First Baby In Camp:

Mining Camp Tales of the Silvery Slocan Peter Smith, 2025-04-29 Mining Camp Tales of the Silvery Slocan tells the often overlooked story of British Columbia's silver rush and its accompanying boom towns. In the 1890s mining camps like Sandon, Three Forks, Whitewater, and their neighbours New Denver, Silverton, Slocan City, Kaslo, and Nakusp thrived. Prospectors and miners from Idaho, Montana, and other mining centres arrived in droves to reap the silver harvest. Capitalists flooded in from Spokane, Seattle, Vancouver, and from investment centres across North America and the world. At its height, the silver rush ushered in a frenzy of activity where cities sprang up out of nowhere, cultures clashed, greed and racism prevailed, law and order was a matter of perspective, and yet somehow people still united in song, dance, and a spirit of community. Although the boom era was short-lived, as plummeting silver prices, labour disputes, natural disasters, and the discovery of Klondike gold severely dampened the spirits of the Silvery Slocan, the rush left a legacy that endures to this day. This book opens up a wealth of historical facts, anecdotes, and archival material on a chapter of mining history that has been largely forgotten until now.

Babes in the Woods Jennifer Aist, 2010-03-26 [CLICK HERE](#) to download the sample chapter. Child Carriers from Babes In The Woods offers a fresh, modern approach to hiking and camping with kids. Tips to make family outdoor trips less work and worry. Addresses concern about nature deficit disorder in children. There's a lot of information out there about introducing school-age kids to the outdoors, but what about babies and toddlers? Author Jennifer Aist bridges that gap and shares her tried and tested advice for active new parents. Babes in the Woods introduces outdoorsy moms and dads to the joy and vigor of taking babies and toddlers into the woods at a very early age. Well-organized chapters offer functional solutions for appropriate gear, clothing, and food; nature games to play; and tips on potty breaks and sleeping outdoors, but most importantly, Aist explores all the reasons why introducing even the youngest of children to wilderness experiences is healthy, rewarding, and fun. Whether planning a short day hike, a car camping trip, a base camp adventure, or a backpacking excursion, Aist covers every season and climate while confirming that babies are well-suited for the mountains, the water, and the adventures that lie beyond.

The First Baby in Camp William P. Bennett, 1978 The First Baby in Camp William Porter Bennett, 1893 Community Newspapers and the Japanese-American Incarceration Camps Ronald Bishop, 2015-06-03

Though much has been said about Japanese American incarceration camps, little attention is paid to the community newspapers closest to the camps and how they constructed the identities and lives of the occupants inside. Dependent on government and military officials for information, these journalists rarely wrote about the violation of the evacuees' civil rights. Instead, they concentrated on the economic impact of the camps and the evacuees who would replace workers off to enlist in the military, and work for defense contractors would have on the areas they covered. Newspapers like the Cody Enterprise and Powell Tribune in Wyoming, the Lamar Daily News, and the Casa Grande Dispatch regularly published overly optimistic updates on the progress of construction, the size of the contractor payrolls, and the amount of materials used to build the
