First Arabesque Piano Critical Edition:

Berlioz and Debussy: Sources, Contexts and Legacies Kerry Murphy, 2017-07-05 This collection of essays by scholars of nineteenth and early twentieth century French music has been assembled in homage to the influential and inspirational French musicologist Francis Lesure who died in 2001. Lesure's immense erudition was legendary and spanned music from the sixteenth to the twentieth century. Two French composers who were particular foci in his scholarship were Berlioz and Debussy and this collection is based on scholarship around these two composers and the sources, contexts and legacies relating to their work.

Swann's Way (International Student Edition) (Norton Critical Editions) Marcel Proust, 2016-04-04 In its centennial year, Marcel Proust's masterpiece of literary imagination is available in a Norton Critical Edition. Marcel Proust's seven-volume masterpiece, *In Search of Lost Time: À la recherche du temps perdu*, has inspired many superlatives among them, the greatest novel ever written and the greatest novel of the first half of the twentieth century. *Swann's Way*, the first volume of the *Recherche*, and the most widely read and taught of all the volumes, is the ideal introduction to Proust's inventive genius. This Norton Critical Edition is based on C. K. Scott Moncrieff's translation, which introduced the English-speaking world to Proust and was published during the author's lifetime. It is accompanied by Susanna Lee's introduction, note on the text, and explanatory annotations. Marcel Proust was forty-two years old when *Swann's Way* was published, but its foundational ideas and general shape had been evolving for decades. Contexts includes a 1912 reader's report of the manuscript that exemplifies publishers' complicated reactions to Proust's new form of writing. Also included are three important post-publication reviews of the novel by Elie Joseph Bois, Lucien Daudet, and Paul Souday, as well as André Arnyvelde's 1913 interview with Proust. The fourteen critical essays and interpretations of *Swann's Way* in this volume speak to the novel's many facets, from the musical to the artistic to its representations of Judaism and homosexuality. Contributors include Gérard Genette, whose *Metonymy in Proust* appears here in English translation for the first time, along with Gilles Deleuze, Roger Shattuck, Claudia Brodsky, Julia Kristeva, Margaret E. Gray, and Alain de Botton, among others. The edition also includes a Chronology of Proust's Life and Work, a Selected Chronology of French Literature from 1870 to 1929, and a Selected Bibliography.

The National Union Catalog, Pre-1956 Imprints, 1977 [Reader's Guide to Music](#) Murray Steib, 2013-12-02 The *Reader's Guide to Music* is designed to provide a useful single-volume guide to the ever-increasing number of English-language book-length studies in music. Each entry consists of a bibliography of some 3-20 titles and an essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic. The more than 500 entries include not just writings on major composers in music history but also the genres in which they worked, from early chant to rock and roll, and topics important to the various disciplines of music scholarship, from aesthetics to gay/lesbian musicology.
