that I have been asked regarding the RMS Titanic's Chief Purser Hugh Richard Walter McElroy in doing this Autobiography and family research the world can now know and hopefully understand Hugh also I hope all those questions that have been asked over the years have now possibly been answered also if others wish to go further into speculation like they have in the past will find that there is no substitute for the truth I hope that they will do their research rationally in locating the raw truth and with some regard to the simple fact that there are no villains in this story just human beings with human characteristics This book contains a large amount of unknown facts about the family and Hugh regards his early life His never before told regards his unknown life with the White Star Line what happened to Barbara after Hugh died Why did Hugh's sister Charlotte's name disappear so quickly from the Southampton Committee of the Titanic Relief Fund in November 1914 after all she was a class A dependant The loss of the R M S Titanic created a debate that has raged ever since and probably will do so for ever It happened in 1912 prior to two world wars long before television indeed long before the talking pictures It was an era as different to today as one can imagine It was a world quite unlike our present days in nearly every respect yet this event has even the most modern child's attention when it is spoken of It is a story and the effects of its happening endure and will always endure so long as humans remain human **A New Method in English**
