## **From Life To Law Concilium 1996 5:**

*Apostolicity Then and Now* John J. Burkhard, 2015-05-15 *Apostolicity Then and Now* explores apostolicity from its origin to today. Apostolicity is a fundamental mark of the church referring to Jesus' faith given to and carried on and taught unaltered by a continuous line of apostles. This book primarily focuses on how apostolicity pertains to the church as a whole and views apostolic succession in light of how apostolicity is applicable to the church. Scriptural, historical, theological, and ecumenical contexts provide a thorough study that includes worldviews and their impact on apostolicity. Chapters are: Who Were the Apostles? Why the Early Churches Understood Themselves as Apostolic; Apostolicity in History; Apostolicity and the Theologians; Apostolicity and the Classical and Modern Worldviews; Apostolicity in a Postmodern World; Apostolicity in Ecumenical Dialogue; and Apostolicity in an Ecumenical Church.

*Canon 1096 on Ignorance with Application to Tribunal and Pastoral Practice* Girard M. Sherba, 2001. Before Vatican II, marriage was often considered or at least popularly expressed as a union of bodies; that is to say, marriage was an exclusive contract by which a man and a woman mutually handed over their bodies for the purpose of acts which led to the procreation of children. Matrimonial jurisprudence was primarily focused on this marital contract. With the advent of Vatican II and its emphasis on the personalist notion of marriage, a new age dawned whereby canonists, especially auditors of the Roman Rota, were henceforth to view marriage as a union of persons. A person is more than a body; rather, a person is an individual consisting of wants, needs, desires, impulses, hopes, and dreams whose life experience has been shaped by the milieu, cultural, familial, religious, from which he or she comes. Union is not only simply understood as a contract but also is now once again recognized as a covenant, a concept which at least in the Latin Church was prevalent until the 12th century. One of the canons of the 1983 CIC, although almost identical in wording to its predecessor in the 1917 CIC, but which now must be understood and interpreted in light of the teachings of Vatican II is canon 1096, which pertains to the effect of ignorance on matrimonial consent. Given the current appreciation of marriage founded in the teachings of Vatican II, especially in *Gaudium et spes*, reiterated by Popes Paul VI and John Paul II and described in the Catechism of the Catholic Church, complicated by today's western society's stress on individualism and permeated by a divorce mentality, what is the impact of this canon on matrimonial consent? How can its meaning, once understood as being wider than merely the sexual act itself, be better utilized by those in tribunal ministry? This is the major thrust of the present work. The research of the history and development of the concept of ignorance in canonical writings, how its understanding broadened especially after Vatican II, and our conclusions on how to apply its richness to marriage nullity led us to expand the use of this canon, how it can aid in the development of pre-marital preparation programs which would not only possibly help prevent couples from being ignorant of the essence of marriage but also help them to appreciate this richness more deeply in their own lives so that marriage truly can become, as we read in canon 1055, a partnership of the whole of life which is ordered by its nature to the good of the spouses and the procreation and education of offspring. It is our

sincere hope that this study with its extensive footnotes and up to date bibliography will not only be of benefit to all who read it but also will serve as a spring board for further discussion and use of this canon as a ground for nullity and other pastoral uses

*Electing Our Bishops* Joseph O'Callaghan, 2007-03-09 How does one become a bishop in the Catholic Church Electing our Bishops How the Catholic Church Should Choose Its Leaders explains how history politics and religious tradition converge to produce the episcopacy The book gives an historical overview from the earliest times when bishops were elected by the clergy and people of the diocese to the present day where they are normally appointed by the pope In light of the current clergy sexual abuse scandal many distinguished theologians canonists and church historians have called for greater popular participation in the selection of bishops and Electing our Bishops discusses ideas for new forms of election that involve both clergy and laity This book is an important tool for Catholics who want to understand the history and process of the election of bishops as well as how the process might change in the future

*From Life to Law* James H. Provost, Knut Walf, 1996 *Imagining the Catholic Church* Ghislain Lafont, 2000 Father Lafont challenges the Church to offer a renewed image and to speak credibly without abandoning any essentials given by God to the Church and without sacrificing the radicalism of the Gospel message

**A (Studies in Medieval and Early Modern Canon Law, Volume 6) Pernicious Sort of Woman** Elizabeth Makowski, 2005-05 WINNER OF THE 2007 HISTORY OF WOMEN RELIGIOUS DISTINGUISHED BOOK AWARD Whether they were secular canonesses or beguines tertiaries or Sisters of the Common Life quasi religious women in the later Middle Ages lived their lives against a backdrop of struggle and insecurity resulting in large measure from their ambivalent legal status Because they lacked one or more of the canonical earmarks of religious women strictly speaking they had to justify their unauthorized way of life and to defend themselves against association with those who had been branded unorthodox unruly or even heretical Ambiguous legal status within the organized Church and the contests to which it gave rise are a constant theme in the historiography of quasi religious women yet there has been no full scale study of what it meant at law to be a mulier religiosa This book provides a thorough examination of the writings of canon lawyers in the late Middle Ages as they come to terms both in their academic work and also in their roles as judges and advisers with women who were not strictly speaking religious but who were popularly thought of as such It studies the ways in which jurists strove to categorize

these women and to clarify the sometimes ambivalent canons relating to their lives in the community It assesses among other things the extent to which lawyers proved responsive to popular as well as learned notions of what constituted religious life for women when the interests of particular clients were at stake *A Pernicious Sort of Woman* will be a useful supplement to books devoted to individual quasi religious women or to specific manifestations of female lay piety It will be of interest to historians of Christianity and specialists in the law and women s studies as well as anyone interested in the history of religious women ABOUT THE AUTHOR Elizabeth Makowski is Associate Professor of History at Texas State University She is the author of *Canon Law and Cloistered Women* and coauthor of *Wykked Wyves and the Woes of Marriage* PRAISE FOR THE BOOK This book should help shed light on the context in which women developed their forms of religious life and be of use to historians and those who study particular women or communities that were trying to survive in the later Middle Ages *Magistra* This book is a worthy follow up to the author s excellent monograph *Canon Law and Cloistered Women* There is no doubt that *A Pernicious Sort of Woman* is a first rate book Makowski s story of the formulation reception and use of the Clementine decrees on quasi religious women is a model of how the neglected elephantine literature of Fourteenth and Fifteenth century canon law can be tamed and put to good use Makowski aimed at a wide scholarly audience and her book hits the mark a reader ignorant of canon law may take for granted the lucid summaries of texts that can be rather intractable Those expert in ecclesiastical law will appreciate this achievement all the more but should also be grateful for the way Makowski smoothly integrated such technical material with one of the hot topics of medieval historiography today late medieval women s religiosity Patrick Nold *Ecclesiastical Law Journal* Elizabeth Makowski brilliantly makes sense of the incongruities between canon law s increasing crack down on religious women of all sorts and the actuality of increasing numbers of late medieval quasi religious women In so doing she has written an essential book for all those embarking on the study of medieval religious women on the history of canon law and on the history of those late medieval towns and regions that began to persecute beguines and other religious women The importance of this study is threefold it constitutes a valuable introduction to the work [The Palgrave Handbook of Family Policy](#) Rense Nieuwenhuis,Wim Van

Lancker,2020-12-14 This open access handbook provides a multilevel view on family policies combining insights on family policy outcomes at different levels of policymaking supra national organizations national states sub national or regional levels and finally smaller organizations and employers At each of these levels a multidisciplinary group of expert scholars assess policies and their implementation such as child income support childcare services parental leave and leave to provide care to frail and elderly family members The chapters evaluate their impact in improving children s development and equal opportunities promoting gender equality regulating fertility productivity and economic inequality and take an intersectional perspective related to gender class and family diversity The editors conclude by presenting a new research agenda based on five major challenges pertaining to the levels of policy implementation in particular globalization and decentralization

austerity and marketization inequality changing family relations and welfare states adapting to women s empowered roles
