Four Biblical Heroines and the Case for Female Authorship Hillel I. Millgram, 2015-03-21 This work examines the lives of four female characters in the Bible Naomi Ruth Tamar and Esther Their stories differ significantly from those of most female Biblical characters in that each woman is depicted without a dominant male companion and each is featured in the Bible s more secular texts The author evaluates each character s role as a female protagonist and demonstrates how each story represents an innovative view of religion and a revisionist evaluation of women s roles Finally the author proposes that these narratives may have been authored by women Appendices provide additional information about Boaz Judah and Tamar Greek versions of the Book of Esther Mordecai s decree and literacy in ancient Israel Includes a glossary and timeline

[An American Health Dilemma](#) W. Michael Byrd, Linda A. Clayton, 2001-12-21 First published in 2002 *An American Health Dilemma* is the story of medicine in the United States from the perspective of people who were consistently officially mistreated abused or neglected by the Western medical tradition and the US health care system It is also the compelling story of African Americans fighting to participate fully in the health care professions in the face of racism and the increased power of health corporations and HMOs This tour de force of research on the relationship between race medicine and health care in the United States is an extraordinary achievement by two of the leading lights in the field of public health Ten years out it is finally updated with a new third volume taking the story up to the present and beyond remaining the premiere and only reference on black public health and the history of African American medicine on the market today No one who is concerned with American race relations with access to and quality of health care or with justice and equality for humankind can afford to miss this powerful resource

Neopragmatism and Theological Reason G.W. Kimura, 2017-03-02 *Neopragmatism and Theological Reason* examines the recent explosion of interest in pragmatism Part I traces the source of classical pragmatism s distinctive thought to Peirce James and Dewey specifically to their shared theological understanding inherited from Emerson s Transcendentalism and British Romanticism Part II reconstructs this rationality for postmodernity showing how neopragmatism properly understood is theological reason Kimura discusses the return of religious themes in philosophers like Putnam Cavell and Rorty and

critiques the neopragmatic theologies of West McFague and Kaufman Neopragmatism and Theological Reason explores pragmatic themes across philosophy theology and literary theory arguing that neopragmatism must acknowledge its theological sources and then reconstruct its rationality to the religious context of modernity postmodernity **Americus** Lawrence Ferlinghetti, 2004 In less than a year Lawrence Ferlinghetti won a lifetime achievement award from the Author s Guild received the Frost Medal from the Poetry Society of America was elected to the American Academy of Arts and Letters and celebrated the 50th anniversary of his renowned City Lights Bookstore Now instead of resting on these many laurels the elder statesman of American poetry lights out for the territories with Book I of his own born in the USA narrative Americus Describing his work as part documentary part public pillow talk part personal epic a descant a canto unsung a banal history a true fiction lyric and political Ferlinghetti merges certain universal texts snatches of song words or phrases murmuring of love or hate from Lotte Lenya to the latest soul singer sayings and shibboleths from Yogi Berra to the National Anthem and the Gettysburg Address or the Ginsberg Address that haunt our nocturnal imagination This sit up and take notice work breaks new ground in the grand tradition of Whitman Williams Olson and Pound as Ferlinghetti stalks our literary and political landscapes past and present to articulate the unique voice of America and create an autobiography of our collective American consciousness **Clearings in the Forest** Nathan Harter, 2007-08 Reading about leadership is like walking through dense forest The literature goes in so many different directions a person can become lost As a result leadership studies struggles for academic credibility while it tries to bring some kind of order to this fascinating complex and important social phenomenon Let Nathan Harter be your guide As an Associate Professor of Organizational Leadership he has found it helpful to orient students using the metaphor of a forest where you can follow the streams down toward analysis or climb the peaks toward synthesis The book reveals itself to be a work of philosophy Specifically it relies on Pragmatism to resolve thorny theoretical issues since leadership studies must be eminently practical The reader acquires analytical skills along the way while touring different paths of the forest This book targets an emergent market comprised of scholars and educators as well as the libraries that serve them People come to study leadership from different disciplines and expect to find an integrated theoretical treatment of the subject Despite the growing popularity of leadership programs however theoretical works are rare As a few post secondary programs introduce graduate programs in leadership this book could also serve as their textbook *Victorian Science and Literature, Part II vol 8* Gowan Dawson, Bernard Lightman, Claire Brock, Marwa Elshakry, Sujit Sivasundaram, Ralph O'Connor, Roger Luckhurst, Justin Sausman, 2024-10-28 This eight volume reset edition in two parts collects rare primary sources on Victorian science literature and culture The sources cover both scientific writing that has an aesthetic component what might be called the literature of science and more overtly literary texts that deal with scientific matters [English Literature An Illustrated Record in Eight Volumes. Clio's Bastards Curtis R. McManus, 2016-06-24 Clio's Bastards uses an examination of the discipline of history in Canadian universities as the point of entry for a much larger exploration of the intellectual spiritual and moral crisis confronting Western civilization today Over the past four decades academic history was slowly perverted as historians adopted new sociological approaches to the study of the past Historians altered the content purpose and goals of the discipline as they sought not Truth but Justice as part of a larger ideological program of radical social change And today the

pervasive sociological way of seeing understanding and explaining our world has become the new common sense right across the Western world both inside and outside the academy Sociological thought however is neither new nor advanced nor is it progressive as its adherents claim it is simply recrudescence Sophistry and Cynicism destructive philosophies which ruined and fouled ancient Athens the source and inspiration for Western civilization
