First In Thirst:

First in Thirst Darren ROVELL, 2005-09-02 Gatorade is an enthralling story brought to life in bright color and sharp detail in this book as journalist and author Darren Rovell chronicles every astonishing milestone of the company's history. With unprecedented access to the inventors, the marketers, the analysts and observers and key company figures past and present, Rovell recounts the sweat-drenched University of Florida football practices, the first unpalatable prototypes and the commercial and financial interest that quickly took hold following the drink's first on-field successes. Then came the advertising sponsorships, product placements, many of them fortuitous, and finally the two milestones that cemented Gatorade's iconic status: once and for all, the ubiquitous Gatorade bath and the Michael Jordan "Be Like Mike" endorsement deal. With refreshing candor, *First in Thirst* also offers an inside look at all the aspects that went into building the brand, such as negotiations, battles, lawsuits, mergers and acquisitions, product strategies, lucky breaks, and even the mishaps that have attended Gatorade's reign as the 800-pound gorilla of the sports drink scene. *First in Thirst* identifies the nine Gatorade Rules, business principles that have helped Gatorade become one of the most dominant brands ever. By adhering to these principles, businesses in other industries may achieve greater brand recognition and market share. Long before America knew what deep down, body thirst was, a team of university scientists had already invented something to quench it. This book is the story of the product and the company and of America's fascination with the one and only Gatorade. *First in Thirst*, 2006

Beverage Journal, 1920 The Wonder of Water Ingrid Leman Stefanovic, 2019-12-13 Judgment calls values and perceptions often implicitly affect decisions around water policies and programs. This book explores how embodied lived experience informs such values and impacts policy and practice around water issues in critical ways. **The Discourses of Controversy** Adrienne von Speyr, 2012-03-20 The mystic von Speyr continues her reflections on the Gospel of John, concentrating here on the discourses of Jesus in chapters 6-12. The various other events included by Saint John in these chapters are seen primarily by him as the occasion for new confrontations between Jesus and his disputants. These reflections present the moment in which the limited self-satisfied standpoint of Christ's hearers must let itself be burst open into the unlimited loving standpoint of the Lord. Some of the controversial discourses in this section of John's Gospel, which von Speyr comments on, include The Multiplication of the Loaves, The Bread of Life, The Adulteress, The Man Born Blind, The Raising of Lazarus, The Good Shepherd, and The Entry into Jerusalem. The combination of the Scripture verses and von Speyr's moving meditations provide rich nourishment for prayer and spiritual reading. This series is particularly important because the spirituality of Saint John the Apostle of Divine Love was the central source of von Speyr's own spiritual life. Adrienne von Speyr was a contemporary Swiss convert, mystic, wife, medical doctor, and author of some 70 books on spirituality and theology. She entered the Church under the direction of one of the greatest theologians and spiritual writers of the 20th century, Fr. Hans Urs von Balthasar, who became her spiritual director and confessor for the last 30 years of her life. Her writings
