Prester John: Africa's Lost King Richard Denham, He sits on his jewelled throne on the Horn of Africa in the maps of the sixteenth century He can see his whole empire reflected in a mirror outside his palace He carries three crosses into battle and each cross is guarded by one hundred thousand men He was with St Thomas in the third century when he set up a Christian church in India He came like a thunderbolt out of the far East eight centuries later to rescue the crusaders clinging on to Jerusalem And he was still there when Portuguese explorers went looking for him in the fifteenth century He went by different names The priest who was also a king was Ong Khan he was Genghis Khan he was Lebna Dengel Above all he was a Christian king who ruled a vast empire full of magical wonders men with faces in their chests men with huge backward facing feet rivers and seas made of sand His lands lay next to the earthly Paradise which had once been the Garden of Eden He wrote letters to popes and princes He promised salvation and hope to generations But it was noticeable that as men looked outward exploring more of the natural world as science replaced superstition and the age of miracles faded Prester John was always elsewhere He was beyond the Mountains of the Moon at the edge of the earth near the mouth of Hell Was he real Did he ever exist This book will take you on a journey of a lifetime to worlds that might have been but never were It will take you if you are brave enough into the world of Prester John *Handbook for Farmers in*

The Soul of a Lion Willie Labuschagne, 2022-09-05 The Soul of a Lion an engaging memoir by Willie Labuschagne is an exhilarating journey which begins with the young conservationist's unique experiences with wild animals From his groundbreaking research on the desert cheetah's behaviour and ecology to becoming an internationally respected consultant on environmental and wildlife related issues he holds the reader's attention with all the skill of the master storyteller The numerous occasions when Willie faced potentially life threatening situations with wild animals are vividly recounted many of them wryly humorous while others evoke deep emotion But not all animal encounters took place in the wild A significant and poignant encounter that further inspired Willie's approach to conservation occurred when during his time as director of the Johannesburg Zoo he and his family hand raised a newborn lion cub that had been rejected by its mother He recalls the countless obstacles put in his way by the bureaucratic nature of his own species during his tenure at the zoo But despite

numerous challenges he persisted in his goal of transforming and improving zoological institutions A driving force behind the changing nature of professionally managed zoological gardens Willie s book reminds us that while many of the world s zoos should be unconditionally closed progressive modern zoos are becoming increasingly aligned to wildlife conservation they are vital for ensuring the survival of threatened species Willie shares his entertaining and often moving life experiences with warmth and understanding whether it is sleeping under the stars with the bushmen of the Kgalagadi desert or observing the traditions of the Zulu Royal House His travels in the African landscape in particular are an exciting panorama of many distinctive habitats from the relentless desert of the Skeleton Coast in Namibia to the pristine beauty of the Tsitsikamma Forest and the breathtaking vastness of the African bushveld Importantly he is forthright in his view of the critical position of the world we live in and the future it holds for mankind and believes that we are all part of a custodianship which should do everything in its power to protect our fragile environment Willie Labuschagne a man with the soul of a lion is a dedicated and internationally celebrated wildlife conservationist who holds a master s degree in wildlife management For more than five decades he has been actively involved in the conservation of threatened species for which he has received national and international recognition culminating in numerous awards
