## Face Of Human Rights:

*The Changing Face of Religion and Human Rights* Clemens Nathan, 2009-06-02 Clemens N Nathan has devoted a lifetime to the pursuit of Human Rights to understanding and reflecting upon the concept of Human Rights to participating in and sometimes helping to create organisations and mechanisms for the protection and promotion of Human Rights to helping those who have been denied their Human Rights and to encouraging and supporting research into and scholarship on Human Rights All this has been achieved by a man who has had no formal training in the field but who has become a recognised expert through his extensive reading through working with leading exponents and by drawing upon his lively intellect his wealth of culture and his knowledge of history philosophy and religions This volume published under the auspices of the Raoul Wallenberg Institute of Human Rights and Humanitarian Law offers insight into the challenging relationship between religion and human rights

*The Hidden Face of Rights* Kathryn Sikkink, 2020-01-07 Why we cannot truly implement human rights unless we also recognize human responsibilities When we debate questions in international law politics and justice we often use the language of rights and far less often the language of responsibilities Human rights scholars and activists talk about state responsibility for rights but they do not articulate clear norms about other actors obligations In this book Kathryn Sikkink argues that we cannot truly implement human rights unless we also recognize and practice the corresponding human responsibilities Focusing on five areas climate change voting digital privacy freedom of speech and sexual assault where on the ground primarily university campus initiatives have persuaded people to embrace a close relationship between rights and responsibilities Sikkink argues for the importance of responsibilities to any comprehensive understanding of political ethics and human rights
