it has survived since its migration out of its homeland but this comprehensive reference work reassesses the geographic and demographic impact of the dramatic changes in this perennially combustible world region The Rowman Littlefield Handbook of Christianity in the Middle East also spans the historical socio political and contemporary settings of the region and importantly describes the interactions that Christianity has had with other major minor religions in the region

The Church in the Latin Fathers James K. Lee, 2020-02-06 What is the church What does it mean to be a member of the church This book examines how the earliest Christian theologians in the Latin West understood the nature ends and boundaries of the church By analyzing the thought and practices of figures such as Tertullian of Carthage Cyprian of Carthage Augustine of Hippo and Pope Leo the Great James K Lee shows how early Latin theologians forged distinctive views of the church as one holy catholic and apostolic Lee argues that according to the Latin fathers the church was one complex reality with visible and invisible aspects that could be distinguished but not separated God could work outside of the church s visible bounds yet all who were saved were joined to the church s invisible bond of charity The church s unity was found in charity and for the early Latin fathers there was no salvation outside of the church In addition Lee demonstrates the

trajectory from an exclusivist ecclesiology to a more inclusive understanding of church membership in the development of Latin ecclesiology over the course of the first five centuries of Christianity Apostolic and Prophetic Gesa Elsbeth Thiessen, 2012-07-26 Apostolic ecumenical and radical these are the ecclesial characteristics highlighted by Gesa E Thiessen while explaining her vision of the church The author focuses on the meaning of each of these marks as well as on their intrinsic connections an approach that leads her to delve deep into the history of the church and to draw a wide span between the apostolic past and a radical perspective on the present and future ecumenical church Apostolic and Prophetic studies the concept of apostolicity emerging in patristic theology and examines this concept as it has been developed in select Lutheran Roman Catholic and Anglican ecumenical documents *Philo of Alexandria* D.T. Runia, 2011-10-28 This volume prepared with the collaboration of the International Philo Bibliography Project is the third in a series of annotated bibliographies on the Jewish exegete and philosopher Philo of Alexandria It contains a listing of all scholarly writings on Philo for the period 1997 to 2006 **A New History of Early Christianity** Charles Freeman, 2009-01-01 Tracing the astonishing transformation that the early Christian church underwent from sporadic niches of Christian communities surviving in the wake of a horrific crucifixion to sanctioned alliance with the state Charles Freeman shows how freedom of thought was curtailed by the development of the concept of faith The imposition of correct belief and an institutional framework that enforced orthodoxy were both consolidating and stifling Uncovering the church's relationships with Judaism Gnosticism Greek philosophy and Greco Roman society Freeman offers dramatic new accounts of Paul the resurrection and the church fathers and emperors BOOK JACKET **Catholicism in Social and Historical Contexts** Curt Cadorette, Perfect for the reader who wants to learn the history of Catholicism without the varnish of too easy apologetics it is also inspiring Replete with details and revelatory stories and how Catholicism is caught in the ambiguities of modernity *The Old Testament as Authoritative Scripture in the Early Churches of the East* Vahan Hovhannessian, 2010 The Old Testament as Authoritative Scripture in the Early Churches of the East represents the latest scholarly research in the field of Old Testament as Scripture in Eastern Christianity Its twelve articles focus on the use of the Old Testament in the earliest Christian communities in the East The collection explores the authoritative role of the Old Testament in the churches of the East and its impact on the church's doctrine liturgy canon law and spirituality Teaching in a World of Violent Extremism Eleazar S. Fernandez, 2021-05-21 Violent extremism is not new but we have witnessed its rise to the point that it has become a defining issue of our time We cannot brush it aside any longer it characterizes who we are as a people and as a global society Why is violent extremism rising What are its drivers and triggers These questions must be asked and answered first and Teaching in a World of Violent Extremism takes up the questions and the answers In an effort to end violent extremism the next questions that must be pursued are these How shall we prevent and undo extremism especially the militant and violent kind In this world of violent extremism what curriculum designs educational programs and pedagogies shall we employ to develop

competent citizens civic leaders and pastors as well as resilient communities

Religion and Politics in Presidential Elections Victor Wan-Tatah, 2012-12-14 My frustration and disappointment with the media coverage of the 2008 and 2012 presidential elections prompted me to write this book I feel strongly about correcting the misinformation the presentation of fabrications as truth and the blatant demonizing of the experiences and perspectives of others I made up my mind that I wanted to address these issues the best way that I know how Politics involving religion and moral issues particularly in the areas of Christianity African American religion and Black Liberation Theology are my areas of interest and expertise At different times I have taught classes at the university level involving these topics and with the encouragement of my students I wish to address them in this book Drilling down to the root cause of the anti Obama rhetoric coming from Republicans and Christian conservatives not only provided useful talking points for my introductory course in Africana Studies but the issue became personal and convinced me to embark on this project

The Self-Donation of God Jack D. Kilcrease, 2013-03-20 In The Self Donation of God Jack Kilcrease argues that the speech act of promise is always an act of self donation A person who unilaterally promises to another is bound to take a particular series of actions to fulfill that promise Being that creation is grounded in God's promising speech the divine human relationship is fundamentally one of divine self donation and human receptivity Sin disrupts this relationship and therefore redemption is constituted by a reassertion of divine promise of salvation in the face of the condemnation of the law Gen 3:15 As a new and effective word of grace the promise of a savior begins the process of redemption within which God speaks forth a new narrative of creation In this new narrative God gives himself in an even deeper manner to humanity By donating himself through a promise first to the protological humanity and then to Israel he binds himself to them At the end of this history of self binding God in Christ enters into the condemnation of the law neutralizes it in the cross and brings about a new creation through his omnipotent word of promise actualized in the resurrection

The Apostles' Creed Piotr

Ashwin-Siejkowski,2009-05-01 The Apostles Creed is an expression of Christian theology that was formed in a period of fascinating and creative debate The creed is not simply a dogmatic static and cryptic symbol of Christian faith but on the contrary a lively narrative that can still inspire imagination critical reflection and faith In The Apostle s Creed the ancient debates that led to the formulation of its twelve pronouncements are examined The richness of early Christian thought is explored by looking at the ideas behind each creedal pronouncement and tracing the theological debates that inspired each statement Early Christian theology is not treated as unanimous but as pluralistic The polyphony of theological opinion which

characterized the Christianity of this period is therefore highlighted and celebrated In explaining the context that gave birth to the creed this study refers to the testimony of various witnesses of those theological arguments This includes opponents of the apostolic and church Fathers the Gnostics heretics and Jewish and pagan critics of Christian faith **The Reception of Philo of Alexandria** Courtney J. P. Friesen, David Lincicum, David T. Runia, 2025-01-12 Philo of Alexandria was a Jewish statesman philosopher and religious thinker A significant amount of his literary corpus was preserved by Christian hands and thereby came to resource numerous theologians in the Christian tradition After passing into obscurity in Jewish circles in antiquity Philo was rediscovered in the Italian Renaissance and came to feature in Jewish tradition once again Philo's works straddle an interest in exegesis and philosophy and the multi faceted contents of his thought ensured a long history of reception among readers with their own agendas This authoritative and systematic collection of essays by an international team of experts surveys Philo's reception from the time of his immediate contemporaries to the present day The book unfolds over six sections the first centuries late antiquity the middle ages the renaissance and early modern period from the eighteenth to the twentieth centuries and contemporary perspectives **The Writer and the Cross** Darren J.N. Middleton, 2022-06-27 Spiritually engaged readers commonly look toward fiction to better understand the depth of a faithful life and Christians are no exception Many followers of Jesus value beautifully written deftly characterized and pulse quickening literary art that seems more satisfying than dry tedious doctrinal textbooks This book surveys 12 pieces of historical fiction that feature notable Christian thinkers They include an illustrated children's book about St Irenaeus of Lyons a novel about Martin Luther's Reformation a screenplay focusing on Dietrich Bonhoeffer and even a story about Pope Francis narrated in popular manga style Rather than arcane literary analyses this book provides thoughtful and sometimes painful interviews with the authors of the covered works Most interviewees are little known or emerging writers Some have published their work with a church or denominational press others with a major publishing empire or popular print on demand platforms Storytellers reflect on their literary choices and the contexts of their writing sharing what modern Christians can learn from historical religious fiction **The Doctrine of Atonement** Jack D. Kilcrease, 2018-03-22 Post Enlightenment theology has frequently rejected the historic Christian doctrine of substitutionary atonement For theologians standing in the tradition of the Lutheran Confessions rejection of substitutionary atonement is particularly problematic because it endangers the unconditional nature of the justification through faith If one rejects vicarious satisfaction then the only alternative is to make redemption dependent on what sinners do for themselves In this study Jack Kilcrease argues for substitutionary atonement within the perspective of what he calls the Confessional Lutheran Paradigm The author also critiques a wide variety of modern Lutheran theologians understandings of atonement Werner Elert Gustaf Aul n Gustaf Wingren Robert Jenson Eberhard J ngel Wolfhart Pannenberg and Gerhard Forde As Kilcrease demonstrates although these authors often give many fine theological insights their distortion or misrepresentation of the doctrine of atonement carriers
