amidst rapidly changing times This engaging novel will captivate readers with its historical resonance and Atherton's ahead of her time perceptions **Everyday Arias** Paul Atkinson, 2006-02-27 Paul Atkinson explores the remarkable world of opera through his fieldwork with the internationally known Welsh National Opera company In order to show us how cultural phenomena are produced and enacted he takes us on stage and behind the scenes into the collective social action that goes into the realization of an opera The author demonstrates how artistic interpretation is translated into the routine work of the rehearsal studio and the theatre and how producers negotiate a practical reality with her or his performers to ultimately create extraordinary performances through the mundane everyday work that makes them possible The author calls for a sustained investigation of cultural phenomena not based solely on textual analysis but on the importance of collective work and social organization Atkinson's work will appeal to anthropologists and sociologists who study the performance arts as well as to those engaged in theatre arts opera and music **Hugh Walpole's Herries Chronicle - The Complete**
