Candidate Hillary The Associated Press, Beth J. Harpaz, 2016-02-16 Hillary is up in the polls Hillary is down in the polls She's a feminist and women love her she's an enabler and women hate her She's brilliant and hardworking she's entitled and untrustworthy Sounds like Hillary Rodham Clinton's 2016 or even 2008 presidential campaign right Well go back even farther to the year 2000 to discover how every one of those phrases was uttered during

Hillary's very first campaign when she made history as the only first lady to ever run for office. That groundbreaking bid for U.S. Senate in New York made headlines around the world coming as it did on the heels of her husband's scandalous affair with a White House intern. Reporter Beth J. Harpaz was there covering this political whirlwind for The Associated Press and her book *Candidate Hillary* previously published as *The Girls in the Van* revisits every key moment of the race. This funny, fascinating account puts you in the press van that followed Hillary from Buffalo to Brooklyn as she fought a cast of familiar characters including New York's pugnacious Mayor Rudy Giuliani. It's filled with all the successes and missteps the kind that plagued the assumed front runner's 2008 campaign for the Democratic presidential nomination which instead went to a young Senator from Illinois named Barack Obama. Now updated with new perspectives from the author and an introduction by National Politics Reporter Lisa Lerer, *Candidate Hillary* offers a window into Hillary's vulnerabilities, strengths and the inner workings of the Clinton machine, all told with authority, humor and the benefit of hindsight. **Still Paving the Way**

for Madam President Nichola D. Gutgold, 2017-05-24. When Madam President moves into the Oval Office of the White House, she will share a path that several women have helped to pave. Often left off the history pages and out of the minds of many Americans are the presidential bids of several women: Margaret Chase Smith (1964), Shirley Chisholm (1972), Patricia Schroeder (1988), Elizabeth Dole (2000), Carol Moseley Braun (2004) and Hillary Clinton (2008, 2016). *Still Paving the Way for Madam President* shows the progress women candidates have made as they have moved from symbolic candidates to viable candidates and in 2016 the Democratic nominee. This study shines a light on the persistent obstacles that face women candidates and offers insight into what it will take to finally shatter the seemingly impenetrable political glass ceiling.

Women Officeholders and the Role Models Who Pioneered the Way Karen Owen, 2016-12-12. Recent electoral seasons in American politics demonstrate women's keen interest, involvement and influence as candidates and officeholders. Women possess political ambition, albeit in varying degrees, and as such women seek opportunities to be politically engaged and affect America's representative institutions. This book analyzes why American women run for political office and explores how political role models, identified as publicly elected officials and/or those who have served in the political arena, have greatly motivated women to run for higher political office, including seats in the U.S. Congress and state governorships. Evidence from personal interviews with ten congresswomen and fifty-five female state legislators reveals the ambitious nature of female politicians, the encouragement of political factors in their decisions to advance in politics, and their perceived responsibility to be role models to other women. Moreover, in studying thirty-five years of elections data, I find substantial support for how female political role models influence female state legislators' candidacies and electoral outcomes to higher office. This work highlights the importance of women as symbolic representatives; female politicians are instrumental in emboldening a new generation of women to engage in politics. Role models in politics indeed have a purpose and an influential nature.
