intrigue *The Animal Other in Narratives of Conquest* Stacy Hoult, 2023-04-11 *The Animal Other in Narratives of Conquest* Uncanny Encounters investigates the functions of nonhuman animal imagery in diverse narratives of the Conquest of the Americas. The author's explications of film, poetry, literary and popular fiction, and theme park spaces draw on postcolonial and animal theory, deconstructive and Freudian literary criticism, and radical social theory. She argues that animals in these texts function on two levels while they play a key role in the development of both Indigenous and European characters. Depictions of their treatment and symbolic charge consistently work to disrupt narratives that seek to present the Conquest as a mutually beneficial encounter between two cultures. The close readings of animal imagery in texts ranging from Pablo Neruda's poetry to the animated film *The Road to El Dorado* represent a fresh approach to questions surrounding the depictions of Indigenous Americans and the motivations, tactics, and lasting contributions of the invading culture. **Maggie Heart** Nahdiya Nixon, Maggie thought her life was simple as a child but growing up with two older siblings has always been challenging and there were always some kinks involved such as her mortal husband Ian Morteze, her best friends Ryan Little, Brian Chow, and Ming Chin who refuses to leave her side. Maggie is told by her parents that she must come clean about a secret she's been hiding for the past thirty years of her life and when she does, all hell breaks loose when the Casterian councilman Justin Lee goes on a bloody rampage and Maggie and her close friends and family are forced to move underground. Not too long after Maggie is told that she comes from a family of fortune and politics and must battle Mr Lee in order to take the throne. What is the secret Maggie's held for so long and will she accept her place at the Court?
