PN Review, 1993 Romantic Writings Stephen Bygrave, 2017-09-29 Romantic Writings is an ideal introduction to the

cultural phenomenon of Romanticism one of the most important European literary movements and the cradle of Modern culture Here you will find an accessible introduction to the well known male Romantic writers Blake Wordsworth Coleridge Byron Shelley and Keats Alongside are chapters dealing with poems by Charlotte Smith Mary Robinson Ann Barbauld Elizabeth Barrett Browning which challenge the idea that these men are the only Romantic writers As a further counterpoint the book also includes discussion of two German Romantic short stories by Kleist and Hoffman Throughout close reading of texts is matched by an insistence on reading them in their historical context Romantic Writings offers invaluable discussions of issues such as the notion of the Romantic artist colonialism and the exotic and the particular situation of women writers and readers

Owen the Poet Dominic Hibberd, 1986-11-10 Wilfred Owen's poetry is now very widely known as the finest that came out of the First World War But much about the poet and his work has not been fully understood This book based on unrivalled research is the first to study of Owen's complete poetic achievement revealing the uniqueness strangeness and unity of what he called his poethood His war poems are shown to be a consistent development from his prewar verse and his unswerving allegiance to Romanticism they grew out of a pattern of mythologised secret experience that took shape in some of his least known manuscripts before he knew anything of the trenches Owen lived for poetry many unfamiliar aspects of that life are brought into focus including his early discovery of Georgianism his battle with Revivalist religion his debt to the French Decadence his alleged cowardice the torment of his shellshock and the remarkable sociological treatment he received for it his sexual nature and his friendship with Oscar Wilde's beleaguered disciples in 1918 and his supreme courage in making poetry out of inner horrors deliberately recollected in tranquility Learning from Wordsworth and Shelley Aesthetes and Decadents Sassoon and the Georgians Hardy Barbusse Russell Edward Carpenter and many others Owen realised his life's ambition and became a profoundly original poet Owen the Poet ends with chapters on two of his richest works *Strange Meeting* his worst shellshock nightmare and *Spring Offensive* the epilogue to all he wrote Notes appendixes and bibliography complete what is likely to be the most authoritative book on its subject for many years to come *Penelope Fitzgerald*

Hermione Lee, 2014-11-18 ONE OF THE NEW YORK TIMES BOOK REVIEW'S 10 BEST BOOKS OF THE YEAR A Best Book of the Year San Francisco Chronicle Seattle Times Winner of the Plutarch Award for Best Biography The acclaimed biographer of Edith Wharton and Virginia Woolf gives us an intimate portrait of one of the most quietly brilliant novelists of the twentieth century Penelope Fitzgerald was a great English writer whose career didn't begin until she was nearly sixty She would go on to win some of the most coveted awards in literature the Booker Prize and the National Book Critics Circle Award Now in an impeccable match of talent between biographer and subject Hermione Lee a master biographer and one of Fitzgerald's greatest champions gives us this remarkable writer's story Lee's critical expertise is on dazzling display on every page as it illuminates this extraordinary English life Fitzgerald born into an accomplished intellectual family the granddaughter of two bishops led a life marked by dramatic twists of fate moving from a bishop's palace to a sinking houseboat to a last late blaze

of renown We see Fitzgerald s very English childhood in the village of Hampstead her Oxford years when she was known as the blonde bombshell her impoverished adulthood as a struggling wife mother and schoolteacher raising a family in difficult circumstances and the long delayed start to her literary career Fitzgerald s early novels draw on her own experiences working at the BBC in wartime at a bookshop in Suffolk at an eccentric stage school in the 1960s while her later books open out into historical worlds that she magically seems to entirely possess Russia before the Revolution postwar Italy Germany in the time of the Romantic writer Novalis Fitzgerald s novels are short spare masterpieces and Hermione Lee unfurls them here as works of genius Expertly researched written out of love and admiration for this wonderful author s work Penelope Fitzgerald is literary biography at its finest an unforgettable story of lateness persistence and survival [The Metaverse: A Critical Assessment](#) Philip Brey,2025-06-11 This book offers an extensive assessment of the nature and feasibility of the metaverse and is the first to critically examine its social and ethical implications The metaverse is in essence an envisioned future merger of virtual and augmented reality VR and AR and the internet enabling real time immersive interaction and activities like work play socializing and entertainment Major tech companies like Meta Microsoft Apple and NVIDIA have been investing billions in metaverse technologies with generative AI accelerating progress This book examines how these efforts could culminate in the metaverse exploring its potential forms implications and the social and ethical challenges it may pose along with recommendations for responsible innovation The book is aimed at stakeholders shaping the metaverse developers creators investors business leaders and thought leaders in technologies like VR AR Web3 blockchain and AI It also serves scholars and students in applied ethics the social sciences and the humanities including fields such as media studies psychology and law General readers interested in the metaverse and emerging technologies will find it both accessible and engaging Endorsements In this book the talented and eloquent philosopher Philip Brey carefully explains the history and ideas behind the metaverse and the prospects for its further development and adoption That detailed information meticulously presented makes this a valuable read But that is just the start In later chapters Brey just as skillfully describes the opportunities and vulnerabilities that a metaverse is likely to generate These chapters are thorough precise and offer profound insights into our possible futures Some of the possibilities are exciting Others are frightening Keith W Miller University of Missouri St Louis *The Mountains. A Collection of Poems* Edith W. Cook,2024-06-25 Reprint of the original first published in 1876 [The Greatest Viking](#) Desmond Seward,2022-11-03 Raider Conqueror King Saint This is the story of Olav Haraldsson the greatest Viking who ever lived A ruthless Viking warrior who named his most prized battle weapon after the Norse goddess of death Olav Haraldsson and his mercenaries wrought terror and destruction from the Baltic to Galicia in the early eleventh century Thousands were put to the sword enslaved or ransomed In England Canterbury was sacked its archbishop murdered and London Bridge pulled down The loot amassed from years of plunder helped Olav win the throne of Norway and a century after his death he was proclaimed Eternal King and has been a national hero there ever since Despite

his bloodthirsty beginnings Olav converted to Christianity and in a personal vendetta against the old Norse gods made Norway Christian too thereby changing irrevocably the Viking world he was born into Told with reference to Norse sagas early chronicles and the work of modern scholars Desmond Seward paints an intensely vivid and colourful portrait of the life and times of arguably the greatest Viking of them all **Books Ireland** ,2007 *Paperbacks in Print* ,1969 *Biological Aspects of Lead: an Annotated Bibliography; Literature from 1950 Through 1964* Irene R. Perspectives on Abstract Concepts Marianna Bolognesi, Gerard J. Steen, 2019-06-15 Human language is the most powerful communication system that evolution has produced Within this system we can talk about things we can physically see such as cats and tables but also about more abstract entities such as theories and feelings But how are these abstract concepts grounded in human cognition and represented in the mind How are they constructed in language And how are they used in natural communication settings This book addresses these questions through a collection of studies that relate to various theoretical frameworks ranging from Conceptual Metaphor Theory to Words as Social Tools Contributors investigate how abstract concepts are grounded in the mind represented in language and used in verbal discourse This richness is matched by a range of methods used throughout the volume from neuroimaging to computational modeling and from behavioral experiments to corpus analyses The British National Bibliography Cumulated Subject Catalogue ,1968
