First Desire:

Desire's Direction Jayson Sherrod, 2006-03 Desire Timo Airaksinen, Wojciech W. Gasparski, 2018-02-06 Desire is a rich term meaning wish and want willingness and relish appetite and lust This volume is an effort to analyse the concept of desire and its different practical contexts from a morally philosophic point of view By analysing multiple definitions and studying underlying motivations the authors offer a variety of explanations and interpretations The volume consists of three main parts The first part Desire and Practice examines desire as a mental state that seeks personal satisfaction The second part of the volume Desire and Moral Life explores social cultural and literary facets of desire Finally in the third part Business Ethics and Other Contexts the authors apply PR axiological principles to the business world examining the conflict between frugality and consumerist ideology the role of intuition in decision making and the need for design education as the basis of effective planning The contributors to this the newest volume in Transaction's Praxeology series seek to explore desire in PR axiological terms with an eye toward the three E s of praxeology ethics effectiveness and efficiency In doing so they demonstrate that desire is central for practical activity in general and work in particular **Embracing Desire** Louis Roy, 2019-07-10 In this book Louis Roy criticizes two different attitudes concerning our desires either we are wary of our desires because of their potentially negative effects or we try to satisfy as many of them as we can Both attitudes focus on desires without examining the issue of desire The solution is neither to suspect nor to multiply our various desires but rather to intensify desire Once desire has intensified we can accept our desires and identify some of them as priorities for us to fulfill We will then proceed not only with motivation but also with detachment and therein lies the key to happiness Any human being wishes to be granted personal value as a unique individual worthy of respect And we long to be desired by the person or persons we desire Moreover because of our infinitude we are able to wonder if an infinite being whom we respect without reserve can find us desirable The author explores this basic concern and describes the relationship of mutual desire between Jesus and his first disciples Thus this book will appeal to educated readers interested in spirituality psychology literature catechesis and pastoral ministry WILLIAM WALKER ATKINSON Ultimate Collection - 58 Books in One Volume William Walker Atkinson, 2024-01-10 The William Walker Atkinson Ultimate Collection 58 Books in One Volume is a comprehensive anthology that encapsulates the diverse and transformative contributions of one of the most enigmatic figures in the New Thought movement Atkinson's work spans a variety of genres including philosophy self help and metaphysics marked by a unique blend of clarity and engaging prose This volume examines vital topics such as personal development mental power and the workings of the mind distilled into practical insights that reflect both the optimistic spirit of the early 20th century and the emerging psychological paradigms of his time Atkinson's insightful explorations challenge readers to harness their inner potential and navigate the complexities of life with resilience and positivity William Walker Atkinson was a prolific writer attorney and business consultant who embraced and promoted the concepts of mentalism and the law of

Cervantine Journeys Steven D. Hutchinson,1992 Hutchinson focuses initially on movement as concept and metaphor affirming its centrality in the conceptualization of all discursive activities He draws on an array of authors including Heraclitus Plato Longinus Rabelais Nietzsche Saussure Frances Yates Kristeva Meschonnic and Deleuze to demonstrate the motion of discourse and of those engaged in it He then turns to Cervantes novels to show how metaphors of movement and travel appearing on nearly every page dominate the conceptualization of the soul the self desire love and life processes Viewing travel as a composite of concurrent modes of experience with differing content and rhythms Hutchinson considers the concept of errancy the nature of place and the traveler s shifting relations with it and the values that travel may have as a motion displacement encounter and goal Of key importance are the means of improvisation developed en route His re examination of Bakhtin's chronotope in light of Cervante's novels reveals the dynamic character of time spaces in which travelers move He shows moreover that unlike typical Renaissance utopias the many worlds of Cervantes novels have the principles of becoming and dissolution inscribed in them Reflecting on the narrative of journeys both as memory and

invention Hutchinson concludes with an examination of the relations between travel experience and travel narrative and a discussion of the whereabouts of writers and readers in Cervantes novels The narration of journeys he argues necessitates and encourages improvisatory writing John Duns Scotus John Duns Scotus, 2017 Thomas Williams presents the most extensive collection of John Duns Scotus s work on ethics and moral psychology available in English John Duns Scotus Selected Writings on Ethics includes extended discussions and as far as possible complete questions on divine and human freedom the moral attributes of God the relationship between will and intellect moral and intellectual virtue practical reasoning charity the metaphysics of goodness and rightness the various acts affections and passions of the will justice the natural law sin marriage and divorce the justification for private property and lying and perjury Relying on the recently completed critical edition of the Ordinatio and other critically edited texts this collection presents the most reliable and up to date versions of Scotus s work in an accessible and philosophically informed translation The Occult Writings of Isabelle and Richard Ingalese Richard Ingalese, Isabella Ingalese, 2012 Isabella and Richard Ingalese's occult writings are deeply focused on the Mysterof Life and especially on the secrets of the Philosopher's Stone This volume includes the following writings Infinite Intelligence God Judgment Day Reciprocity Vanity Soul Slavery Cosmic Evolution Vibration The Esoteric Christ The Spiritual Renaissance Of The Nineteenth Century Death And After Stray Leaves Of Occult History Moses The The Experience of Education in Anglo-Saxon Literature Irina Magician Miracles Psychic Phenomena Dumitrescu, 2018-01-25 Reveals the rich emotional experience of teaching and learning as revealed in Anglo Saxon literature
