Meaney, 2011-05-18 Co published with the Denver Museum of Nature Science Thoroughly revised and updated Mammals of Colorado Second Edition is a comprehensive reference on the nine orders and 128 species of Colorado's recent native fauna detailing each species description habitat distribution population ecology diet and foraging predators and parasites behavior reproduction and development and population status An introductory chapter on Colorado's environments a discussion of the development of the fauna over geologic time and a brief history of human knowledge of Coloradan mammals provide ecological and evolutionary context The most recent records of the state's diverse species rich illustrations including detailed maps skull drawings and photographs and an extensive bibliography make this book a must have reference Amateur and professional naturalists students vertebrate biologists and ecologists as well as those involved in conservation and wildlife management in Colorado will find value in this comprehensive volume

Wyoming Forest Highway 23 (Louis Lake Road), Fremont County, 2001

Northern San Juan Basin Coal Bed Methane Project, 2006

Hiking Colorado Maryann

Gaug,2011-05-17 Lace up your boots and sample fifty of the finest trails Colorado has to offer This hiker s paradise offers not only rugged peaks and crystal clear alpine lakes but also historic ruins and magnificent canyons View the Continental Divide in Rocky Mountain National Park journey to Colorado s highest point at the top of Mount Elbert hike beneath immense sandstone cliffs in Devils Canyon or step back in time to North America s largest dinosaur track site Veteran hiker Master of Leave No Trace and outdoor writer Maryann Gaug will introduce you to these trails and more Inside you ll find detailed shaded relief maps GPS waypoint coordinates for each hike accurate route profiles showing the ups and downs of each hike tips on equipment trip planning and hiking with dogs and children accurate directions difficulty ratings trail contacts and more Whether you are a day tripper or long distance hiker old hand or novice come explore the wonders of our nation s highest state on foot *Hiking Colorado* Sandy Heise,2022-06-01 DREAM IT This guide features concise descriptions and maps for 50 beautiful hikes throughout Colorado Hikers of all levels can enjoy beautiful views get fit in the outdoors and learn about the region s history PLAN IT Hiking Colorado provides the latest information to plan a customized trip Popular and lesser known hikes Full color photos maps and trailhead GPS Insightful hike overviews details on distance difficulty accessibility and more DO IT This guide takes you from the trailhead to Find hikes suited to any ability Experience the thrill of exploring new landscapes and viewing wildlife Discover alpine lakes spectacular mountain views and much more Song of the Alpine Joyce Gellhorn,2002 Celebrating her life long love for the land above the trees author Joyce Gellhorn takes readers on a season by season tour of the alpine tundra With clear readable prose and 140 beautiful color photographs from her collection that spans some twenty five years Gellhorn reveals the subtle wonders of this haunting landscape The plants and animals that populate this often harsh and unforgiving environment have evolved remarkable strategies for survival in their high mountain home Faced with bitter cold scouring winds and fierce storms they must somehow hold on and still find water and nourishment Gellhorn tells us how they do it and the intricacies and precariousness of these strategies are astonishing The high country of the Colorado Rocky Mountains has been a destination and a home for Joyce Gellhorn for more than fifty years including some twelve years spent living with her family at the University of Colorado s research station Science Lodge a log cabin at 9 500 feet Like the snow that would sift through the chinks in the cabin the alpine despite its harshness captured her heart She writes The clear mountain air the scenery the invigorating feeling of physical activity and the fascinating plants animals and insects captivated me Through the years these wind blown forlorn places continue to excite me It is their wildness untamed and unpredictable No matter how many times I visit the alpine even areas I know intimately it always shows a different face Mushrooms of Colorado Vera Stucky Evenson,1997 **Rocky Mountain Birds** Paul Johnsgard,2011-11-04 Part I outlines the habitats ecology and bird geography of the Rocky Mountains north of the New Mexico Colorado border including recent changes in the ecology and avifauna of the region It provides detailed lists of major birding locations and guidance about where to search for specific Rocky Mountain birds Part 2 considers all 328

regional species individually with information on their status habitats and ecology suggested viewing locations and population Back cover

Cutting Edge Gardening in the Intermountain West Marcia Tatroe, 2007 A guide to gardening in the Intermountain West which includes parts of Washington Oregon Idaho Nevada Utah Colorado Arizona New Mexico Montana Kansas Nebraska North Dakota South Dakota and Wyoming

Real Cool Colorado Places for Curious Kids, 1998

Coyote Valley Thomas G. Andrews, 2015-10-05 Thomas Andrews drills deep into the many pressures that have reshaped a small stretch of North America from the ice age to the advent of the Anthropocene and controversies over climate change He brings to the surface lessons about the critical relationships to land climate and species that only seemingly unimportant places on Earth can teach

Biological Perspectives, 2002-07-31

Walks of Life Doug Wheat, 2019-07-16

Walks of Life empowers the reader with the tools and inspiration to take the leap back to nature It reaches out to everyone who might not be wholly civilized to those whose dispositions include some cast of the romantic and adventurous who might consider trading the sweet air of forest and desert for that of the city the melodies of birds for sounds of traffic the campfire for a computer screen the stars for a ceiling It is for those who wish to experience mountains as art canyons as music deserts as poetry not worthless real estate It has everything needed for those aspiring to go beyond the day hike stage and put together their own adventures instead of purchasing them Walks of Life is crafted to inspire a thirst for the wild and motivation to walk in its wonder It is full of humor stories of exploration and practical instruction while every page rings in a celebration of natural history

Vacationland William Philpott, 2013-08-30 Winner of the Western Writers of America 2014 Spur Award for Best Western Nonfiction Contemporary Mention the Colorado high country today and vacation imagery springs immediately to mind mountain scenery camping hiking skiing and world renowned resorts like Aspen and Vail But not so long ago the high country was isolated and little visited Vacationland tells the story of the region s dramatic transformation in the decades after World War II when a loose coalition of tourist boosters fashioned alluring images of nature in the high country and a multitude of local state and federal actors built the infrastructure for high volume tourism ski mountains stocked trout streams motels resort villages and highway improvements that culminated in an entirely new corridor through the Rockies Interstate 70 Vacationland is more than just the tale of one tourist region It is a case study of how the consumerism of the postwar years rearranged landscapes and revolutionized American environmental attitudes Postwar tourists pioneered new ways of relating to nature forging surprisingly strong personal connections to their landscapes of leisure and in many cases reinventing their lifestyles and identities to make vacationland their permanent home They sparked not just a population boom in popular tourist destinations like Colorado but also a new kind of environmental politics as they demanded protection for the aesthetic and recreational qualities of place that promoters had sold them Those demands energized the American environmental movement but also gave it blind spots that still plague it today Peopled with colorful characters richly evocative of the Rocky Mountain landscape Vacationland forces us to consider

how profoundly tourism changed Colorado and America and to grapple with both the potential and the problems of our familiar ways of relating to environment nature and place Plant Ecology J. Phil Gibson, Terri R. Gibson, 2006 Explores the interrelationships between plants and humans and provides a look at the natural processes that create build and sustain life

Whispering the Secrets of Language: An Mental Quest through **From Grassland To Glacier The Natural History Of Colorado And The Surrounding Region**
