Eyes At My Feet:

Borrowed Eyes And Feet T.E. Corner, 2018-09-13 A life of fear and anger is not a life worth living were the words that manifested for him Tired of the constant battle deep within he gave up no longer willing to tolerate a life of anger and self destruction T E was faced with a self imposed ultimatum to either end the struggling and suffering by leaving the physical world behind or change the way he viewed the world and the people in it Prepare yourself for an intimate and revealing glimpse into a personal hell of struggle and self hatred to see it miraculously transform into a world of peace and acceptance Borrowed Eyes and Feet chronicles what the author refers to as his year of enlightenment For decades he tolerated life behind a veil of anger and retaliation which worked for him but regrettably left a trail of hurt and regret He summoned the courage to rise up against his inner rage self doubt and self destruction to find another way toward love *Eyes at My Feet* Jessie Hickford, 1973 *Zombie Eyes*, Monea, 2020-08-26 Our main character who sees herself as more of a villain rather than a good hearted citizen has no name Hence why she s addressed as NoName She has no family at least none that her memory absent mind can remember She d say she s completely alone because the sarcastic asshole in her head doesn t count regardless of how many times he s told her that he s an actual person The only thing she knows for certain is that the world is over and the stupid groaning brain dead corpses are responsible for that Just when NoName thinks she s got a grasp on her confusing life the world throws more complications her way Enter Bunny and Scotty Moore odd names but not as odd as their personalities Scotty a seventeen year old smartass whose mouth never comes to a halt somehow worms his way under NoName s cold exterior and gets her to warm up to them Bunny on the other hand possesses a wisdom way beyond that of a twelve year old girl Her innocence and na ve outlook of the world and people somehow manages to turn NoName s negative perspective of herself When the siblings blackmail NoName to help them find their long lost brother with little to no hints of where he s gone can she help the siblings and perhaps even as clich e as it sounds find herself in the process The Senses of Scripture Yael Avrahami, 2012-06-15 The Senses of Scripture reveals the essence of biblical epistemology the ways in which ancient Israelites thought about and used their sensorium The theoretical introduction demonstrates that scholars need to liberate themselves from the Western bias that holds a pentasensory paradigm and prioritises the sense of sight The discussion of the biblical material demonstrates that biblical scholars should follow a similar path Through examination of associative and contextual patters the author reaches a septasensory model including sight hearing speech kinaesthesia touch taste and smell It is further demonstrated that the senses according to the HB are a divinely created physical experience which symbolised human ability to act in a sovereign manner in the world Despite the lack of a biblical Hebrew term sense it seems that at times the merism sight and hearing serves that matter Finally the book discusses the longstanding dispute regarding the primacy of sight vs hearing and claims that although there is no strict sensory hierarchy evident in the text sight holds a central space in biblical epistemology Transactions Tri-State Medical Association of the
