Healing Lost Souls William J. Baldwin,2025-09-12 For two decades William Baldwin has been a pioneer in the ever expanding therapeutic fields of Spirit Releasement Past Life Regression and Soul Mind Fragmentation In his Florida practice he uses these therapies routinely to help patients who suffer from Dissociative Trance and Dissociative Identity formerly called Multiple Personality Disorders *Healing Lost Souls* explains the attributes of each therapy in everyday language and provides dozens of case studies to illustrate its clinical use Likening his work to the ancient practice of shamanism Baldwin has found that psychological disorders are often rooted in past life traumas the interference of attached entities of various origins and the fragmentation of one s soul Baldwin stresses the importance of active patient participation throughout the stages of regression as well as the need to treat encountered entities with respect since they are often mere lost souls as bewildered and frightened as the patients themselves The Journey of Rainsnow J. Rainsnow,2002-01-30 The JOURNEY OF RAINSNOW centuries in the making yet destined for our own times is an extraordinary book at the same time personal and universal private and planetary THE JOURNEY OF RAINSNOW is the story of one man s mystical odyssey of self discovery as he leaves behind the fetters of his rational past to map out a new territory of life within his heart It is a story which moves from the hard practical streets of New York City to a New Age awakening driven by paranormal experiences powerful synchronicities and a vivid stream of past life memories which give us glimpses of times and places as diverse as ancient Egypt and Greece feudal Japan and imperial China Maya and Aztec Mexico Native North America and Nazi Germany As the adventure unfolds so too do history s most critical lessons and the deepest mysteries of life THE JOURNEY OF RAINSNOW destined to be a New Age classic is truly a must read for anyone immersed in the search for life s meaning for anyone committed to the struggle of our world to heal and survive **Jewish Tales of Reincarnation** Yonasson

Gershom,2000-01-31 Scattered throughout many kabbalistic and hasidic texts are numerous teaching stories with reincarnation as their central theme Now for the first time you can read 70 of these fascinating tales in a single volume collected and retold by master storyteller Yonassan Gershom The author begins with an over view of basic themes about the afterlife such as the judgement of souls before the Heavenly Court the mystical significance of the Covenant at Sinai the process of tikkun olam repairing the universe and some reasons why human beings return to earth in new bodies He then takes you on an exciting journey through many centuries of Jewish tales where you will meet dozens of saints and sinners animals and humans angels and mortals all attempting to work out their past life karma through applying the teachings of the Torah in earthly life In order to make the classical stories understandable to the modern reader each tale has been expanded to include clear explanations of cultural and religious details So skillfully does Gershom weave this material into the

narrative itself that the reader scarcely notices how a gentle form of education is taking place By the time you have finished the book you will not only have been entertained but will have completed an excellent introduction to Jewish spirituality as well Both classical and contemporary tales are included here from sources as widely varied as kabbalistic texts folklore anthologies and discussions on the Internet Of special interest are several new tales collected by the author himself which have never before appeared in print *In Search of Truth and Salvation* CA. R C Guria,2022-07-11 This book attempts to highlight the truth of life which many of us do not know Many of us consider our present existence to be the truth of life But according to scholars philosophers and researchers our present momentary persona is only a bubble on the ocean of our eternal existence Almost all ancient philosophies and modern science have established that each of us is immortal because soul we possess exists forever This book explains with reference to philosophical thoughts and scientific research studies that death we know applies to the physical body only but not to the soul The soul is infinite and omnipresent So after every death soul enters into a new body in its long journey towards Salvation This book has also refers to philosophical explanation that the Supreme Soul or the Brahman is only the Real all other else are not real Precisely the Real Man is one one and each of us is only a limitation of the Real Man It s all God s play **The New Science of Consciousness Survival and the**

Metaparadigm Shift to a Conscious Universe Dr. Alan Ross Hugenot,2016-06-30 Alan Hugenot lectures on the Leading Edge Science of the Afterlife he concluded that the entire universe is conscious and that this explains both near death experiences and certain paradoxes of quantum theory As someone with a physics degree I know that Hugenot s basic idea of a conscious universe is neither crazy nor new Erwin Schr dinger one of the fathers of quantum physics was an avid student of Hindu philosophy and believed something similar Gideon Lichfield April 2015 Atlantic Monthly The existence of a hidden field Bohm s implicate order of non physical consciousness occupying as yet undiscerned additional dimensions which are outside the visible reality Bohm s explicate order as defined by 3 D plus time has now been proven scientifically by the following collated data Recent repeated replication of John Bell s theory of non locality Studies of the Near Death experience and After death communications demonstrated in triple blind laboratory experiments testing evidential mediumship This hidden field implicate order of non physical consciousness also provides the matrix upon which the explicate order of observed reality is continually manifested Alan Hugenot Our challenge is to discover through careful science how we can interface with this matrix of consciousness Viewing psi phenomena as belonging to aspects of reality about which we as yet simply know very little is the only honest way for any scientist to proceed Healthy scientific skepticism must be open to new discoveries and so allow open examination of the scientific data developed by rigorous para normal research Honest open minded inquiry will bring both new discoveries of truth and new laws of physics beyond the limits of the Newtonian paradigm Alan Hugenot

A Short History of (Nearly) Everything Paranormal Terje G. Simonsen,2020-06-09 A superb survey of the paranormal and a travelogue through the twilight zone of human consciousness hailed by experts as the best introduction to psychic

Kapporos Then and Now: Toward a More

Compassionate Tradition Yonassan Gershom, 2015-06-03 Every year right before Yom Kippur the Day of Atonement there is a cultural war in certain Jewish neighborhoods over a ceremony called Kapporos in which a chicken is slaughtered just before the holy day The animal rights people show up claiming Meat is murder while the Orthodox and Hasidic Jews who practice this ceremony accuse the activists of antisemitism and violating their freedom of religion Epithets fly and confrontations occur across the barricades but nobody is really listening to each other Rabbi Gershom seeks to build a bridge of understanding between these two warring camps On the one hand he opposes using live chickens as Kapporos and like many other religious Jews before him advocates giving money to charity instead But on the other hand he is himself a Hasid who understands and believes in the kabbalistic principle of raising holy sparks so central to the ceremony In fact he says it is that very mysticism that has led him not to use chickens for the ritual

God is in Hell Gemma Grott, 2003 Enmeshed in

revolutionary politics and faced with imminent death it took a series of extraordinary spiritual encounters to bring Grott to a dramatic change of life direction She did not realize she had been on a life long quest for the answer to Where was God during the Holocaust until she found her answers In her search for meaning and then healing and reconciliation she gives us a rare opportunity to witness the extremes of behavior a seeker may turn to before finding a way to end the cycle of assault and retribution This unusual story is told from an integrated heartfelt political and spiritual perspective

Past Lives,

Present Miracles Denise Linn, 2010-10-08 Miracles can occur in your life easily and effortlessly It's simply a matter of remembering who you are and to do this it's necessary to clear the blockages that stand between you and your soul Almost all of these obstacles have their roots in your distant past so it's valuable to travel back in time to release them However most of us are so caught up in limiting beliefs about who we are that it's almost impossible to take that journey In this book you'll learn how to travel back to your previous incarnations to release buried obstructions so you can create the miracles in your life that you deserve It's safe easy and fun and anyone can do it You'll learn how to discover your past lives without ever

doing a regression remove limitations regarding your relationships abundance and health that came from your past lives uncover the symptoms of past life traumas and how to clear them even if you don't believe in reincarnation understand the roles that loved ones played in your previous incarnations find your personal guides spirit guardians and angels and receive their help and much much more

Love and Immortality William Pillow, 2008-05 An autobiographical love story and a scientific and metaphysical discussion about death God our souls the spirit world and reincarnation It also discusses the implications of how we live our lives based on love eternity and theological concerns Page 4 of cover

Signs of Reincarnation James G. Matlock, 2019-06-15 Signs of Reincarnation provides the first comprehensive look at the belief in reincarnation and the evidence for past lives from historical records anthropological studies and contemporary research Matlock discusses various ways the evidence may be interpreted and shows that although reincarnation entails a rejection of the materialist notion that consciousness is generated by the brain it does not require the acceptance of any radically new concepts or the abandonment of well established findings in mainstream psychology or biology This book offers students scholars and anyone interested in the possibility of reincarnation an essential grounding in beliefs cases and theory while opening doors for future research into the extension of consciousness beyond our present lives

Does the Soul Survive? Elie Kaplan Spitz, 2012-12-14 Near death experiences Past life regression Reincarnation Are these sorts of things Jewish With a blend of candor personal questioning and sharp eyed scholarship Rabbi Elie Kaplan Spitz relates his own observations and the firsthand accounts shared with him by others experiences that helped propel his journey from skeptic to believer that there is life after life From near death experiences to reincarnation past life memory to the work of mediums Rabbi Spitz explores what we are really able to know about the afterlife and draws on Jewish texts to share that belief in these concepts so often approached with reluctance is in fact true to Jewish tradition The increasing interest and faith in survival of the soul may grow into a cultural wave that is as potentially transformative for society as the civil rights movement and feminism A renewed faith in the soul's journeys will call for a reassessment of our priorities and will enable traditional religions to renew and transform their adherents from the Introduction

The Message of the Rainsnow J. Rainsnow, 2002-02-05 THE MESSAGE OF RAINSNOW a book which stands by itself is the inspirational and practical sequel to THE JOURNEY OF RAINSNOW While the first book presented an esoteric chronicle filled with insights for our times THE MESSAGE OF RAINSNOW crystallizes the unfolding consciousness of THE JOURNEY into a pragmatic blueprint for achieving global transformation As many other books it upholds the values of community spirituality and respect for nature seeing in these elements the pillars of our collective salvation Unlike other books however this one seeks not only to promote these invaluable ideals but to build a concrete bridge from where we are now to where we must go to the new world of the future in which these cherished but distant ideals will finally become reality Most importantly of all THE MESSAGE OF RAINSNOW seeks to awaken and to create the living people who will become the embodiment of these indispensable ideals the advanced

guard of our world's march to life. It is a journey and a privilege which begins by reading this book. *Spirituality* Kees Waaijman, 2002. This textbook is a systematic guide to the extensive field of spirituality. Kees Waaijman charts the multiform phenomenon of spirituality: the spirituality of ordinary people, the great spiritual traditions and the force of counter-movements. From the foundation of this survey, he answers questions like: What exactly is spirituality? What forms can a scholarly approach take? Finally, the book provides methodic access to the study of spirituality, focusing on the following questions: Which are the different forms of spirituality and how can we describe them? How can spiritual texts be given a reliable reading? Which themes can be distinguished in the field of spirituality and what would be a meaningful way to address them? What do we mean by spiritual guidance and what can we learn from it? This textbook has no equal. It is indispensable to scholars wishing to study the subject but also to others who want to learn about spirituality.

Judaism and Anthroposophy Fred Paddock, Mado Spiegler, 2003. This book was initiated by the Rudolf Steiner Library where the librarian Fred Paddock had long felt the need to make available some of the cutting edge writings by European anthroposophists.

One Soul, Many Lives Roy Stemman, 2005-05-19. Accounts and evidence of reincarnation from around the world presented in a clear and easy-to-follow journalistic style with a Ripley's 'believe it or not' overtone that makes for a perspective-changing read.

Cultural Perspectives on Mental Wellbeing Natalie Tobert, 2016-09-21. Providing much needed understandings of cultural differences in attitudes and beliefs towards issues such as illness, death and mental health, this book is a remedy against the cultural dissonance occurring at present between Western medical systems and their increasingly diverse patients in order to facilitate integrated and suitable care.

Warum wir an das Schicksal glauben Aloisia Kopp, 2008. Schicksal als Sinn. Sinnvolle Zufälle wie z.B. Begegnungen mit Menschen steuern sie unser Leben. Liegt ein verborgener Sinn in allen Ereignissen? In diesem Buch geht es um Fragen, die jeden von uns betreffen: über den Verlauf des menschlichen Schicksals, über scheinbar zufällige Begebenheiten, über den Sinn des menschlichen Leidens. Menschen sind auf der Suche nach Sinn in einer von Wertewandel geprägten Erlebnis- und Konsumkultur europäischer Dienstleistungsgesellschaften. Beschränkt sich der Horizont des Menschen nur noch auf die gegenwärtige Spassgesellschaft? Auf ein Leben in materiellem Wohlstand, welcher für immer mehr Menschen im Abnehmen begriffen ist? Oder besitzt das Leben des Menschen eine geistige Dimension jenseits materieller Erscheinungsformen? Liegt es an uns selbst, die Verantwortung für die eigene geistige bzw. ethische Entwicklung zu übernehmen? Reichen die Folgen unseres Handelns über das gegenwärtige Leben hinaus? Aus so unterschiedlichen Quellen wie Christentum, Anthroposophie, mediale Offenbarungen, wissenschaftliche Untersuchungen, Nahtod und Reinkarnationsforschung werden Erkenntnisse zur Frage des menschlichen Schicksals zusammengefasst, wodurch erstaunliche Parallelen sichtbar werden.
