the shape and form of a person's hand you can understand their disposition. Get a glimpse of their lines and get a clue as to how they communicate. Understanding the hand's topography will help you accept and deal with yourself, clients, family, and co-workers alike. For those who want to become a professional palmist, *Everyday Palmistry* lays a good foundation in an accessible and memorable format. And for those of us who just want to know more about ourselves, this approach to palmistry offers a visual portrait of the patterns of our soul and can give us clues to how to bring ourselves and our lives into a better balance. Because the landscape of the hand changes over time, it reflects shifts in our life habits and the consequences of our major decisions. The hand is your energy conduit to the world. So let's paint a beautiful future with the power of our choices now.

Palmistry, a True Science Anu Venkat, 2002. The book *PALMISTRY A TRUE SCIENCE* is a carefully compiled book which contains 13 theories, 210 sketches of lines of the human palms, 64 case studies, 61 clearly and uniquely taken palm impressions. Ever since the origination of this subject, this is the first time that the human palms have been thoroughly analyzed with reference to both the palms. For the author, the left hand and the right hand of 1000's of cases functioned as one whole comprehensive unit to enable him to compare the structural inter-relationships between different lines. The net result was that he could decipher the differences in dimensions between the left and the right palms, such as difference in lengths, slope, shortness, direction, location, fading, characteristics, whether present in one or both the palms, etc. The above aspect in his approach to the research was aimed at finding just the structural aspects of the lines on human palms. The other side of the coin is to relate the functions, events, diseases, and temperaments to the line patterns already discovered by the author. For this part of the research, he had to employ sophisticated techniques that only an investigator, a logician, an analyst, or a statistician could have employed. In other words, the author employed some of the appropriate human qualities such as tact, wildest imagination, deep analytical power, trial and error method, wild guesses, and compilation techniques so that he could bind together all the varied structural and functional extravaganzas present in the hands of his innumerable clients into cohesive, presentable, as well as verifiable rules and theories. Keeping in mind the vast dimension of this great science, the author could accommodate only 3 functions: MONEY and BUSINESS, JOB CAREER and OVERSEAS TRAVEL, STAY in this book. His forthcoming books deal with other life events, diseases, and human temperaments. This book boasts of so many firsts. To quote some examples: 1. No book has documented any provable, testable theories, 13 in number, in such a minute degree. In the process, this book has secured an exalted status to *PALMISTRY* as a *TRUE SCIENCE*. It goes without saying that palm reading is a scientific exercise on par with any other science. 2. No book has featured as many as 64 case studies and 61 clear palm impressions. A very high number of real examples for a book of this genre, an all-time record, all accommodated in just 250 pages. 3. One among many highlights of the book is that almost all the palm impressions have been marked out and their corresponding functions indicated. A first-time ever phenomenon which enhances its authenticity as well as proves its scientific nature. 4. Genuineness of the whole venture lies in the fact that the whole edifice of this book rests on the solid

foundation of real life events diseases temperaments of all his clients Principles rules and theories all derived from these real stories 5 And the people the world over are going to be exposed to an entirely new subject for the most part of the book about 95% is hitherto unheard of 6 Last but not the least this book has the great potential to spawn a new breed of researchers as this subject has immense scope for further research In a world of continuing research even one discovery fetches world acclaim and recognition one can imagine what lies in store for this book which has innumerable discoveries dotting the entire book Dear Readers Please watch out for NEW WINE IN A NEW BOTTLE The author can be contacted through his e mail anuvenkat_25july yahoo co in *How to Pick Up Girls by Reading Their Palms: Step by Step Instructions You Can Use Anywhere* D. W,2009-01-17 This is a book on how to do three things 1 Meet ANY WOMAN you see anywhere any time 2 Pick up on her by reading her palm this breaks the touch barrier and makes her see you as someone with something interesting to say and the ability to HOLD HER INTEREST 3 Get a date with her This book will not teach you how to have great relationships It will not make you a better lover It won't get your dog to bring you your slippers We just don't care about any of that We will give you the ability to walk up to any girl you see and get a date If you have absolutely no confidence or you feel you need some magic pill to meet women or you want to learn how to scam on women on internet dating sites buy some other book These techniques work and we teach them to you in a way that is so easy so simple so unbelievably sneaky that YOU WILL NOT BELIEVE THEY CAN WORK but they have already worked for thousands of men and they will continue to work whether you believe us or not **Practical Guide to Palmistry** Santiago Bermejo

Fernández,1997 An introduction to palmistry with listings of personality traits associated with various configurations of lines mounts and valleys of the palm and shapes and textures of the hand and fingers **Palmistry: the Language of the**

Hands Cassandria Hanna,2016-01-06 The Language of the Hands is a series of palmistry books that are easy to read and understand for everyone wanting to read palms As you read you will discover the secrets hidden in the hand your hand The palm is like a road map of lines and markings telling whether your travels in life will be smooth or bumpy It tells of your potential and what you have accomplished in life What will your road map reveal All the answers can be found in the palms
