First Things First Nadirah Simmons, 2024-01-30 This enlightening book reframes the history of hip hop and this time women are given credit for all their trailblazing achievements that have left an undeniable impact on music FIRST THINGS FIRST hip hop is not just the music and women have played a big role in shaping the way it looks today

FIRST THINGS FIRST takes readers on a journey through some notable firsts by women in hip hop history and their importance. Factual firsts like Queen Latifah becoming the first rapper to get a star on the Hollywood Walk of Fame, Lauryn Hill making history as the first rapper to win the coveted Album of the Year Award at the GRAMMYS, and April Walker being the first woman to dominate in the hip hop fashion game. Da Brat being the first solo woman rapper to have an album go platinum and metaphorical firsts like Missy Elliott being the first woman rapper to go to the future. Trust me, she really did. There are chapters on music legends like Nicki Minaj, Lil Kim, and Mary J Blige, and TV and radio hosts like Big Lez and Angie Martinez, and so many more ladies I would name, but I don't want to spoil the book. There are games, charts, and some fire images too. Altogether, FIRST THINGS FIRST is a celebration of the achievements of women in hip hop who broke down barriers and broke the mold. So the next time someone doesn't have their facts straight on the ladies in hip hop, you can hit them with first things first.
