Pipher, 2022-07-22 Traumatized as a child Marty Wilkens struggles to come to grips with himself and to understand the dark forces driving his life He may have been seen as living a normal childhood But inwardly Marty lived in a world of his own creation It was a dark and dangerous world which influenced everything he thought and did and which ultimately framed his perception of himself small weak not very bright and always a failure Fortified by one misadventure after another that perception was firmly implanted in his mind All that changed however when Marty joined the US Navy where removed from his childhood environment he was able to gauge himself against other boys his own age And he found that he wasn't what he thought he was Instead he was a strong confident popular successful and typical young sailor that is until his childhood trauma came back to haunt him this time with a vengeance that all but destroyed his life Returning home after his service he found that nothing had changed and soon was again the boy he once was but now driven to succeed if for no other reason than to prove to himself that he could do it Faced with a choice of majors he chose electronic engineering because it was thought to be the most difficult course of study Later sensing that something was wrong with him emotionally and deeming it psychological he embarked on a private journey hoping to unearth the root cause of his problems After reading several books on psychology he attempted self analysis The effects were devastating He became paranoid and began having thoughts of suicide Ultimately an unexpected event forced him to confront the truth and his childhood trauma was finally brought into the light of day **From Darkness to Light** Minnie Alford, 2022-11-03 The following story is about the life and times of serial killer Robert Yates How did Robert a decorated army helicopter pilot friend father and husband become such a vicious killer How did one man put an entire state into a nightmare This is his life story told in his own words It is a candid recounting of his life before during and after his murderous rampage It is an insight into his own psyche one plagued with twists and turns that would leave at least sixteen innocent women dead He describes in detail his story of redemption and God's grace This book will allow you to come to your own conclusions pertaining to whether the depths of darkness can truly find the light **A Bridge from Darkness to Light** Bill Wright, 2013-09-01 In 2006 Texas historian and photographer Bill Wright traveled to Afghanistan to teach a course sponsored by the Afghan NGO ASCHIANA which seeks to support working children and their families on digital photography to young Afghans living in Kabul In this illuminating visually captivating book Wright records his personal journey and experiences with a group of students ranging from ages 12 to the early 20s The students photographs capture daily life in the Afghan capital from traditional street markets to a modern shipping center from shepherds to musicians to laborers from infants to the elderly As
