Extra Little Bit Of Religion:

Extra Little Bit of Religion Brian D'Arcy, 1990-11-01 **The Clinical Erich Fromm** Rainer Funk, 2009 Rainer Funk's edited book is immensely valuable because it presents Fromm's clinical ideas and clinical style through the voice of his supervisees, students, colleagues, and friends. Funk's book provides a timely and important addition to our understanding of Fromm. It fills a gap in the secondary literature by demonstrating the way in which Fromm was an especially skillful and talented clinician in addition to being a writer of great renown. By offering first-hand accounts of their work with Fromm, the contributors help readers to grasp how the clinical Erich Fromm worked in his psychoanalytic practice and how he conceptualized clinical case material. In the process, Funk's book deepens our appreciation of Fromm as a thinker, clinician, and a human being. Most importantly, this book illustrates the wealth of Fromm's approach and picks it up at the moment when psychoanalytic psychotherapy is confronting a challenge to its whole way of thinking and practicing. It reveals how Fromm's therapeutic approach, which emphasizes direct encounter with the patient and values the contextualization of experience, remains directly relevant for the changing culture of contemporary psychotherapy. Roger Frie, Associate Professor, Simon Fraser University and Faculty, William Alanson White Institute **International Journal of Religious Education**, 1927 **Matty: An American Hero** Ray Robinson, 1994-12-08 When all-time pitching great Christy Mathewson died of tuberculosis in 1925 at the age of 45, it touched off a wave of national mourning that remains without precedent for an American athlete. The World Series was underway, and the game the day after Mathewson's death took on the trappings of a state funeral: officials slowly lowered the flag to half-mast; each ballplayer wore a black armband; and fans joined together in a chorus of "Nearer My God to Thee." The pitcher, known to one and all as "Matty" or "Big Six," was as beloved for the strength of character he brought to the national pastime as for his stunning 373 career victories. In *Matty*, Ray Robinson tells the story of a man who became America's first authentic sports hero. Until Mathewson, Robinson reveals, Americans loved baseball but looked down on ballplayers and other athletes as hard-drinking, skirt-chasing ne'er-do-wells. Mathewson changed this attitude, showing an eager public that a real-life role model could be found in the athletic arena. Drawing on rare interviews, press clips, and long-overlooked eyewitness accounts, *Matty* brings baseball's golden age to life, offering fascinating insight into the making of an early twentieth-century American hero. Death, Religion and Law Peter Hutton, Ravi Mahajan, Allan Kellehear, 2019-11-01 This practical guide summarizes the principles of working with dying patients and their families as influenced by the commoner world religions and secular philosophies. It also outlines the main legal requirements to be followed by those who care for the dying following the death of the patient. The first part of the book provides a reflective introduction to the general influences of world religions on matters to do with dying, death, and grief. It considers the sometimes conflicting relationships between ethics, religion, culture, and personal philosophies and how these differences impact on individual cases of dying, death, and loss. The second part describes the general customs and beliefs of the major

religions that are encountered in hospitals hospices care homes and home care settings It also includes discussion of non religious spirituality humanism agnosticism and atheism The final part outlines key socio legal aspects of death across the UK Death Religion and Law provides key knowledge discussion and reflection for dealing with the diversity of the everyday care of dying and death in different religious secular and cultural contexts It is an important reference for practitioners working with dying patients their families and the bereaved The Outrageous Idea of Christian Scholarship George M.

Marsden,1997 In this book Marsden argues forcefully that mainstream American higher education needs to be more open to explicit expressions of faith and to accept what faith means in an intellectual context **Alex Through the Looking-Glass**
