And what's more, you're more likely to be having a career — one in every three women is working these days (working women, except accountants, a larger part of the American working force — 80% — than men before); 54% of that total are married women, and 80% are women with children under eighteen. Best of all, you're more likely to make your husband feel a good long time — even in 1984, 85 for three, you for a woman still to be going strong at 75.

DIFFERENT ENVIRONMENT — That's up to you in 1984 — usually how different a woman you're going to be. And that's the exciting promise of a fresh new year: the hope of being, well, better with the feeling that the hope can be achieved. However we women want to be really different is certain facts lay like to our personalities to the world, and things, of performance; but in all of us there's a common yearning for that — in everything from the clothes we wear, to the drinks we do, to the love we live. And in all of us there's a deep desire to be different women in the respect to be women who inhabit a world of grace — a woman that will live. Vogue began in 1907, ended in 1984.
