Extreme Faction:

Factions at War Revised Other Court Games, 2008 **Stifled Progress - International Perspectives on Social Work and Social Policy in the Era of Right-Wing Populism** Kerry Dunn, Jörg Fischer, 2019-04-15 Social work as a democratically constituted profession committed to human rights is currently facing cross border encroachments and attacks by right wing populist movements and governments With the Bundestag elections in September 2017 the question of the extent to which right wing populist forces succeed in influencing the discourse with xenophobic and nationalist arguments arises in Germany too The authors examine how social work can respond effectively to nationalism exclusion de solidarization and a basic skepticism about science and position itself against this background The book explores different conditions in Germany France Poland Russia and the US *Red Sun* Sudeep Chakravarti, 2009-04-17 Spread over fifteen of the country's twenty eight states India's Maoist movement is now one of the world's biggest and most sophisticated extreme left movements Hardly a week passes without people dying in strikes and counter strikes by the Maoists interchangeably known as the Naxalites and the police and paramilitary forces In this brilliant and sobering examination of the Other India Sudeep Chakravarti combines reportage political analysis and individual case histories as he takes us to the heart of Maoist zones in the country areas of extreme destitution bad governance and perpetual war *The Atlantic Monthly*, 1907

Democratization by Institutions Leslie E. Anderson, 2016-08-09 The case of Argentina demonstrates that formal government institutions can facilitate democratization *The Elizabethan Prayer-book & Ornaments* Henry Gee, 1902

Varieties of Right-Wing Extremism in Europe Andrea Mammone, Emmanuel Godin, Brian Jenkins, 2013-05-07 Beginning with an analysis of the complex relationship between fascism and the post war extreme right the book discusses both contemporary parties and the cultural and intellectual influences of the European New Right as well as patterns of socialization and mobilization It then analyses the effects of a range of factors on the ideological development of right wing extremism including anti-Semitism Islamophobia religious extremism and the approach towards Europe and the European Union The final sections investigate a number of activist manifestations of the extreme right from youth participation and the white power music scene to transnational rallies the Internet and football hooliganism In the process the book questions the notion that the contemporary extreme right is either completely novel or fully populist in character Drawing together a wide

range of contributors this is essential reading for all those with an interest in contemporary extremism and fascism The book is a companion volume to Mapping the Extreme Right Routledge 2012 which has the same editors **What's Our**

Problem? Tim Urban,2023-02-21 From the creator of the wildly popular blog Wait But Why a fun and fascinating deep dive into what the hell is going on in our strange unprecedented modern times Between 2013 and 2016 Tim Urban became one of the world s most popular bloggers writing dozens of viral long form articles about everything from AI to colonizing Mars to procrastination Then he turned his attention to a new topic the society around him Why was everything such a mess Why was everyone acting like such a baby When did things get so tribal Why do humans do this stuff This massive topic sent Tim tumbling down his deepest rabbit hole yet through mountains of history evolutionary psychology political theory neuroscience and modern day political movements as he tried to figure out the answer to a simple question What s our problem Six years later he emerged from the hole holding this book What s Our Problem is a deep and expansive analysis of our modern times in the classic style of Wait But Why packed with original concepts sticky metaphors and 300 drawings The book provides an entirely new framework and language for thinking and talking about today s complex world Instead of focusing on the usual left center right horizontal political axis which is all about what we think the book introduces a vertical axis that explores how we think as individuals and as groups Readers will find themselves on a delightful and fascinating journey that will ultimately change the way they see the world around them Anyway he wanted to say a lot more about all of this but there was a word limit on this book description so just go read the book *Korean Nationalism Betrayed* Joong-Seok

Seo,2007-11-01 Written by Joong Seok Seo an eminent Korean historian and a thinker of rare originality this book examines the tumultuous history of modern Korea from the perspective of nationalism Based on the author s extensive research and wide ranging experience the book goes to the heart of critical questioning about the political uses and abuses of nationalism by the ruling elites of post liberation Korea Indeed Korean Nationalism Betrayed fills a yawning gap in the Western understanding of the authoritarian political structure of South Korea 1948 1988 that manipulated and distorted nationalism by identifying it with ultra right anti communism The author provides a set of thought provoking and compelling arguments against the assumptions of the Cold War attributing the continued climate of tension and antagonism between the two Koreas to the tenacity of a Cold War mind set He traces the root of the tragedy of national division to the failure of Korean nationalism and puts forward a compelling case for overcoming the legacy of polarized ideological stance based on Cold War ideology and embracing a policy of reconciliation and cooperation by both sides **Emerging Adulthood in Hong Kong**

Chau-kiu Cheung,2017-09-22 How emerging adults broadly referring to those aged from 18 to 29 years old fare in civic engagement as compared with other adults is the focus of the present work The work takes civic engagement to comprise prosociality in civil society sustaining social institutions and challenging institutions Delineating a theoretical framework based on voluntaristic theory the work expects to find differences in civic engagement due to the voluntaristic mechanisms of

power realization utilitarian optimization normative conformity and idealistic consistency maintenance in the emerging adult as compared with the other Using survey data from 25 878 Chinese adults in Hong Kong the work illustrates that the emerging adult is higher than is the other in challenging social institutions notably in terms radicalism and occupying protest Moreover the emerging adult is less prosocial in terms in community participation Meanwhile the emerging adult is not consistently different from the other in sustaining social institutions The findings are crucial given the control various background characteristics including age education marriage and employment These findings are therefore useful for illustrating social forces postulated in voluntaristic theory for explaining civic engagement
