

## From A Philosophical Point Of View Selected Studies

Jean-Yves Béziau, Jean-Pierre Desclés, Amirouche Moktefi, Anca Christine Pascu

### From A Philosophical Point Of View Selected Studies:

From a Philosophical Point of View Morton White, 2009-02-09 One of the most important philosophers of recent times Morton White has spent a career building bridges among the increasingly fragmented worlds of the humanities social sciences and natural sciences From a Philosophical Point of View is a selection of White s best essays written over a period of more than sixty years Together these selections represent the belief that philosophers should reflect not only on mathematics and science but also on other aspects of culture such as religion art history law education and morality White s essays cover the full range of his interests studies in ethics the theory of knowledge and metaphysics as well as in the philosophy of culture the history of pragmatism and allied currents in social political and legal thought The book also includes pieces on philosophers who have influenced White at different stages of his career among them William James John Dewey G E Moore and W V Quine Throughout White argues from a holistic standpoint against a sharp epistemological distinction between logical and physical beliefs and also against an equally sharp one between descriptive and normative beliefs White maintains that once the philosopher abandons the dogma that the logical analysis of mathematics and physics is the essence of his subject he frees himself to resume his traditional role as a student of the central institutions of civilization Philosophers should function not merely as spectators of all time and existence he argues but as empirically minded students of culture who try to use some of their ideas for the benefit of society From a Philosophical Point of View ,2008 One of the most important philosophers of recent times Morton White has spent a career building bridges among the increasingly fragmented worlds of the humanities social sciences and natural sciences From a Philosophical Point of View is a selection o American Pragmatists Cheryl Misak, 2013-02-21 Cheryl Misak presents a history of the great American philosophical tradition of pragmatism from its inception in the Metaphysical Club of the 1870s to the present day This ambitious new account identifies the connections between traditional American pragmatism and contemporary philosophy and argues that the most defensible version of pragmatism roughly that of Peirce Lewis and Sellars must be seen and recovered as an important part of the analytic tradition Logic in Question Jean-Yves Béziau, Jean-Pierre Desclés, Amirouche Moktefi, Anca Christine Pascu, 2023-01-11 This contributed volume collects papers related to the Logic in Question workshop which has taken place annually at Sorbonne University in Paris since 2011 Each year the workshop brings together historians philosophers mathematicians linguists and computer scientists to explore questions related to the nature of logic and how it has developed over the years As a result chapter authors provide a thorough interdisciplinary exploration of topics that have been studied in the workshop Organized into three sections the first part of the book focuses on historical questions related to logic the second explores philosophical questions and the third section is dedicated to mathematical discussions Specific topics include logic and analogy Chinese logic nineteenth century British logic in particular Boole and Lewis Carroll logical diagrams the place and value of logic in Louis Couturat's philosophical thinking contributions of logical analysis for

mathematics education the exceptionality of logic the logical expressive power of natural languages the unification of mathematics via topos theory Logic in Question will appeal to pure logicians historians of logic philosophers linguists and other researchers interested in the history of logic making this volume a unique and valuable contribution to the field

The Routledge Guidebook to James's Principles of Psychology David E Leary, 2018-01-17 The Routledge Guidebook to James's Principles of Psychology is an engaging and accessible introduction to a monumental text that has influenced the development of both psychological science and philosophical pragmatism in important and lasting ways Written for readers approaching William James s classic work for the first time as well as for those without knowledge of its entire scope this guidebook not only places this work within its historical context it provides clear explications of its intertwined aspects and arguments and examines its relevance within today s psychology and philosophy Offering a close reading of this text The Routledge Guidebook to James s Principles of Psychology is divided into three main parts Background Principles Elaborations It also includes two useful appendices that outline the sources of James's various chapters and indicate the parallel coverages of two later texts written by James an abbreviated version of his Principles and a psychological primer for teachers This is essential reading for anyone who wants to understand this influential work Toward a Pragmatist Philosophy of the Humanities Sami Pihlström, 2022-12-01 Humanist scholars often feel the need to defend the humanities The value of humanistic research is sometimes challenged as the cultural reality investigated by disciplines such as history literary studies and theology may seem unclearIn particular the ontology of the humanities might be considered obscure in comparison to the ontology of the natural sciences Toward a Pragmatist Philosophy of the Humanities proposes to develop a comprehensive philosophical account of the humanities focusing on the ontology and epistemology of humanistic inquiry from the standpoint of pragmatism Sami Pihlstr m argues that humanistic cognitive pursuits can be interpreted along the lines of a pragmatist theory of inquiry defending pragmatic realism about the humanities However far from leading to any reductive naturalization of the human world the pragmatist philosophy of the humanities defended by Pihlstr m takes a distinctively Kantian critical turn in emphasizing the need for transcendental argumentation in the philosophy of the humanities insisting on the irreducibly ethical dimensions of humanistic scholarship Richard Rorty Neil Gross, Professor of Sociology Neil Gross, 2010-10 On his death in 2007 Richard Rorty was heralded by the New York Times as one of the world's most influential contemporary thinkers Controversial on the left and the right for his critiques of objectivity and political radicalism Rorty experienced a renown denied to all but a handful of living philosophers In this masterly biography Neil The Bloomsbury Encyclopedia of Philosophers in America John R. Shook, 2016-02-11 For scholars working on almost any aspect of American thought The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work Selecting over 700 figures from the Dictionary of Early American Philosophers and the Dictionary of Modern American Philosophers this condensed edition includes key contributors to philosophical thought From 1600 to the present day entries cover psychology

pedagogy sociology anthropology education theology and political science before these disciplines came to be considered distinct from philosophy Clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading Featuring a new preface by the editor and a comprehensive introduction The Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty first century thinkers including Martha Nussbaum and Patricia Churchland With in depth overviews of Waldo Emerson Margaret Fuller Noah Porter Frederick Rauch Benjamin Franklin Thomas Paine and Thomas Jefferson this is an invaluable one stop research volume to understanding leading figures in American thought and the development of American intellectual history The Routledge Companion to Twentieth Century Philosophy Dermot Moran, 2008-10-27 Featuring twenty two chapters written by leading international scholars this major publication covers all the key figures and movements from Frege to Derrida and philosophy of language to feminist philosophy **Hope** Nicola Hoggard Creegan, Andrew Shepherd, 2018-04-25 We live in an ecological age Science in the last few hundred years has given us a picture of nature as blind to the future and mechanical in its workings even while ecology and physics have made us aware of our interconnectedness and dependency upon the web of life As we witness a possible sixth great mass extinction there is increasing awareness too of the fragility of life on this planet In such a context what is the nature of Christian hope St Paul declares that all of creation will be set free from its bondage to decay and will obtain the freedom of the glory of the children of God How are we to imagine this freedom when death and decay are essential to biological life as we currently experience it and when the scientific predictions for life are bleak at best This book explores these questions reflecting on how our traditions shape our imagination of the future and considering how a theology of hope may sustain Christians engaged in conservation initiatives The essays in this volume are partly in dialogue with the ground breaking work of Celia Deane Drummond and are set in the context of global and local Aotearoa New Zealand ecological challenges

essays for a rainy day Michael Garmon, Dictionary of Modern American Philosophers John R. Shook,2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers anda large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas abibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be anindispensable reference work for scholars working on almost any aspect of modern American thought

The

#### From A Philosophical Point Of View Selected Studies Introduction

In the digital age, access to information has become easier than ever before. The ability to download From A Philosophical Point Of View Selected Studies has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download From A Philosophical Point Of View Selected Studies has opened up a world of possibilities. Downloading From A Philosophical Point Of View Selected Studies provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading From A Philosophical Point Of View Selected Studies has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download From A Philosophical Point Of View Selected Studies. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading From A Philosophical Point Of View Selected Studies. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading From A Philosophical Point Of View Selected Studies, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software

installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download From A Philosophical Point Of View Selected Studies has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

#### FAQs About From A Philosophical Point Of View Selected Studies Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. From A Philosophical Point Of View Selected Studies is one of the best book in our library for free trial. We provide copy of From A Philosophical Point Of View Selected Studies in digital format, so the resources that you find are reliable. There are also many Ebooks of related with From A Philosophical Point Of View Selected Studies online for free? Are you looking for From A Philosophical Point Of View Selected Studies online for free? Are you looking for From A Philosophical Point Of View Selected Studies in something you should think about.
