Essentials of Pentecostal Theology Tony Richie,2020-01-20 Only a few decades past academia tended to scoff at the very idea of serious Pentecostal theology Today profound and variegated theological implications of this dynamic movement are the object of exploration and development across the entire spectrum of the Christian theological corpus Arguably an acute need has arisen for identification and evaluation of the Pentecostal movement s original and ongoing theological essentials What is Pentecostal theology really all about anyway This volume realizes that Pentecostal theology is at its heart a working theology undergirding and energizing believers worship of God in prayer and praise in holy living and in witness to a personal experience of the risen Lord and Savior manifested in the continuing power of the Holy Spirit Authentic implementation if not explicit articulation of fervent Pentecostal theology often occurs in the vitality of local churches house fellowships and various mission settings in America and around the world Birthed in the fires of revival movements essential

Pentecostalism including Pentecostal theology continues to burn brightest wherever it is fueled most directly Miracles and Supernatural Religion James Morris Whiton,2019-12-03 In Miracles and Supernatural Religion James Morris Whiton employs a rigorous analytical approach to explore the intersection of faith and reason within the framework of supernatural claims in Christianity Intensely focused on the historical context of religious phenomena Whiton deconstructs miracles examining their implications on belief systems and theological constructs His literary style is marked by an articulate and accessible dialogue that invites readers to critically engage with the often unquestioned tenets of faith Set against a backdrop of 19th century skepticism towards dogmatic interpretations of religion the text challenges conventional understanding through a thorough examination of historical evidence and philosophical inquiry James Morris Whiton a noted American scholar and theologian was profoundly influenced by the intellectual currents of his time including the rise of rationalism and biblical criticism His academic journey through theology philosophy and literature informed his nuanced perspective on the credibility of religious experiences Whiton s scholarly pursuits reveal a deep seated commitment to reconciling faith with reason which is central to the arguments he presents in this pivotal work This book is essential for scholars theologians and curious readers alike It not only illuminates complex theological debates but also invites readers to reflect on their perceptions of the supernatural Whiton s adept handling of intricate subjects makes this work a critical read for anyone seeking a deeper understanding of miracles within the context of religion
