## **Ezekiel Second Isaiah:**

**Ezekiel, Second Isaiah** James Luther Mays, 1978      **Prophets of the Exile. (Ezekiel.-The Second Isaiah.).** Charles Edward SELL, 1923      Two Refugees: Ezekiel and Second Isaiah David Syme Russell, M. R. Bielby, 1962      *A History of Ancient Israel and Judah* James Maxwell Miller, 1986-01-01 A significant achievement this book moves our understanding of the history of Israel forward as dramatically as John Bright's *A History of Israel* Martin Noth's *History of Israel* and William F Albright's *From the Stone Age to Christianity* did at an earlier period      **The Refugees** David Syme Russell, 1962      **The Formation of the Hebrew Bible** David M. Carr, 2011-10-12 In *The Formation of the Hebrew Bible* David Carr rethinks both the methods and historical orientation points for research into the growth of the Hebrew Bible into its present form Building on his prior work *Writing on the Tablet of the Heart* Oxford 2005 he explores both the possibilities and limits of reconstruction of pre stages of the Bible The method he advocates is a methodologically modest investigation of those pre stages utilizing criteria and models derived from his survey of documented examples of textual revision in the Ancient Near East The result is a new picture of the formation of the Hebrew Bible with insights on the initial emergence of Hebrew literary textuality the development of the first Hexateuch and the final formation of the Hebrew Bible Where some have advocated dating the bulk of the Hebrew Bible in a single period whether relatively early Neo Assyrian or late Persian or Hellenistic Carr uncovers specific evidence that the Hebrew Bible contains texts dating across Israelite history even the early pre exilic period 10th 9th centuries He traces the impact of Neo Assyrian imperialism on eighth and seventh century Israelite textuality He uses studies of collective trauma to identify marks of the reshaping and collection of traditions in response to the destruction of Jerusalem and Babylonian exile He develops a picture of varied Priestly reshaping of narrative and prophetic traditions in the Second Temple period including the move toward eschatological and apocalyptic themes and genres And he uses manuscript evidence from Qumran and the Septuagint to find clues to the final literary shaping of the proto Masoretic text likely under the Hasmonean monarchy      **The Dawn of Apocalyptic** Paul D. Hanson, 1979 In challenging both traditional and contemporary notions of the nature and history of the Biblical apocalyptic literature Professor Hanson begins by saying that the origins of apocalyptic cannot be explained by a method which juxtaposes seventh and second century compositions and then proceeds to account for the features of the latter by reference to its immediate environment The apocalyptic literature of the second century and after is the result of a long development reaching back to pre exilic times and beyond and not the new baby of second century foreign parents Not only the sources of origin but the intrinsic nature of late apocalyptic compositions can be understood only by tracing the centuries long development through which the apocalyptic eschatology developed from prophetic and other even more archaic native roots In this ground breaking study Professor Hanson focuses on one strand which can be seen running through the heart of many of the so called apocalyptic works the strand of apocalyptic eschatology He seeks to demonstrate that the rise of apocalyptic eschatology is

neither sudden nor anomalous but follows the pattern of an unbroken development from preexilic and exilic prophecy

**Theology of the Old Testament** John L. McKenzie, 2009-03-01 By thoroughly investigating every aspect of theology to be found in the Old Testament Father McKenzie offers a total theological statement of this timeless record The theology of the Old Testament he writes has to be the study of the reality of Yahweh The Old Testament is the sole literary witness to that reality as the record of the experience of Israel Seven categories outline the book cult revelation history nature wisdom political and social institutions and the future of Israel Together these categories provide a pathway to God that is far more complete than that which can be experienced by any individual For McKenzie the Hebrew scriptures are to be understood as the independent record of the early Israelite community's experience with God rather than as a prelude to or forecast of the New Testament

**The Old Testament Prophets Then and Now** James M. Efrid, 2001-04-16

**Mutual Influence in Priestly and Non-Priestly Pentateuchal Narratives** Aron Freidenreich, 2024-08-20 Building upon scholarly models Aron Freidenreich reexamines the relationship between two key narrative collections found within the Pentateuch Five case studies demonstrate textual expansion and influenced updating reflecting a dynamic interaction between competing scribal communities

**Battle of the Gods: The God of Israel Versus Marduk of Babylon** Kessler, 2018-03-20 This monograph is a literary study of the oracles against Babylon in Jeremiah chapters 50-51 They form the climax of the foreign oracle collection in the book of Jeremiah Included are a survey of early scholarship on these chapters a discussion of genres and motifs verbal components and a succinct survey of the historical context However the major emphasis is directed to the dynamic of these oracles as a literary creation with a message That message is directed to Judah and Israel who are urged to flee a doomed city with its idolatrous civilization and to return to their homeland to Jerusalem to enter a permanent covenant with YHWH the God of their fathers Throughout the literature is discussed in its natural contexts within the oracle collection in Jeremiah in comparison with the Isaian oracles against Babylon and within the canonical book of Jeremiah demonstrating the climactic position of these oracles

**The Law and the Prophets, Or, The Revelation of Jehovah in Hebrew History from the Earliest Times to the Capture of Jerusalem by Titus** Alexandre Westphal, 1910

*Jesus the Seer* Ben Witherington III, 2017-10-01 Increasingly scholars recognize that prophetic traditions expressions and experiences stand at the heart of most religions in the ancient Mediterranean world This is no less true for the world of Judaism and Jesus

Ben Witherington III offers an extensive cross cultural survey of the broader expressions of prophecy in its ancient Mediterranean context beginning with Mari moving to biblical figures not often regarded as prophets Balaam Deborah Moses and Aaron and to the apocalyptic seer in postexilic prophecy showing that no single pattern describes all prophetic figures The consequence is that different aspects of Jesus s activity touch upon prophetic predecessors his miracles on Elijah and Elisha his self understanding as the Son of Man on Daniel and 1 Enoch his warnings of woe and judgment on the writing prophets in Judean tradition and his messianic entry into Jerusalem on Zechariah 9 Witherington also surveys the phenomenon of apocalyptic prophecy in early Christianity including Paul Revelation the Didache Hermas and the Montanist movement Jesus the Seer is a worthy complement to Witherington s other volume on Jesus Jesus the Sage Fortress Press 2000

*Linguistic Evidence for the Pre-exilic Date of the Yahwistic Source* Rick Wright, 2005-05-01 For the past few decades a growing number of scholars have attempted to overthrow the traditional Wellhausen view that the so called Yahwist or J source of the Pentateuch is the oldest of the four major sources These scholars have argued that J was composed during the exilic or post exilic periods of ancient Israel Their arguments have focused on the literary historiographic and theological characteristics of J This book attempts to re evaluate on linguistic grounds such efforts to place the Yahwist source in the exilic or post exilic periods The study employs the methodology developed most prominently by Avi Hurvitz for identifying characteristic features of post exilic Hebrew Late Biblical Hebrew This divides the language of the Hebrew Bible into three main chronological stages Archaic Biblical Hebrew ABH Standard Biblical Hebrew SBH and Late Biblical Hebrew LBH Wright examines 40 features of J for which useful comparisons can be made to LBH and finds no evidence of LBH in the entire Yahwist source Therefore it is unlikely that J was composed during the post exilic period Moreover since Hurvitz has shown that the exilic period was a time of transition between SBH and LBH such that late features began to occur in exilic texts the author concludes on linguistic grounds that J was most likely composed during the pre exilic period of ancient Israel
