Extreme Golf The Worlds Most Extreme Courses:

Extreme Golf Duncan Lennard,2004 Extreme Golf is a captivating journey through the world s most geographically extreme climatically challenging dangerous and uniquely designed courses From the sweltering courses of the desert to the freezing ice golf championships in Greenland and from the erotically shaped bunkers in lush surroundings in France to the harsh surfaces in Kabul golf is clearly no longer the elite sport it once was Today s golfers at least the ones not wearing plaid pants are looking for the extreme where the rough is patrolled by wild animals and the greens are sometimes white This lushly illustrated book features more than 200 breathtaking and often hilarious photographs capturing the true spirit of extreme golf accompanied by light hearted and engaging text Including an appendix listing the unusual courses around the world in case you d like to make a tee time Extreme Golf s chapters include Location Location Location out of the way places in the world Courses for Concern difficult due to geographic oddities Golf by Design in which the course designer influences the extreme setup In the Rough really hard courses in really strange places *Extreme Golf* Duncan Lennard,2004

Adventures in Extreme Golf Duncan Lennard,2013-03 For many golfers the innocent thrill of striking a drive clearly avoiding a deep bunker or holing out an unlikely putt is all they need to make a round or a whole year of golf memorable But there s an obsessed subculture of modern players in search of something more They ve rediscovered the magic of the game in Adventures in Extreme Golf and their adventures are about to inspire golfers everywhere Follow golfers like Andre Tolme and Torsten Schilling who go to Mongolia to play in a par 11 880 course to 12 000 feet at Snowmass in Aspen to the naked open in New Zealand and to the freezing temperatures of Antarctica Duncan Lennard describes a world at the very edge of sport where the courses may be only ten holes long but the average length of each hole is 638 yards Learn that your resilience and not just a pretty swing determines your success Adventures in Extreme Golf will take you all over the world and show you that a par four is nothing compared to these holes See courses you ve only seen in your dreams or rather your nightmares and follow Duncan Lennard as he takes you on a trip to see why these courses and holes are considered extreme

Golf Stole My Brain - And Other Strange Golfing Tales Dale Concannon, 2015-11-05 According to the legendary Sam Snead golf is the most frustrating sport of all One day you are up on Cloud Nine and the next day you couldn't scratch a whale's belly he once famously said Like many of us who play the game he understood that few sports offer more opportunity to make complete fools of ourselves than golf For anyone from the most celebrated professional to the lowliest hacker it can appear deceptively easy at times and virtually impossible at others Highlighting the idiosyncratic nature of the game and the often messianic fervor of those who play it this collection of unique and often amusing tales will have you shaking your head in disbelief From the European Ryder Cup star who claimed his rental house was haunted to the German farmer who filed a lawsuit against a nearby golf club claiming they had murdered thirty of his UK 12 99 cows absolutely nothing is out of bounds The story of golf is full of wacky individuals who obsess over a missed putt or wayward drive From the player who bet his life on a round of golf to the complete novice who fancied he could take on the world's best players in the British Open this book celebrates some of the best and worst golfers ever to pick up a titanium 3 wood The product of many years of research *Golf Stole My Brain* contains a mass of little known and hitherto unpublished stories The same applies to the photography Illustrated throughout with some of the most unusual images ever used it's entertaining informative but above all fun So take a look you may even recognise someone you know

The World's Greatest Golf Courses From Above Alex Narey, 2023-05-23 Golfers forever dream about playing in the most iconic locations such as the beautiful Augusta National the testing Valderrama or the legendary St Andrews and *The World's Greatest Golf Courses from Above* provides them with a unique perspective of these great golf challenges Each of the world's most celebrated courses is illustrated using Google Earth's incredible satellite imagery and then described in expert detail alongside the course history and design the signature holes and the tactics for playing them In this brand new updated and expanded edition *The World's Greatest Golf Courses from Above* brings these awe inspiring courses vividly to life and it is the next best thing to actually playing them

Golf by the Numbers Roland Minton, 2012-09 How do the world's greatest golfers improve their game Practice sure but Roland Minton says mathematics and statistics are also key to their success *Golf by the*

Numbers analyzes the mathematical strategies behind the sport giving fans a behind the scenes look at how numbers drive the game Computers GPS trackers swing simulators and high speed cameras have introduced new and exciting ways of seeing and understanding the complicated and endlessly fascinating game of golf Players like Phil Mickelson are so good because they review the results of every swing they take Minton s comprehensive analysis of statistics taken from the PGA Tour s ShotLink system walks readers through the mountains of data that pros use to inform and refine their play The result is an insider s perspective of how the world s greatest golfers apply mathematics to the sport Minton discusses randomness in golf especially how much luck is involved in putting as well as aggressive and cautious strategies both on and off the greens and he explains by the numbers just how Tiger Woods was so dominant from 2004 to 2009 Here is a book that tells some truly engaging stories of modern golf featuring famous players and memorable tournaments all through the lens of elementary probability theory Minton s informal style and clear and direct explanations make even the most detailed discussions accessible to all curious minded golfers His mathematical morsels are not only enjoyable to read they may even help you improve your game
