Glossary of Chinese Medicine - E-Book Li Tian,Anton Lachner,2016-07-02 Anyone who learns the skills of acupuncture or who extends his knowledge of TCM is inevitably confronted with terms which hitherto had always meant something different to him or her Take the use of the word wind for example to refer to a pathogenic factor contributing to illnesses rather than its sense as a climatic factor This difficulty is compounded by the fact that in most books these terms are not used in a clear and uniform way One of the many examples is the Chinese term xu which is translated as insufficiency but also as deficiency or severity and is often not even used consistently within one and the same publication This glossary presents all the Chinese terms in Chinese characters and in Pinyin script that are relevant to TCM and provides their English translations It also provides an explanation of how for example the location or the function of an acupuncture point can be concluded from its name Teaches the reader to correctly pronounce important terms from TCM which are increasingly used in pinyin transcription The significance of TCM concepts provide explanations for the function of points and medications Written by leading experts in the field Attractive design throughout

The Principles and Practical Application of Acupuncture Point Combinations David Hartmann,2019-09-19 A foundation textbook explaining how point combinations work in acupuncture practice The book explains how each point works and how best to combine points for good clinical results Students and practitioners need to respond to clinical challenges in creative and flexible ways and this book guides them in the art of construction of effective treatment protocols Clinically useful combinations are presented throughout along with case studies showing the application of theory to practice

Fundamentals of Chinese Medicine Guangren Sun,Douglas Darwin Eisenstark,Qingrong Zhang,2014-07-01 The Fundamentals of Chinese Medicine is an international collaboration of Chinese medicine experts from both China and the west and co written by an experienced practitioner who has been teaching the subject in western schools This book covers the theory of traditional Chinese medicine and discusses the topic in greater depth than any English language textbook available today An abundance of classical references are also included here The material in this text comprises course material for a professional course of training in TCM which is also the basic material for studying and comprehension of

other more advanced courses in TCM The main contents include the physiological basis of essence qi yin yang and the five phases followed by the theories of essence qi and blood fluids and spirit Organ manifestation channel and collateral theory constitutional theory etiology and patho mechanism and also principles of prevention and treatment are expounded upon The knowledge in this textbook is approximately equal to that for students of TCM colleges in China and coincides with the requirements in the Examination Syllabus for TCM Professional Practitioners Worldwide Golden Needle Wang Le-ting Hui-chan Yu, Fu-ru Han, 1997 Wang Le ting was one of the architects of modern Chinese acupuncture Wang created many new acupuncture treatment protocols useful in the treatment of chronic difficult to treat conditions including paralysis and atrophy due to organic disease MS lupus ALS etc cerebrovascular accident and traumatic injury to the spinal cord This book is an account of his special acupuncture theories and contains his most effective treatment protocols representative case histories and Wang s analysis of point selection It s also a mine of step by step acupuncture protocols you can use in your clinic

The Fundamentals of Acupuncture Nigel Ching, 2016-09-21 A fantastically readable guide to Chinese Medicine this illustrated textbook covers the basic foundations and principles of acupuncture and TCM Nigel Ching covers everything from the theories of yin and yang to point functions and needling techniques

Earth Acupuncture Gail Reichstein Rex, 2016-02-18 Applying the principles of Chinese medicine and Native American shamanism to answer the call of the Earth and heal its polluted landscapes Explains how to build a healing relationship with the natural world by making offerings of thanks and listening to the Earth s responses Details methods of diagnosis and several types of Earth acupuncture treatment including building stone circles planting crystals and working with wooden and copper rod needles Shares the author s journey of healing a river with these methods After experiencing a powerful vision of the nuclear power plant near her home and its toxic effects on the Hudson River acupuncturist Gail Rex was inspired to help heal the river and surrounding lands but was unsure how to begin Soon after at a workshop with Cherokee wisdom teacher Venerable Dhyani Ywahoo she discovered the answer she could treat the landscape just as she treated her patients by taking its pulses and treating the points of stagnant energy and pollution with acupuncture Tracing her journey from initial vision and pulse taking to building a stone circle to open a major energy meridian of the Hudson the author reveals how our rivers valleys and forests are capable of illness and healing just like a living being She explains simple practices for attuning with the living landscape and responding appropriately to the messages and images received from the Earth s intelligence By making offerings of thanks and asking the land s permission before every interaction Gail Rex demonstrates the power of right relationship in action Drawing upon the principles of Chinese medicine and her work with Native American shamanic traditions Rex shows how the landscape itself reveals both its imbalances and the opportunities for treatment Using a broad range of diagnostic tools including direct observation principles of feng shui listening to pulses and working with maps she demonstrates ways of identifying the master points of the surrounding landscape She then explores different methods of Earth acupuncture

treatment including building stone circles planting crystals and working with wooden and copper rod needles to treat these specific points and restore energy balance Offering not only a proactive method for healing the environment Rex also reveals how to communicate with the rivers mountains trees and rocks that surround us allowing each of us to develop an authentic spiritual relationship with the living body of the Earth
