Cunliffe,Patricia Connor,Kenneth Pearson,1979 **Fishbourne** Barry Cunliffe,1971 Spectacle and Display: A Modern History of Britain's Roman Mosaic Pavements Michael Dawson,2021-05-20 Antiquarian interest in the Roman period mosaics of Britain began in the 16th century This book is the first to explore responses and attitudes to mosaics not just at the point of discovery but during their subsequent history It is a field which has received scant attention and provides a compelling insight into the agency of these remains **The Romano-British Villa at Castle Copse, Great Bedwyn** E. P. Allison,1997 These efforts have shed light not only on the history of the villa itself but also on the shifting focus of power over the course of a millennium at the sites associated with Castle Copse in the immediate region the Iron Age hillfort of Chisbury a post Roman settlement and a Saxon village destined to become an urban center **Gardens of the Roman World** Patrick Bowe,2004 Romans loved their gardens whether they were the grand gardens of imperial country estates or the small private spaces tucked behind city houses They treasured gardens both as places for relaxation and as plots to grow ornamental plants as well as fruits and vegetables The soothing sound of bubbling fountains often added further to the pleasures of life in the garden Romans constructed gardens in every corner of their empire from Britain to North Africa and from Portugal to Asia Minor Long after their empire collapsed the gardens they had so carefully planted continued to exert influence in the farflung corners of their former world This book describes the variety of Roman gardens throughout the empire from the humblest to the most lavish including such well known places as Hadrian s Villa in Tivoli and the gardens of Pompeii and Herculaneum The continued influence of Roman gardens is traced though Arabic medieval and Renaissance gardens to the present day Many of the lavish illustrations were commissioned for this book A Fenland Garden Francis Pryor,2023-07-06 The story of how Francis Pryor created a haven for people plants and wildlife in a remote corner of the fens A Fenland Garden is the story of the creation of a garden in a complex and fragile English landscape the Fens of southern Lincolnshire by a writer who has a very particular relationship with landscape and the soil thanks to his distinguished career as an archaeologist and discoverer of some of England s earliest field systems It describes the imagining planning and building of a garden in an unfamiliar and sometimes hostile place and the challenges setbacks and joys these processes entail This is a narrative of the making of a garden but it is also about reclaiming a patch of ground for nature and wildlife of repairing the damage done to a small slice of Fenland landscape by decades of intensive farming A Fenland Garden is informed by the empirical wisdom of a practising gardener and archaeologist and by his deep understanding of the soil landscape and weather of the region Francis s account of the development of the garden is counterpointed by fascinating

nuggets of Fenland lore and history as well as by vignettes of the plantsman's trials and tribulations as he works an exceptionally demanding plot of land Above all this is the story of bringing something beautiful into being of embedding a garden in the local landscape and thereby of deepening and broadening the idea of home

BACKGROUND TO ARCHAEOLOGY Britain in its European setting, 1973 *The Fires of Vesuvius* Mary Beard, 2010-04-30 Although Pompeii still does not give up its secrets quite as easily as it may seem Mary Beard makes sense of the remains From sex to politics food to religion slavery to literacy she offers us the big picture of the inhabitants of the lost city

Roman Villas J.T. Smith, 2012-10-12 Roman Villas explores the social structures of the Roman world by analysing the plans of buildings of all sizes from slightly Romanized farms to palaces The ways in which the rooms are grouped together how they intercommunicate and the ways in which individual rooms and the house are approached reveal various social patterns which question traditional ideas about the Roman family and household J T Smith argues that virtually all houses were occupied by groups of varying composition challenging the received wisdom that they were single family houses whose size reflected only the owner's wealth and number of servants Roman Villas provides a meticulously documented and scholarly examination of the relationship between the living quarters of the Roman and their social and economic development which introduces a new area in Roman studies and a corpus of material for further analysis The inclusion of almost 500 ground plans drawn to a uniform scale allows the reader to compare the similarities and differences between house structure as well as effectively illustrating the arguments

A History of the Peoples of the British Isles: From Prehistoric Times to 1688 Stanford Lehmberg, 2013-10-11 The three volumes of *A History of the Peoples of the British Isles* weave together the histories of England Ireland Scotland and Wales and their peoples The authors trace the course of social economic cultural and political history from prehistoric times to the present analyzing the relationships differences and similarities of the four areas Covering British history from prehistoric times to 1688 Volume I's main themes include the development of prehistoric Roman and Anglo Saxon Britain discussions of family and class structures Medieval British history the Stuart and Tudor leaderships the arts and intellectual developments from 1485 to 1688 Presenting a wealth of material on themes such as women's history the family religion intellectual history society politics and the arts these volumes are an important resource for all students of the political and cultural heritage of the British Isles

Designing for Luxury on the Bay of Naples Mantha Zarmakoupi, 2014 This study explores Roman luxury villa lifestyle and architecture to shed light on the villas design as a dynamic process related to cultural social and environmental factors Through an analysis of five villas from around the bay of Naples it shows how the Romans developed a sophisticated interplay between architecture and landscape

Archaeological Investigation Martin Carver, 2013-10-18 Drawing its numerous examples from Britain and beyond *Archaeological Investigation* explores the procedures used in field archaeology travelling over the whole process from discovery to publication Divided into four parts it argues for a set of principles in part one describes work in the field in part

two and how to write up in part three Part four describes the modern world in which all types of archaeologist operate academic and professional The central chapter Projects Galore takes the reader on a whirlwind tour through different kinds of investigation including in caves gravel quarries towns historic buildings and underwater Archaeological Investigation intends to be a companion for a newcomer to professional archaeology from a student introduction part one to first practical work part two to the first responsibilities for producing reports part three and in part four to the tasks of project design and heritage curation that provide the meat and drink of the fully fledged professional The book also proposes new ways of doing things tried out over the author s thirty years in the field and brought together here for the first time This is no plodding manual but an inspiring provocative informative and entertaining book urging that archaeological investigation is one of the most important things society does *Ancient Roman Gardens* Elisabeth B. MacDougall, Wilhelmina Feemster Jashemski, 1981
