Under the Watchful Eye of Mary Pamela Mandela Idenya,2016-07-29 As the Lord Jesus faced imminent death upon the Cross He dedicated all His beloved disciples to a love relationship with His Mother saying Behold your mother St John was present at the foot of the Cross representing all mankind And from that hour he took her into his home This commissioning of the Blessed Virgin Mary as Mother of all mankind illustrates the great love with which the LORD Jesus offered His life for all peoples by giving us the gift of His mother All are to comprehend that Mary has an active role to play in our faith and in our spiritual life We acknowledge that this is how the LORD Jesus wished to bring His Sacrifice to completion by entrusting His mother to His beloved disciple and in the beloved disciple to all mankind It is a concrete maternal love relationship between Mary and all who trustingly commend themselves to her care Under the watchful eye of Mary is a spiritual journey where we learn from the Blessed Mother of God what living a worthy discipleship in the LORD is and we meditatively pray with the Blessed Mary as the first Christian Community did before Pentecost

A Spiritual Geography of Early Chinese Thought Kelly James Clark,Justin Winslett,2022-12-29 It is widely claimed that notions of gods and religious beliefs are irrelevant or inconsequential to early Chinese Confucian moral and political thought Rejecting the claim that religious practice plays a minimal philosophical role Kelly James Clark and Justin Winslett offer a textual study that maps the religious terrain of early Chinese texts They analyze the pantheon of extrahumans from high gods to ancestor spirits discussing their various representations as well as examining conceptions of the afterlife and religious ritual

Demonstrating that religious beliefs in early China are both textually endorsed and ritually embodied this book goes on to show how gods ancestors and afterlife are philosophically salient The summative chapter on the role of religious ritual in moral formation shows how religion forms a complex philosophical system capable of informing moral social and political conditions
