period Theology And The Victorian Novel significantly alters the way that the Victorian novel should be read *Peripheral Fear* Gerry Turcotte, 2009 This is a pioneering work published here for the first time in its complete form At a time when Gothic studies still concentrated on traditional European and American Gothic the author laid the foundations for the exploration of how Gothic conventions were transported and transformed in places remote from Europe Through a detailed reading of 19th and 20th century examples of Canadian and Australian Gothic fiction this work demonstrates the transformative potential of a once much maligned mode in what were arguably neglected national literatures **The Russo-Japanese War in Cultural Perspective, 1904-05** D. Wells, S. Wilson, 1999-08-24 The Russo Japanese War of 1904-05 has been widely seen as a historical turning point For the first time in modern history an Asian and a European country competed on equal terms overturning the prevailing balance of power Based on a wide range of original source material in Russian Japanese and other languages this book goes beyond the military and international political grand narratives to examine the war's social cultural literary and intellectual impact in their historical context In Japan the war reinforced the country's self image as a coming nation while in Russia combined with the revolution of 1905 and later political and social upheaval it was seen as separating the old regime from the new Throughout the world spirit was seen to be a decisive factor and cultural considerations determined the war's interpretation Featuring contributions by established scholars in the fields of military history and the history and literature of both Russia and Japan this book offers for the first time a comparative perspective on the symbolic meaning of the conflict **The Child in Question** Diana Gittins, 1997-11-28 Drawing on personal historical sociological psychoanalytic literary and artistic sources this compelling book explores the tensions and contradictions implicit in notions of children and childhood It examines how children can at once represent innocence beauty and hope while at the same time are neglected disenfranchised and abused Wide ranging and provocative this exploration of what the child means and has meant to adults will appeal to students and professionals across many disciplines as well as to the interested general reader **Annual Paperbound Book Guide for High Schools**, 1969 **Narrative structure in the novels of Sir Walter Scott** Marian H. Cusac, 2011-10-10 No detailed description available for Narrative structure in the novels of Sir Walter Scott The Publishers' Trade List Annual, 1985 **Jerusalén, la emanación del gigante Albión** William Blake, 1997 The first complete version in Castilian of Jerusalem the Emanation of the Giant Albion one of masterpieces of the English romanticism profusely of notes that help the reader to decipher a cryptic and legendarily difficult text Imagination under Pressure, 1789-1832 John Whale, 2000-07-07 This ambitious study first published in 2000 offers a radical reassessment of one of the most important concepts of the Romantic period the imagination In contrast to traditional accounts John Whale locates the Romantic imagination within the period's lively and often antagonistic polemics on aesthetics and politics In particular he focuses on the different versions of imagination produced within British writing in response to the cultural crises of the French Revolution and the ideology of utilitarianism Through detailed analysis of key
