

FIRST CRUSADER

BYZANTIUM'S HOLY WARS

"An exciting story told in an exciting manner...
the events, personalities, and motivating factors of four major
periods are recounted in superb detail."

—David Nicolle, Institute of Medieval Studies, University of Nottingham

GEOFFREY REGAN

First Crusader Byzantiums Holy Wars

Alfred J. Andrea, Andrew Holt

First Crusader Byzantiums Holy Wars:

First Crusader Geoffrey Regan, 2001 This is the first full account in English of the little known eastern crusades and it offers a challenging interpretation of the concept of holy war Geoffrey Regan uncovers an epic story that is equally as dramatic as the better known western crusades The Crusades from the Perspective of Byzantium and the Muslim World Angeliki E. Laiou, Roy P. Mottahedeh, 2001 The essays in this volume demonstrate that on the eastern shores of the Mediterranean there were rich variegated and important phenomena associated with the Crusades and that a full understanding of the significance of the movement and its impact on both the East and West must take these phenomena into account **Byzantium and the Crusades** Jonathan Harris, 2014-09-25 This new edition of Byzantium and the Crusades provides a fully revised and updated version of Jonathan Harris's landmark text in the field of Byzantine and crusader history The book offers a chronological exploration of Byzantium and the outlook of its rulers during the time of the Crusades It argues that one of the main keys to Byzantine interaction with Western Europe the Crusades and the crusader states can be found in the nature of the Byzantine Empire and the ideology which underpinned it rather than in any generalised hostility between the peoples Taking recent scholarship into account this new edition includes an updated notes section and bibliography as well as significant additions to the text New material on the role of religious differences after 1100 A detailed discussion of economic social and religious changes that took place in 12th century Byzantine relations with the west In depth coverage of Byzantium and the Crusades during the 13th century New maps illustrations genealogical tables and a timeline of key dates Byzantium and the Crusades is an important contribution to the historiography by a major scholar in the field that should be read by anyone interested in Byzantine and crusader history **Byzantine Warfare** John Haldon, 2017-03-02 Warfare was an integral part of the operations of the medieval eastern Roman or Byzantine Empire both in its organization as well as in social thinking and political ideology This volume presents a selection of articles dealing with key aspects of Byzantine attitudes to war and violence with military administration and organization at tactical and strategic levels weapons and armaments and war making itself discussions which make an important contribution to answering the questions of how and why the empire survived as long as it did Byzantium and the Crusades Jonathan Harris, 2006-08-15 The first great city to which the Crusaders came in 1089 was not Jerusalem but Constantinople the capital of the Byzantine Empire Almost as much as Jerusalem itself Constantinople was the key to the foundation survival and ultimate eclipse of the crusading kingdom **Islam's War Against the Crusaders** W B Bartlett, 2008-12-01 The Crusades continue to exert a fascination in the West as a story of perceived gallantry and battles against impossible odds Yet what is less often considered is their effect on the Holy Land and in particular the response of the Muslim world to the invasions of European Crusaders In this book W B Bartlett author of four books on the Crusades looks at these great events from the Muslim point of view One of the effects was to unite a previously divided Islamic world against a common enemy In the process they gave an unstoppable

impetus towards the declaring of jihad against the West a holy war against Christendom They also helped to shape the careers of some important figures most notably Saladin but also other great men like Sultan Baibars and Nur al Din The rise of these great leaders is traced in this book as are the many great battles that were fought by men just as devoted to their cause as the Crusaders were

The Ethics of War Richard Sorabji, David Rodin, 2020-09-10 9 11 and the subsequent invasions of Afghanistan and Iraq have left many people baffled and concerned This interdisciplinary study of the ethics of war provides an excellent orientation not only to present but also to future conflicts It looks both back at historical traditions of ethical thought and forward to contemporary and emerging issues The Ethics of War traces how different cultures involved in present conflicts have addressed similar problems over the centuries Distinguished authors reflect how the Graeco Roman world Byzantium the Christian just war tradition Islam Judaism Hinduism and the Geneva Conventions have addressed recurrent ethical problems of war Cutting edge essays by prominent modern theorists address vital contemporary issues including asymmetric war preventive war human rights and humanitarian intervention Distinguished academics ethical leaders and public policy figures have collaborated in this innovative and accessible guide to ethical issues in war

The World of the Crusades Andrew Holt, 2019-06-05 Unlike traditional references that recount political and military history this encyclopedia includes entries on a wide range of aspects related to daily life during the medieval crusades The medieval crusades were fundamental in shaping world history and provide background for the conflict that exists between the West and the Muslim world today This two volume set presents fundamental information about the medieval crusades as a movement and its ideological impact on both the crusaders and the peoples of the East It takes a broad look at numerous topics related to crusading with the goal of helping readers to better understand what inspired the crusaders the hardships associated with crusading and how crusading has influenced the development of cultures both in the East and the West The first of the two thematically arranged volumes considers topics such as the arts economics and work food and drink family and gender and fashion and appearance The second volume considers topics such as housing and community politics and warfare recreation and social customs religion and beliefs and science and technology Within each topical section are alphabetically arranged reference entries complete with cross references and suggestions for further reading Selections from primary source documents each accompanied by an introductory headnote give readers first hand accounts of the crusades

Seven Myths of the Crusades Alfred J. Andrea, Andrew Holt, 2015-08-21 Seven Myths of the Crusades rebuttal of the persistent and multifarious misconceptions associated with topics including the First Crusade anti Judaism and the Crusades the crusader states the Children s Crusade the Templars and past and present Islamic Christian relations proves once and for all that real history is far more fascinating than conspiracy theories pseudo history and myth mongering This book is a powerful witness to the dangers of the misappropriation and misinterpretation of the past and the false parallels so often drawn between the crusades and later historical events ranging from nineteenth century colonialism to the protest

movements of the 1960s to the events of 9 11 This volume s authors have venerable track records in teaching and researching the crusading movement and anyone curious about the crusades would do well to start here Jessalynn Bird Dominican University co Editor of *Crusade and Christendom* *The First Crusade* Steven Runciman, 2005 first published in 2005 is justly acclaimed as the most complete and fascinating account of the historic journey to save the Holy Land from the infidel

Maximus the Confessor Paul M. Blowers, 2016-02-04 This study contextualizes the achievement of a strategically crucial figure in Byzantium s turbulent seventh century the monk and theologian Maximus the Confessor 580 662 Building on newer biographical research and a growing international body of scholarship as well as on fresh examination of his diverse literary corpus Paul Blowers develops a profile integrating the two principal initiatives of Maximus s career first his reinterpretation of the christocentric economy of creation and salvation as a framework for expounding the spiritual and ascetical life of monastic and non monastic Christians and second his intensifying public involvement in the last phase of the ancient christological debates the monothelete controversy wherein Maximus helped lead an East West coalition against Byzantine imperial attempts doctrinally to limit Jesus Christ to a single divine activity and will devoid of properly human volition Blowers identifies what he terms Maximus s cosmo politeian worldview a contemplative and ascetical vision of the participation of all created beings in the novel politeia or reordered existence inaugurated by Christ s new theandric energy Maximus ultimately insinuated his teaching on the christoformity and cruciformity of the human vocation with his rigorous explication of the precise constitution of Christ s own composite person In outlining this cosmo politeian theory Blowers additionally sets forth a theo dramatic reading of Maximus inspired by Hans Urs von Balthasar which depicts the motion of creation and history according to the christocentric plot or interplay of divine and creaturely freedoms Blowers also amplifies how Maximus s cumulative achievement challenged imperial ideology in the seventh century the repercussions of which cost him his life and how it generated multiple recontextualizations in the later history of theology

Historical Dictionary of Byzantium John H. Rosser, 2012 The Byzantine Empire dates back to Constantine the Great the first Christian ruler of the Roman Empire who in 330 AD moved the imperial capital from Rome to a port city in modern day Turkey which he then renamed Constantinople in his honor From its founding the Byzantine Empire was a major anchor of east west trade and culture art architecture and the economy all prospered in the newly Christian empire As Byzantium moved into the middle and late period Greek became the official language of both church and state and the Empire s cultural and religious influence extended well beyond its boundaries In the mid 15th century the Ottoman Turks put an end to 1 100 years of Byzantine history by capturing Constantinople but the Empire s legacy in art culture and religion endured long after its fall In this revised and updated second edition of the *Historical Dictionary of Byzantium* author John H Rosser introduces both the general reader and the researcher to the history of the Byzantine Empire This comprehensive dictionary includes detailed alphabetical entries on key figures ideas places and themes related to Byzantine art history and religion and the second

edition contains numerous additional entries on broad topics such as transportation and gender which were less prominent in the previous edition An expanded introduction introduces the reader to Byzantium and a guide to further sources and suggested readings can be found in the extensive bibliography that follows the entries A basic chronology and various maps and illustrations are also included in the dictionary This book is an excellent access point for students researchers and anyone wanting to know more about Byzantium

The Crusader World Adrian Boas, 2015-10-14 The Crusader World is a multidisciplinary survey of the current state of research in the field of crusader studies an area of study which has become increasingly popular in recent years In this volume Adrian Boas draws together an impressive range of academics including work from renowned scholars as well as a number of though provoking pieces from emerging researchers in order to provide broad coverage of the major aspects of the period This authoritative work will play an important role in the future direction of crusading studies This volume enriches present knowledge of the crusades addressing such wide ranging subjects as intelligence and espionage gender issues religious celebrations in crusader Jerusalem political struggles in crusader Antioch the archaeological study of battle sites and fortifications diseases suffered by the crusaders crusading in northern Europe and Spain and the impact of Crusader art The relationship between Crusaders and Muslims two distinct and in many way opposing cultures is also examined in depth including a discussion of how the Franks perceived their enemies Arranged into eight thematic sections The Crusader World considers many central issues as well as a large number of less familiar topics of the crusades crusader society history and culture With over 100 photographs line drawings and maps this impressive collection of essays is a key resource for students and scholars alike

Noble Ideals and Bloody Realities Niall Christie, Maya Yazigi, 2006-04-01 The contributions presented in this volume address several issues related to the topic of medieval warfare from a variety of disciplinary perspectives and examining a number of geographical regions The contributors analyze social and economic issues military strategy technological and medical developments ideology and rhetoric and address warfare in Europe the Byzantine Empire and the Muslim world In three parts the contributors explore warfare in theory warfare in practice and warfare as perceived through medieval and modern historiography In doing so they present a number of engaging case studies that will be of use to students and scholars interested in warfare and its effects on medieval society

A Companion to Byzantium and the West, 900-1204, 2021-12-06 The eighteen chapters of this book explore the complex history of exchange between Byzantium and the Latin West over a period of more than three hundred years with a focus on the political ecclesiastical and cultural spheres Besides outlining the history of competition and collaboration between two empires in medieval Europe a range of regional approaches stretching from England to the Crusader kingdoms offer insights into the many aspects of Byzantine Latin contact and exchange Further sections explore patterns of mutual perception linguistic and material dimensions of the contacts as well as the role played by various groups of cultural brokers such as ambassadors merchants monks and Jewish communities Contributors are Axel Bayer Saskia D nitz

Nicolas Drocourt Leonie Exarchos Daniel F ller Christian Gastgeber Hans Werner Goetz Dominik Heher Klaus Herbers Christopher Hobbs David Jacoby Sebastian Kolditz Savvas Neocleous Johannes Pahlitzsch Annick Peters Custot Miriam Salzmänn Jonathan Shepard Juan Signes Codo er and Eleni Tounta Byzantium and the West Nikolaos Chrissis,Athina Kolia-Dermitzaki,Angeliki Papageorgiou,2019-02-11 The interaction between Byzantium and the Latin West was intimately connected to practically all the major events and developments which shaped the medieval world in the High and Late Middle Ages for example the rise of the papal monarchy the launch of the Crusades the expansion of international and long distance commerce or the flowering of the Renaissance This volume explores not only the actual avenues of interaction between the two sides trade political and diplomatic contacts ecclesiastical dialogue intellectual exchange armed conflict but also the image each side had of the other and the way perceptions evolved over this long period in the context of their manifold contact Twenty one stimulating papers offer new insights and original research on numerous aspects of this relationship pooling the expertise of an international group of scholars working on both sides of the Byzantine Western divide on topics as diverse as identity formation ideology court ritual literary history military technology and the economy among others The particular contribution of the research presented here is the exploration of how cross cultural relations were shaped by the interplay of the thought world of the various historical agents and the material circumstances which circumscribed their actions The volume is primarily aimed at scholars and students interested in the history of Byzantium the Mediterranean world and more widely intercultural contacts in the Middle Ages **Nikephoros II Phokas and Warfare in the 10th-Century Byzantine World** ,2025-04-28 This volume throws light not just on the military and on warfare during a period of increasing Byzantine military success and expansion but it also draws on the latest in academic debate and examines afresh the varied aspects of different thematics regarding the reign of the emperor Nikephoros II Phokas That includes military theory tactics and equipment in the 10th century war ideology and the ideological justification of war Byzantine society s attitudes to warfare Nikephoros approaches to domestic affairs and the Church and the emperor s foreign policy Contributors are Jesse S Arlen Gennadiy Baranov Georgios Chatzelis Jean Claude Cheynet Phoebe Irene Georgiadi Konstantinos Karatolios Taxiarchis Kolias Alexandru Madgearu Lucas McMahon Marco Miotto Ioannis S Sarantidis Filip Schneider Dimitrios Sidiropoulos Denis Sullivan Konstantinos Takirtakoglou Georgios Theotokis and Mamuka Tsurtssumia

Religion, War, and Ethics Gregory M. Reichberg,Henrik Syse,2014-05-26 This volume offers a comprehensive selection of texts from the world s major religions on the ethical dimensions of war and armed conflict Despite a considerable rise of interest in Eastern and Western religious teachings on issues of war and peace the principal texts in which these teachings are expounded have in most cases remained inaccessible to all but a handful of specialists This is especially true of traditions such as Islam Buddhism and Judaism where the key authoritative treatments are often embedded in texts e g Koranic jurisprudence religious epics or Talmudic commentary that are not overtly about matters pertaining to the ethics of war thus

requiring a difficult process of interpretation and selection and for which English translations frequently do not exist Topical and timely for today's debates in the public arena and essential reading for students of religious ethics and the relationship between religion and politics this book aims to give the reader a proper knowledge of the textual traditions that inform the key struggles over issues of peace and security identity and land

Holy War Karen Armstrong, 2001-11-27 The New York Times bestselling author of A History of God skillfully narrates the history of the Crusades with a view toward their profound and continuing influence Holy War brings compassion objectivity breadth and imagination to the most urgent crisis of our time The Boston Phoenix In 1095 Pope Urban II summoned Christian warriors to take up the cross and reconquer the Holy Land Thus began the holy wars that would focus the power of Europe against a common enemy and become the stuff of romantic legend In reality the Crusades were a series of rabidly savage conflicts in the name of piety And as Armstrong demonstrates in this fascinating book their legacy of religious violence continues today in the Middle East where the age old conflict of Christians Jews and Muslims persists

Transcultural Wars Hans-Henning Kortüm, 2010-10-01 Eine von der Deutschen Forschungsgemeinschaft getragene Forschergruppe an der Universität Regensburg untersucht seit einigen Jahren im Rahmen einer Neuen Militärgeschichte Formen und Funktionen des Krieges im Mittelalter Im März 2004 wurde auf einer international und interdisziplinär ausgerichteten Fachtagung organisiert von Mitgliedern der Regensburger Forschergruppe zusammen mit dem Hamburger Institut für Sozialforschung versucht traditionelle Epochengrenzen wie sie zwischen Mittelalter und Neuzeit nach wie vor bestehen zu überwinden Die Tagungsbeiträge werden in diesem Band veröffentlicht
