Sexual Diversity: Being Human through Understanding and Acceptance is an in-depth exploration of the vast diversity of sexual and erotic orientations, including heterosexual, lesbian, gay, bisexual, and queer identities, as well as erotic diversity from vanilla to kink and everything in between. The book looks at the heteronormative norms prescribed by society and how these may be problematic for all populations, including heterosexual people. The work is a reference point to sexual and erotic diversities, written in plain English and in a conversational style. The content embraces inclusivity and helps us to learn to accept differences and to be more knowledgeable in the wide range of ways to live. It enables us to challenge our pre-conceived ideas and assumptions regarding sexuality and eroticism and to continue learning and staying curious about diverse communities, cultures, and subcultures in the sexuality and erotic arenas. The concepts discussed are brought to life with stories from the consulting room and the world outside. This is a gem of a book that not only teaches us so much but also offers us opportunities for self-reflection.
