Financing for Development in Latin America and the Caribbean Andrés Franco Vasco, 2001 Since the early 1990s the nations of Latin America and the Caribbean LAC have joined other developing countries to bring the issue of financing for development to the agenda of the United Nations Although the discussion had begun earlier in the 1980s it was not until 1997 when a financial crisis hit many developing countries that a decision was made to convene an international forum What is the role and what are the sensitivities and perspectives of LAC in regard to financing for development This book attempts to provide a comprehensive answer to this question taking into account the need to prevent external crises in the future to reduce the vulnerability of the region to reform the international financial system and to minimize the social impact of these factors
