interpretations of evangelical poverty provided the poet with a means of addressing the state of the contemporary Papacy and of imagining the renewal of the church He also explores the origins and afterlife of the debate about this form of poverty and Dante's contribution to it This study will appeal to scholars interested in medieval religious and intellectual history as well as to readers of Dante's poem and other medieval visionary and political writing Report of the ... Franciscan Educational Conference,1925 **Franciscan Friars: Coast to Coast** Jack Clark Robinson ,2019-11-11

Franciscan friars entered the religious landscape of the United States in 1539 and remained part of colonial history in Georgia Florida New Mexico Texas California and Louisiana until they were no longer colonies A Franciscan mission revival began in the 1840s when groups of Franciscan friars arrived with Irish German Polish Italian and eastern European immigrants In the 20th century the friars began to accompany Latin American and Vietnamese immigrants The number of Franciscan friars peaked in the United States in the 1960s In the midst of that boom they engaged in such issues as civil rights and the changes that came to the Catholic Church after the Second Vatican Council Despite aging and declining numbers in the last 50 years the Franciscan friars remain active Franciscans were and still are woven deep into the fabric of US history and in their archives they have the pictures to prove it Images of work with Native Americans in soup kitchens with social service agencies and in parishes schools and universities provide a compelling look at this little known part of US history **Another Christ** Andrew D. Mayes,2024-08-30 This is a riveting book with bite an exploration with edginess

Compelling and arresting images confront us with a fresh view of Jesus and of ourselves as we rediscover our vocation to be Another Christ for troubled times Recent research into the first century setting of the gospel and the author's years in the Holy Land cast unexpected light on both the identity of Jesus and our present calling while Francis of Assisi reveals how this can be creatively lived out We have a choice If we keep before our eyes images of Christ that are comforting soothing familiar traditional then our Christian life may turn out to be prosaic pedestrian and predictable a preservative to maintain the status quo But if we allow our discipleship today to be unsettled and inspired by images of Christ that are dynamic risky outrageous brave passionate radical then we open ourselves to new possibilities we embark on a liberating adventure an odyssey of the soul a pilgrimage a voyage into untested waters What will we choose Do we dare to take the unpredictable path And which route will respond most courageously to the needs of today's wounded world **The Practice of the Bible**

Impelling Spirit Joseph F. Conwell,1997 Impelling Spirit is a book about Jesuit spirituality as seen in its origins As such it responds to the challenge of Vatican II that the appropriate renewal of religious life demands a return to the sources of Christian life and the spirit and aims of the founders of an institute The instrument the author employs is a 1539 document Ignatius and his companions drafted for Pope Paul III as an apostolic letter addressed to themselves this document long neglected and largely unknown clearly reveals how they understood themselves and their way of life It demonstrates that the spirit and aims of the Society though radical in 1539 were also deeply rooted in the Christian tradition

**The Bloomsbury Guide to Christian Spirituality** Peter Tyler,Richard Woods,2012-08-30 A scholarly yet accessible introduction to Christian Spirituality What is Christian Spirituality How does it relate to non Christian traditions Where does it arise from and where is it going These are some of the key questions addressed in this innovative new guide from Bloomsbury The Bloomsbury Guide to Christian Spirituality is written by foremost academics in their fields who distill their knowledge for a wide intelligent audience They do this with huge skill and attention to the needs of modern readers Appealing equally to those studying the tradition for religious formation or those wishing to acquaint themselves with this fascinating subject this guide is destined to become an essential text in the field

*The Martyrdom of the Franciscans* Christopher MacEvitt,2020-03-06 A study of three hundred years of medieval Franciscan history that focuses on martyrdom While hagiographies tell of Christian martyrs who have died in an astonishing number of ways and places slain by members of many different groups martyrdom in a Franciscan context generally meant death at Muslim hands indeed in Franciscan discourse death by Saracen came to rival or even surpass other definitions of what made a martyr The centrality of Islam to Franciscan conceptions of martyrdom becomes even more apparent and problematic when we realize that many of the martyr narratives were largely invented Franciscan authors were free to choose the antagonist they wanted Christopher MacEvitt observes and they almost always chose Muslims However martyrdom in Franciscan accounts rarely leads to conversion of the infidel nor is it accompanied as is so often the case in earlier hagiographical accounts by any miraculous manifestation If the importance of preaching to infidels was written into the official Franciscan Rule of Order the Order did not demonstrate much interest in conversion and the primary efforts of friars in Muslim lands were devoted to preaching not to the native populations but to the Latin Christians mercenaries

merchants and captives living there Franciscan attitudes toward conversion and martyrdom changed dramatically in the beginning of the fourteenth century however when accounts of the martyrdom of four Franciscans said to have died while preaching in India were written The speed with which the accounts of their martyrdom spread had less to do with the world beyond Christendom than with ecclesiastical affairs within MacEvitt contends The Martyrdom of the Franciscans shows how for Franciscans martyrdom accounts could at once offer veiled critique of papal policies toward the Order a substitute for the rigorous pursuit of poverty and a symbolic way to overcome Islam by denying Muslims the solace of conversion Who's Who in Christianity Lavinia Cohn-Sherbok, 2013-05-13 Who's Who in Christianity is an invaluable reference guide to the leading men and women who have influenced the course of Christian history including the founding fathers monarchs popes saints philanthropists heretics theologians and missionaries The book encompasses the Eastern and Western Churches and the lives and opinions of personalities who have shaped the past twenty Christian centuries from Jesus of Galilee to Pope John Paul II Paul of Tarsus to Mother Teresa Who's Who in Christianity provides an accessible and user friendly A Z layout detailed bibliographical information on each prominent figure a glossary of technical terms a chronological table of the chief historical events an invaluable guide for scholars teachers clergy students and general readers
