## **First Domino Eisenhower The Military And Americas Intervention In Vietnam:**

*The First Domino* James R. Arnold, 1991 Examination of how the United States became involved in Vietnam and that the first intervention came during the Eisenhower administration     *Anthony Eden, Anglo-American Relations and the 1954 Indochina Crisis* Kevin Ruane, Matthew Jones, 2019-07-25 In the spring of 1954 after eight years of bitter fighting the war in Vietnam between the French and the communist led Vietminh came to a head With French forces reeling the United States planned to intervene militarily to shore up the anti communist position Turning to its allies for support first and foremost Great Britain the US administration of Dwight D Eisenhower sought to create what Secretary of State John Foster Dulles called a united action coalition In the event Winston Churchill s Conservative government refused to back the plan Fearing that US led intervention could trigger a wider war in which the United Kingdom would be the first target for Soviet nuclear attack the British Foreign Secretary Anthony Eden was determined to act as Indochina peacemaker even at the cost of damage to the Anglo American special relationship In this important study Kevin Ruane and Matthew Jones revisit a Cold War episode in which British diplomacy played a vital role in settling a crucial question of international war and peace Eden s diplomatic triumph at the 1954 Geneva Conference on Indochina is often overshadowed by the 1956 Suez Crisis which led to his political downfall This book however recalls an earlier Eden a skilled and experienced international diplomatist at the height of his powers who may well have prevented a localised Cold War crisis escalating into a general Third World War

**Vietnam's American War** Pierre Asselin, 2024-06-13 This new edition masterfully explains the origins and outcome of America s war in Vietnam by focusing on its local dimensions     **The US, the UN and the Korean War** Robert Barnes, 2014-02-28 Military social and economic historians have long appreciated the significance of the conflict in Korea in shaping the post war world The policy of containment was formed China was established as an important military power and the US increased its military expenditure fourfold as a result of a conflict which killed over 33 000 Americans What has been less appreciated is the role played by the United Nations and the British Commonwealth in influencing US strategy at this time of crisis the Truman administration invested time and effort into gaining UN approval for the conflict in Korea and the course of the war was adapted to keep UN allies often holding crucial strategic positions in other Cold War theatres in tow Robert Barnes develops a fresh perspective on these fluctuating relationships the tensions between Washington and its British Commonwealth allies and their impact on the direction of the conflict in order to challenge the common view that the United States was able to use its dominant position within the UN to pursue its Cold War ambitions with impunity This important new interpretation is supported by evidence from a wealth of sources from official government records to private papers and memoirs written by the most important American and Commonwealth personalities directly involved in shaping the UN s response to the conflict This study presents a thorough deconstruction of the decision making process behind US handling of the Korean War from the outbreak of conflict in 1950 to the Geneva Conference of 1954 This will be essential

reading for students of International Relations Cold War Studies and modern History      **A Companion to Dwight D. Eisenhower** Chester J. Pach, 2017-04-10 A Companion to Dwight D Eisenhower brings new depth to the historiography of this significant and complex figure providing a comprehensive and up to date depiction of both the man and era Thoughtfully incorporates new and significant literature on Dwight D Eisenhower Thoroughly examines both the Eisenhower era and the man himself broadening the historical scope by which Eisenhower is understood and interpreted Presents a complete picture of Eisenhower s many roles in historical context the individual general president politician and citizen This Companion is the ideal starting point for anyone researching America during the Eisenhower years and an invaluable guide for graduate students and advanced undergraduates in history political science and policy studies Meticulously edited by a leading authority on the Eisenhower presidency with chapters by international experts on political international social and cultural history      **International History of the Twentieth Century and Beyond** Anthony Best, 2008 This major global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward Using their thematic and regional expertise the authors cover events in Europe Asia the Middle East Africa and the Americas from the last century and beyond Among the areas this book covers are the decline of European hegemony over the international order the diffusion of power to the two superpowers the rise of newly independent states in Asia and Africa the course and consequences of the major      **International History of the Twentieth Century and Beyond** Antony Best, Jussi Hanhimäki, Joseph A. Maiolo, Kirsten E. Schulze, 2014-12-17 This hugely successful global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward Using their thematic and regional expertise the authors have produced an authoritative yet accessible and seamless account of the history of international relations in the last century covering events in Europe Asia the Middle East Africa and the Americas They focus on the history of relations between states and on the broad ideological economic and cultural forces that have influenced the evolution of international politics over the past one hundred years The third edition is thoroughly updated throughout to take account of the most recent research and global developments and includes a new chapter on the international history of human rights and its advocacy organizations including NGOs Additional new features include New material on the Arab Spring including specific focus on Libya and Syria Increased debate on the question of US decline and the rise of China A timeline to give increased context to those studying the topic for the first time A fully revised companion website including links to further resources and self testing material can be found at [www.routledge.com/cw/best](http://www.routledge.com/cw/best) Antony Best is Associate Professor in International History at the London School of Economics Jussi M Hanhimäki is Professor of International History and Politics at the Graduate Institute of International Studies Geneva Joseph A Maiolo is Professor of International History at the Department of War Studies Kings College London Kirsten E Schulze is Associate Professor in International History at the London School of Economics      **America in the World** Michael J. Hogan, 1995 A survey of the historical literature on

intelligence and national security during the Cold War      *International History of the Twentieth Century* Antony Best, 2004

Using their thematic and regional expertise four prominent authors have produced an authoritative yet accessible account of the history of international relations in the last century covering events in Europe Asia the Middle East Africa and the Americas      *Making Sense of the Vietnam Wars* Mark Philip Bradley, Marilyn B. Young, 2008-04-30 The inaugural volume in the OUP National History center series Making Sense of the Vietnam Wars promises to be the most up to date book on the changing interpretations of the wars in Vietnam Marilyn Young and Mark Bradley have assembled a superb cast of eleven scholars and writers spanning the generations from those who were active during the Vietnam period through younger scholars who have been doing on the ground research in Vietnamese sources as well as uncovering new sources from the Soviet Union China Eastern Europe and Western Europe      **United States History** James Warren Oberly, 1995      The Encyclopedia of the Vietnam War Bloomsbury Publishing, 2011-05-20 Now in its second edition this comprehensive study of the Vietnam War sheds more light on the longest and one of the most controversial conflicts in U S history The Vietnam War lasted more than a decade was the longest war in U S history and cost the lives of nearly 60 000 American soldiers as well as millions of Vietnamese many of whom were uninvolved civilians The lessons learned from this tragic conflict continue to have great relevance in today s world Now in its second edition The Encyclopedia of the Vietnam War A Political Social and Military History adds an entire additional volume of entries to the already exhaustive first edition making it the most comprehensive reference available about one of the most controversial events in U S history Written to provide multidimensional perspectives into the conflict it covers not only the American experience in Vietnam but also the entire scope of Vietnamese history including the French experience and the Indochina War as well as the origins of the conflict how the United States became involved and the extensive aftermath of this prolonged war It also provides the most complete and accurate order of battle ever published based upon data compiled from Vietnamese sources This latest release delivers even more of what readers have come to expect from the editorship of Spencer C Tucker and the military history experts at ABC CLIO      **The Oxford Encyclopedia of American Military and Diplomatic History** Timothy J. Lynch, 2013 Entries written by renowned diplomatic and military historians as well as key scholars in international relations Provides assessments and analyses of key episodes issues and actors in the military and diplomatic history of the United States Based on the award winning Oxford Companion to United States History Comprehensive collection of entries that span the founding of the U S to its present state Offers a wide range of perspectives to provide an encompassing context of the United States military and diplomatic legacies Expansive bibliographies and suggested readings for each article to aid in research The Oxford Encyclopedia of American Military and Diplomatic History a two volume set will offer both assessment and analysis of the key episodes issues and actors in the military and diplomatic history of the United States At a time of war in which ongoing efforts to recalibrate American diplomacy are as imperative as they are perilous the Oxford Encyclopedia will present itself

as the first recourse for scholars wishing to deepen their understanding of the crucial features of the historical and contemporary foreign policy landscape and its perennially martial components Entries will be written by the top diplomatic and military historians and key scholars of international relations from within the American academy supplemented as is appropriate for an encyclopedia of diplomacy with entries from foreign based academics in the United Kingdom and elsewhere The crucial importance of the subject is reflected in the popularity of university courses dedicated to diplomatic and military history and the enduring appeal of international relations IR as a political science discipline drawing on both The Oxford Encyclopedia will be a basic reference tool across both disciplines a potentially very significant market Readership University level undergraduate and graduate students in History      **Vietnam's Lost Revolution** Geoffrey C.

Stewart,2017-03-24 Vietnam s Lost Revolution employs newly released archival material from Vietnam to examine the rise and fall of the Special Commissariat for Civic Action in the First Republic of Vietnam and in so doing reassesses the origins of the Vietnam War A cornerstone of Ng nh Di m s presidency Civic Action was intended to transform Vietnam into a thriving modern independent noncommunist Southeast Asian nation Geoffrey Stewart juxtaposes Diem s revolutionary plan with the conflicting and competing visions of Vietnam s postcolonial future held by other indigenous groups He shows how the government failed to gain legitimacy within the peasantry ceding the advantage to the communist led opposition and paving the way for the American military intervention in the mid 1960s This book provides a richer and more nuanced analysis of the origins of the Vietnam War in which internal struggles over national identity self determination and even modernity itself are central      History of the Office of the Secretary of Defense: Strategy, money, and the New Look, 1953-1956 Alfred

Goldberg,1984      Professional Journal of the United States Army ,1992      **Americans at War** James R. Arnold,2018-05-18 This unprecedented compilation of eyewitness accounts records the thoughts and emotions of American soldiers spanning nearly 250 years of national history from the American Revolution to the Afghanistan War Understanding primary sources is essential to understanding warfare This outstanding collection provides a diverse set of eyewitness accounts of Americans in combat throughout U S history Offering riveting true stories it includes accounts from participants in the American Revolution the War of 1812 the Indian Wars the Mexican American War the Civil War the Spanish American War and Philippine Insurrection World War I World War II the Korean War the Vietnam War The Persian Gulf War the Afghanistan War and the Iraq War Most eyewitness accounts of war currently available to the public are those of writers who enjoy higher military rank Americans at War addresses this imbalance between officers accounts and enlisted men s accounts by invoking oral history archives Contextual essays and timelines allow the reader to place the accounts in time and place while the entries themselves allow the reader to experience the thoughts and emotions of Americans who engaged in combat

**Historical Dictionary of United States-Southeast Asia Relations** Donald E. Weatherbee,2008-04-23 Southeast Asia consists of the countries of Brunei Burma Cambodia East Timor Indonesia Laos Malaysia the Philippines Singapore Thailand

and Vietnam Historically U S policy and diplomacy with Southeast Asia is defined by U S interests in the region whether it s maintaining free lanes of communication through the South China Sea gaining access to the resources and markets of Southeast Asia or containing the spread of Communism Since World War II the U S has constantly been involved in conflicts in the region providing material and financial support for France during the First Indochina War direct involvement in the Vietnam War providing support to Thailand during the Third Indochina War and the declaration that Southeast Asia is the second front in the war on terror after September 11 The Historical Dictionary of United States Southeast Asia Relations identifies the key issues individuals and events in the history of U S Southeast Asia relations and places them in the context of the complex and dynamic regional strategic political and economic processes that have fashioned the American role in Southeast Asia This is done through a chronology a bibliography an introductory essay appendixes and several hundred cross referenced dictionary entries on key persons places events institutions and organizations

**The Cold War** Spencer C. Tucker, 2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide additional context to the material

**A Time of Paradox** Glen Jeansonne, David Luhrssen, 2006-03-02 In this lively and provocative synthesis historian Glen Jeansonne explores the people events that shaped America in the 20th century Comprehensive in scope A Time of Paradox analyzes the political diplomatic social and cultural developments of the last century while focusing on the diverse and sometimes contradictory human experiences that characterized this dynamic period in American history
