The Adolescent Experience Thomas P. Gullotta, Gerald R. Adams, Carol A. Markstrom, 1999-10-25 The Adolescent Experience places the college student at the very heart of the book The authors engage in a dialogue with the reader that is warm caring and often humorous as they write and share material about this time of life The authors emphasize the role that development and society play in the lives of young people The book has a solid research basis with a historical and multicultural focus But most important the book is practical and applied with the strongest prevention health promotion material available in any basic undergraduate adolescent psychology text currently on the market Key Features Focuses on health promotion and illness prevention Provides not only a U S but also a much needed Canadian perspective to this life stage Involves students as participants in a long standing inquiry into the nature of adolescence as they are introduced to the latest research in the field Provides students with the latest practical information in subject areas like sexuality drugs and alcohol suicide and depression eating disorders crime delinquency and violent behavior List server links student and or instructor to authors Explores the uniqueness of North America s multi culturalism Illustrates important concepts using literature and social history to make them tangible to students

Transitions from School to Work Ingrid Schoon, Rainer K. Silbereisen, 2009-08-24 This volume made an important contribution to the growing literature on the transition from school to work It provides a different perspective on the global changes that have transformed school to work transitions since the 1970s offers an integrative conceptual framework for analysis and promotes a comparative cross national understanding of school to work transitions in a changing social context The articles assembled in this volume compare and assess variations in school to work transitions across Europe and North America providing empirical evidence on how young people negotiate the different options and opportunities available and assessing the costs and returns associated with different transition strategies Unlike many other volumes on this subject which are pitched at either the macro or micro level this volume attempts to integrate both perspectives capturing the complexity of this critical life course transition Furthermore the authors address policies aimed at improving the capacity of individuals to make effective transitions and at enabling societies to better coordinate educational and occupational institutions
