**Musings of a Christian Physician on the Physical and Spiritual Healing of Man** Joseph DeMay MD FAAP, 2020-05-27 I had always believed in the healing power of our Lord and viewed my life as one of service to Him via the practice of medicine But in retrospect I had a deeper trust in the power of modern medicine and science than I did in Jesus Christ and His fully accomplished work on the Cross My thinking was flawed but as I grew in my walk with the Lord and meditated on Scripture more fully I began to see the superiority of faith over the limited interventions modern medical science had to offer and that this interplay between faith and science was not mutually exclusive but complimentary for the spiritual aspects of our lives illuminate and empower the carnal aspects of intellect and physical senses I began jotting notes to myself related to this interplay of faith and healing and science and just filed them away for years I Then in December of 2017 a baby was born to a first time mother of mine his little body riddled with the most fulminant form of acute lymphoblastic leukemia almost always fatal His absolutely miraculous healing was the impetus to start putting these thoughts into writing in the form of weekday morning emails entitled A Christian Doctor's View of Healing Faith and Science It was soon made clear to me that these writings were to take the form of a year long devotional book comprised of short weekday messages that are intimately linked such that they can be read through as a book And that book was to paint a picture and that picture was to be of a face and the face was to be that of Jesus for He is the source of all healing
