Dirkson, 2024-07-23 Honorable Mention 2025 Joe Trotter First Book Award given by the Urban History Association Explores how concerns about poverty induced Black crime cultivated by police journalists and city officials sparked a rise in tough on crime policing in Philadelphia During the Great Migration of African Americans to the North Philadelphia's police department journalists and city officials used news media to create and reinforce narratives that criminalized Black people and led to police brutality segregation and other dehumanizing consequences for Black communities Over time city officials developed a system of racial capitalism in which City Council financially divested from social welfare programs and instead invested in the police department promoting a tough on crime policing program that

generated wealth for Philadelphia's tax base in an attempt to halt white flight from the city Drawing from newspapers census records oral histories interviews police investigation reports housing project pamphlets maps and more *Hope and Struggle in the Policed City* draws the connective line between the racial bias African Americans faced as they sought opportunity in the North and the over policing of their communities of which the effects are still visible today Menika B Dirkson posits that the tough on crime framework of this time embedded itself within every aspect of society leading to enduring systemic issues of hyper surveillance the use of excessive force and mass incarceration *Hope and Struggle in the Policed City* makes important contributions to our understanding of how a city government's budgetary strategy can function as racial capitalism that relies on criminal scapegoating Most cogently it illustrates how this perpetuates the cycle of poverty induced crime inflates rates of incarceration and police brutality and marginalizes poor people of color **Heiress in Love** Christina
