German Literature in the Age of Globalisation Stuart Taberner, 2004-11-01 Literary fiction in Germany has long been a medium for contemplation of the nation and questions of national identity From the mid 1990s in the wake of heated debates on the future direction of culture politics and society in a more normal united country German literature has become increasingly diverse and seemingly disparate at the one extreme it represents the attempt to reinvent German traditions at the other the unmistakable influence of Anglo American forms and pop literature A shared concern of almost all of recent German fiction however is the contemporary debate on globalisation its nature impact and consequences for local culture In its engagement with globalisation the literature of the Berlin Republic continues the long established practice of reflection on what it is to be German This book investigates literary responses to the phenomenon of globalisation The subject is approached from a wide range of thematic and theoretical perspectives in twelve chapters which taken together also provide an overview of German fiction from the mid 1990s to the present The book serves both as an introduction to contemporary German literature for university students of German and as a resource for scholars interested in culture and society in the Berlin Republic

Not So Plain as Black and White Patricia M. Mazón, Reinhild Steingröver, 2005 After World War II brown babies were born to African American GIs stationed in Germany and German mothers Today there are 500 000 Afro Germans in Germany out of a population of 80 million Nevertheless German society still sees them as foreigners assuming they are either African or

African American but never German As editors Patricia Mazon and Reinhild Steingrover argue the experience of Afro Germans provides insight into contemporary Germany's transformation willing or not into a multicultural society Furthermore looking at Afro Germans allows us to see another dimension of the ideas of race that shaped the twentieth century and led to the Holocaust Jacket

German Literature in a New Century Katharina Gerstenberger, Patricia Herminhouse, 2008 While the first decade after the fall of the Berlin wall was marked by the challenges of unification and the often difficult process of reconciling East and West German experiences many Germans expected that the new century would achieve normalization The essays in this volume take a closer look at Germany's new normalcy and argue for a more nuanced picture that considers the ruptures as well as the continuities Germany's new generation of writers is more diverse than ever before and their texts often not only speak of a Germany that is multicultural but also take a more playful attitude toward notions of identity Written with an eye toward similar and dissimilar developments and traditions on both sides of the Atlantic this volume balances overviews of significant trends in present day cultural life with illustrative analyses of individual writers and texts *World Literature Today*, 2000

Literature on the Move Dominique Marçais, 2002 Literature on the Move investigates the creativity emerging from the ruptures unforeseen intersections and new fusions of transmigration The cultural bifocality of the essays by established scholars such as Wolfgang Binder Karla Holloway Elaine Kim A Robert Lee Lisa Lowe and Sterling Stuckey as well as new

David Rock,Stefan Wolff,2002 The end of World War II led to one of the most significant forced population transfers in history the expulsion of over 12 million ethnic Germans from Central and Eastern Europe between 1945 and 1950 and the subsequent emigration of another four million in the second half of the twentieth century Although unprecedented in its magnitude conventional wisdom has it that the integration of refugees expellees and Aussiedler was a largely successful process in postwar Germany While the achievements of the integration process are acknowledged the volume also examines the difficulties encountered by ethnic Germans in the Federal Republic and analyses the shortcomings of dealing with this particular phenomenon of mass migration and its consequences
