Jones, 2010 Heroes and heroines in antiquity inhabited a space somewhere between gods and humans In this detailed yet brilliantly wide ranging analysis Christopher Jones starts from literary heroes such as Achilles and moves to the historical record of those exceptional men and women who were worshiped after death He asks why and how mortals were heroized and what exactly becoming a hero entailed in terms of religious action and belief He proves that the growing popularity of heroizing the dead fallen warriors family members magnanimous citizens represents not a decline from earlier practice but an adaptation to new contexts and modes of thought The most famous example of this process is Hadrian's beloved Antinous who can now be located within an ancient tradition of heroizing extraordinary youths who died prematurely This book wholly new and beautifully written rescues the hero from literary metaphor and vividly restores heroism to the reality of ancient life *Information Bulletin Soviet Union. (U.S.),1944 Showdown in the Pacific War Ronald E. Martell,2015-03-06 Showdown in the Pacific War Nimitz and Yamamoto This unique book combines a carefully researched history with an easy to read analysis of the war in a fictional meeting between staff officers close to Admirals Chester Nimitz and Isoroku Yamamoto They trace the events leading to the Pacific War and the heroic struggles following the attack on Pearl Harbor to the eclipse of the Japanese war machine at Coral Sea Midway Guadalcanal and beyond Showdown reveals Yamamotos opposition to Japans waging a war it could not win along with his planning of her early successes and Admiral Nimitzs patient and careful reversal of the Empires offensives Showdown presents an even handed view of the nations that waged combat in the early stages of historys most famous naval war Ron Martell has given us a new and very interesting look at World War II in the Pacific Instead of simply retelling history he puts the reader in a fictitious yet plausible latter day conference between two of the conflicts high ranking adversaries key staff officers of the American and Japanese navies Its a genuine page turner for any fan of World War II history Ronald Russell author of No Right to Win A Continuing Dialogue with Veterans of the Battle of Midway Showdown in the Pacific is a thoroughly enjoyable read If someone asks me for a single book to read on how the Pacific War started and then was fought for the first 18 months I will heartily recommend this one Thom Walla Editor and Host of The Battle of Midway RoundTable

Heroes Every Child Should Know Hamilton Wright Mabie,2019-05-08 **Heroes** Scott T. Allison,George R.

Goethals,2010-10-29 Using the lens of popular culture Heroes explores the ways that our perceptions of heroism and villainy affect the way people behave in heroic and villainous ways Allison and Goethals use psychology to explore how these important concepts shape our lives and our world **1942** Winston Groom,2007-12-01 America s first year in World War II chronicled in this page turner by the Pulitzer Prize nominated author of Forrest Gump and The Generals Publishers Weekly On December 7 1941 an unexpected attack on American territory pulled an unprepared country into a terrifying new brand of warfare To the generation of Americans who lived through it the Second World War was the defining event of the twentieth century and the defining moments of that war were played out in the year 1942 This account covers the Allies relentless defeats as the Axis overran most of Europe North Africa and the Far East But by midyear the tide began to turn The United States finally went on the offensive in the Pacific In the West the British defeated Rommel s panzer divisions at El Alamein while the US Army began to push the Germans out of North Africa By the year s end the smell of victory was in the air 1942 told with Winston Groom s accomplished storyteller s eye allows us into the admirals strategy rooms onto the battlefronts and into the heart of a nation at war When not drawing in readers with the narrative Groom is impressing them with his masterful analyses The Atlanta Journal Constitution Groom has done an artful job of blending the many stories of 1942 The Anniston Star **Second Stories** Cynthia S. Jordan,1989 Second Stories offers an innovative reexamination of selected texts by seven major figures in American literature Combining close reading with a powerful ideological argument

Cynthia Jordan demonstrates that a concern with the patriarchal politics of language informs both the thematic content and overall shape of much of the fiction of these writers *Brainwashing Devil's Game* Giovanni Rocca,2021-04-27 *Brainwashing Devil's Game* this novel is from the author's knowledge of life and death truth and lies good and evil rich and poor health and sickness user and abuser give and take worshipping right or wrong religions cult's government organizations people misleading people The devil is a force that man does not understand and has no idea how he works he is a magician a puppeteer and most of all a deceiver to man and God the foe of Christ battling God Jesus for His kingdom This book uncovers the lies of man to man by Satan from many visions from the vision of prophets given to man from the word of God in Jesus and visions from Giovanni's dreams For some people this book is fiction no truth the message is scribed from biblical events for those who believe in the Christ the people of God will be celebrating for the other is a nightmare with and terrorizing end for mankind The search and study have been tiring and a fight with the devil day and night with results of exhaustion by rereading the Bible reading and extracting information from the Torah and the Quran For all people read and study the Bible to understand this novel for the will of man is service for Satan Man needs to be alert and strong in the faith I am coming soon Christ claimed this truth to mankind **Stan Lee's How to Draw Superheroes** Stan Lee,2013-07-09 The third installment in comics icon Stan Lee's series showing readers how to draw some of the most exciting and dynamic superheroes of all time Spider Man the X Men the Fantastic Four Iron Man the Incredible Hulk and the Avengers all share a common trait these hugely popular Marvel Comics superheroes were co created by the legendary Stan Lee Now Lee shows readers everything they'll need to make their own mighty superheroes just like his classic creations Lee exposes his secret tools and techniques for bringing strong inspiring heroes and heroines to life He even shows aspiring creators how to expand their super universes with evil villains trusty sidekicks brutes and monsters super pets secret hideouts and more These invaluable insights from one of the greatest superhero creators of all time are must haves for all fans of Lee's legendary superhero comic work **Moral Pedagogies for Africa** Theodros A. Teklu,2021-09-03 This volume engages with issues of moral responsibility and multiethnic co existence in the context of contemporary Africa Post colonial African states are by and large ethnically diverse Constructively managing ethnic diversity however has always been a challenge to these states which often fail to be democratic and all inclusive As a result ethnic enmity and conflicts that obliterate bonds of togetherness between ethnic communities have been rampant throughout the continent In dialogue with Africa's cultural and religious assets this interdisciplinary multi authored book aims at articulating the need to interpret past and present ethnic hostilities in Africa and generating moral resources of togetherness to foster a social pedagogy of responsible cohabitation for Africans The chapters of this volume categorized into two parts are framed according to these two niches *David of Sassoun* Arpine Khatchadourian,2016-07-01 The Armenian folk epic David of Sassoun was performed and transmitted orally for over one thousand years before a variant was discovered and transcribed in 1873 The publication of this variant marks

the beginning of a long period of discoveries of other variants The fifty variants collected by 1936 are the source of the epic's unified text The action of the epic is centered on the preservation of the House of Sassoun or freedom from invaders The oaths taken by heroes create conflicts of loyalties that work against this central concern The curse another form of the oath leads to the decline of the House of Sassoun The father's curse which condemns the son to barren immortality also puts heroic life in suspension until the eschatological vision is realized

The Hero's Quest and the Cycles of Nature Rachel S. McCoppin, 2016-10-25 This examination of the heroic journey in world mythology casts the protagonist as a personification of nature a botanical hero one might say who begins the quest in a metaphorical seed like state then sprouts into a period of verdant strength But the hero must face a mythic underworld where he or she contends with mortality and sacrifice embracing death as a part of life For centuries humans have sought superiority over nature yet the botanical hero finds nothing is lost by recognizing that one is merely a part of nature Instead a cyclical promise of continuous life is realized in which no element fully disappears and the hero's message is not to dwell on death

Nineteenth Century Detective Fiction LeRoy Lad Panek, 2021-09-22 In English and American cultures detective fiction has a long and illustrious history Its origins can be traced back to major developments in Anglo American law like the concept of circumstantial evidence and the rise of lawyers as heroic figures Edgar Allen Poe's writings further fueled this cultural phenomenon with the use of enigmas and conundrums in his detective stories as well as the hunt and chase action of early police detective novels Poe was only one staple of the genre with detective fiction contributing to a thriving literary market that later influenced Arthur Conan Doyle's work This text examines the emergence of short detective fiction in the nineteenth century as well as the appearance of detectives in Victorian novels It explores how the genre has captivated readers for centuries with the chapters providing a framework for a more complete understanding of nineteenth century detective fiction

Bomber Command 1939-1940 Gordon Thorburn, 2013-09-16 For Bomber Command the term Phoney War never really meant much Five Blenheims of 107 Squadron were among the blood and bullets the day after war was declared and only one came back On 14 December 1939

in a disastrous raid on shipping 99 Squadron lost six Wellingtons with only three survivors out of thirty six crew Even worse in the biggest air battle so far 18 December Wilhelmshaven five Wellingtons of 9 Squadron went down four of 37 Squadron and two of 149 Squadron Bomber Command lost sixty eight aircraft and crews in action in the four war months of 1939 and a further seventy eight in accidents In the months up to the French surrender losses rose spectacularly as the Germans triumphed wherever they went In a few hours on 14 May resisting the Blitzkrieg forty seven Fairey Battles and Bristol Blenheims were shot from the sky Through the Scandinavian defence in France and Belgium at Dunkirk and at last over Germany for Bomber Command there was no Phoney War It was real war from the start **The Improvement Era** ,1919
